MASTER PLAN FOR VALPARAI

CHAPTER 1

INTRODUCTION

- 1.01 : MASTER PLANS are prepared for Towns & Cities in order to channelise the future growth and expansion in a planned manner. The Master Plan will provide for an orderly and well balanced growth of a town, coordinating the various activities to harmonise with each other.
- 1.02 : Under Town and Country Planning Act 1971, the responsibility of preparing and executing the Master Plan for a Local Planning Area vests with the Local planning Authority. Section 10(4) of the Act provides/the notification of a / for Local Planning Area for which the Master Plan has to be prepared and executed. Section 11(3) provides for the constitution of Local Planning Authority which will be the agency incharge of preparing and execution of the Master plan. The Master Plan so prepared may contain the allotment, designation or reservation of different uses of land and buildings, provision for effective transportation and communication system, provision of infrastructural facilities for the town and regulation of machinery by way of zoning. Valparai is one such Local planning Area notified under the Act. The local planning Area of Valparai has been notified under 10(4) of Town & Country Planning Act 1971, by Government in G.O.Ms.No.674 RD & LA dated 16.3.74.

. . . 2 . . .

1.03.: The Master plan for Valparai Township has been prepared by Directorate of Town and Country planning on behalf of the local planning Authority for adoption. The draft Master Plan was consented by Government vide G.O.Ms.No.1440 H & UD Dept. Dated 10th September 1986 and published in Tamil Nadu Gazette and District Gazette / 8.3.89 and / October ' 89 / on respectively as per section 24 of the Town & Country Planning Act calling for Objections and suggestions, The Master plan is now submitted for accord of approval by the Government Under section 28 of the T & CP Act.

## CHAPTER : 2

### STUDY OF EXISTING CONDITIONS

#### Location

2.01 : Valparai is the taluk head quarters of Valparai Taluk in Coimbatore District , possesses the status of Township and administrated by the Township Committee. On the south of Coimbatore District the western ghats stretches to a distance of 60 miles towards east from the border of Kerala upto Palani hills in Madurai District. Valparai is located in Annamelai hills of this stretch of western ghats. Aliyar and Sholaiyar rivers rise in Anamelai and flows west wards into Kerala. A number of streams and springs rise in Anamelai hills of Valparai Taluk., Valparai Township and its environs attract tourists due to its

. . . 3.

natural scenery endowed with thick forests and slopping hills. The rainfall has great value and economic importance. The steep hills and narrow valleys with perennial rivers running on all directions with a few waterfalls here and there provide a beautiful scenery. The Anamalai wild life sanctuary especially the topslip attract the tourists throughout the year. Five dams have been constructed in Valparai Taluk across the rivers flowing from Anamalais.

2.02 : The Valparai Township is situated at a distance of 68 kms. away from Pollachi in the south in Anamalais. Valparai Township which is served by ghat roads has been linked with ghat roads with the nearby tea estates and rural settlements in Anamalais.

#### Physical Feature

2.03 : The Township is surrounded by ghats with slopping fields in which a number of tea estates have been located. It is also encircled with the reserved forests. Valparai town extends over an area of 217.87 sq.kms. with a population of 1,06,534 per 1991 census. Plantations, tea manufacturing trade and commerce are the important economical activities of the town. Valparai township is bounded by Stanmore river on its west and a stream running along the boundary of township on its east.

Temperature and Rainfall

2.04 : The maximum and minimum temperature of town are 30 °C and 23 °C respectively the average annual rainfall is 1800mm. Factors that affect the climate of the district are the elevations of the hills and geophysical position. The high elevation of this place naturally results in a diminished temperature.

Planning Area

2.05 : Valparai Town extends over an area of 217.87 sq.kms. with a population of 1,06,534 comprising Valparai Township and the rural settlements around it. The planning area for preparing the Master Plan has been confined to Valparai Township limits, considering the trend of development that prevails for the present. Hence the area taken for urban planning covers an extent of 78.94 hectares.

Population

2.06 : The population of Valparai Town as per 1991 census is 1,06,534. The Local Planning area of Valparai Town covers an extent of 217.87 sq.kms. The growth of population in Valparai Town for the past three decades are given in Table 2.1. After the completion of Kadambarai Hydro Electric Scheme, nearly 250 families have moved to plains. It has resulted the decrease in population in 1991.

Density

2.07 : The overall density of Valparai Town is 5 persons per hectare as per 1991 census. The residential uses are being scattered in Valparai Town which includes the rural settlements. But in Valparai Township there exists a cluster of residential developments.

Literacy and Sex Ratio

2.08 : 52.62% of persons have been found as literates as per 1981 census. The literacy among males is 65.10% and among females 41.60%. There are 610 females for 1000 males.

Economic Flow of the Town

2.09 : According to 1971 Census 47.34% of the total population of the town constitute the working force. The primary sector is the major component of the working force and it accounts for 76.46 % of the total working population. The secondary and Tertiary sectors are 12.00% and 11.54% respectively to the total working force. Due to tea plantations in the

wide area of Valparai, the primary occupation is predominant and the employment potential in this sector is large comprising to the other economic activities viz. Trade and Commerce and services, etc. Table 2.2 indicates the occupation pattern for Valparai Town according to 1971 census.

Existing Land use

2.10 : Valparai Township, situated in the Anamalai Hills in Western ghats has a corporate area about 79 hectares. The Township has a developed area of 56.08 hectares. The residential area works out to 38.21% of the total area. The residential development has occured in the linear direction parallel to the major ghat road leading to Pollachi.

The Commercial establishments have been developed opposite to the existing bus stand. The scattered commercial establishments also occured along the major ghat road in central part of the township. In the remaining part of the township, the commercial use is almost absent. There exists almost no industrial activities within the township limits of Valparai.

Major Public & Semi Public uses are mainly concentrated along the roads which pass through the centre of the township from North East to South West. The Public and Semi Public uses include schools, hospitals and other civic uses, etc. This use covers an extent of 11.86 hectares in Valparai Township which accounts for 21.15 % to the total developed area.

2.11 : The total developed area of the town is 56.08 hectares which form 71.04% to the total area of the township. The rest of 28.96% is under dry and wet agricultural use.

The Table No. 2.3 shows the extent of all the major land uses classified as per G.O.Ms.No.1730 Dt.24.7.1974 within the Township.

Services and Community facilities

Water supply & Drainage

2.12 : Valparai Township is served by protected water supply system and the source being stanmore river. Due to undulation of ground, the water supply is not uniform in all the parts of the township and hence improvements can be made to provide adequate supply to all the areas of the township. There are only surface drains in the

Township and there exists natural drains due to the terrain. The sewages have not created much problem.

#### Education

2.13 : There are altogether 10 educational institutions in Valparai township of Valparai Local Planning Area, i.e., Two Higher Secondary Schools and 8 other institutions are functioning in Valparai Township. But the higher education facility is not available at present and hence provision has to be made in the proposals in the Master Plan of Valparai to start such educational Institutions.

#### Health Institutions

2.14 : In Valparai Township, where exist one Government Hospital with a bed strength of 20. In addition to that there are few private clinics in the township. The Medical facility should be improved.

#### Recreation

2.15 : There exists a play ground and two recreation clubs to satisfy the recreational needs. In addition to that, the recreational facilities are more outside the township limits. Since Valparai is a hill resort, tourist spots inside and around the Valparai Township should be developed with adequate infrastructure facilities. There is a proposal in the Government to upgrade the Anamalais wild life sanctuary in Valparai into a national park.

### Transport and Communication

2.16 : Valparai Township is well connected by ghat roads to Pollachi, Sholaiyur dam, Mudis and Chincona estates. Inside the township limits, the developed area are linked with the major ghat road. The proposed road pattern can be suggested within the township as per the development plan. The existing Bus Stand in Valparai Township is inadequate, since the space available is not enough to satisfy the full needs of the terminal facility. There is a proposal to shift the place to the area opposite to Panchayat Union middle school buildings near the English Club. The Cheran Transport Corporation has constructed a bus depot on the southern side of Anamalais club.

### CHAPTER - 3

#### Assessment of Population and Land needs

3.01 : The proposals to be formulated in the Master plan have to be broad based and the proposals are based on the following aspects:

- i) The ultimate population for which Master Plan should be designed for the year 2001 AD
- ii) Determination of space standards for all uses.
- iii) Designing and programming the plan.

Population Estimation

3.02 : The future trend of population growth is estimated in order to assess the future space needs. It has been assessed that a population of 1,50,000 should be housed in Valparai Township limits in 2001 AD

Estimation of working force

3.03 : As per 1981 census the total workers in all the three major sectors were 55,511. The participation rate in the town as per 1981 census was 47.75%.

CHAPTER - 4

Spatial Requirement

4.01 : In Valparai Township the residential area would be 58.68 % of the developed area of the township. As per the survey the total developed area in Valparai Township is 68.5 hectares., which accounts for 86.78% of the total extent. The spatial requirements for various uses have been worked out on the standards adopted for similar towns in hill stations in the Region. For the anticipated population of 1.5 lakhs in 2001, provision has been made in the proposed land uses in the Master plan to include the additional areas for urban development.

Proposed Land Use

4.02 : The spatial requirements for residential use for the population of 2001 AD has been assessed as 40.20 hectares. The residential area has been divided into (i) Primary Residential Use Zone and (ii) Mixed Residential Use Zone.

Commercial Use

4.03 : The Commercial use includes all commercial and business uses, financial institutions, etc. The existing commercial use covers an extent of 3 hectares. Certain areas in the following places viz., C1 and C2 have been proposed for this use. The total area required under this use for the year 2001 AD is 4.28 hectares.

Agro Industrial Use

4.04 : The Plantation of Tea, Coffee, Rubber, etc., were treated as Industries as per the Government of India notification and also in various Acts such as Tea Act, Rubber Act, etc. Hence they were classified as Agro Industrial Use Zone and indicated as AG1 to AG 17.

Educational Use

4.05 : This includes all primary and higher educational institutions. There is need to start Higher Educational Institutions for imparting technical education. The required area under this use is

11.06 hectares for the year 2001 AD.

Public and Semi Public

4.06 : This includes all Government and Quasi Government Offices, hospitals and other public Health Institutions parking lots, bus stand and taxi stands, etc. The allocation of land for public and semi public uses for Valparai Township in the year 2001 AD is 12.96 hectares. This is about 18.92% of the developed area.

Proposed Land use

4.07 : The proposed Land uses for Valparai Township in the above mentioned broad classification for the year 2001 is given in the Table 4.1 A.
