NEW TOWN DEVELOPMENT PLAN - THE LEGAL FRAME WORK

1.01 Every New Town Development Authority constituted under the Tamil Nadu Town and Country Planning Act 1971 as soon as declaration of New Town Development Area under the act, shall prepare New Town Development Plan for the New Town Development Area or part of it under the powers vested in section 10(1)(c) of the Tamilnadu Town and Country Planning Act, 1971. The Government may notify any site as site for New Town Development Area and under section 10(4), the Government may confirm this notification. Section 11(4) of the act provides for the constitution of a 'New Town Development Authority' for this area. Section 18 provides that the New Town Development Authority, as constituted, shall prepare and submit a plan called 'New Town Development Plan' for the New Town Development Area. The New Town Development Plan may propose or provide for all or any of the following matters, namely:-

- a) The manner in which the land in the development area shall be used.
- b) The allotment or reservation of lands for residential, commercial, industrial and agricultural purposes and for parks, play field and open spaces.

- c) The allotment or reservation of land for public buildings, institutions and for civic amenities.
- d) The making of provision for N.H., arterial roads, ring roads, major streets, lines of communication, including railways, airways, ports and canals.
- e) The Traffic and Transportation pattern and traffic circulation pattern.
- f) The improvements of major roads and streets.
- g) The area reserved for future development, expansion and for new housing.
- h) The provision for the improvement of areas of bad layout or obsolete development and slum areas and for relocation of population.
- i) The amenities, services and utilities.
- j) The control of architectural features, elevation and frontage of building and structures.
- k) The provision for regulating the zones, the location, height, numbers of storeys and size of buildings and other structures, the size of yards and other open spaces and the use of buildings structures and land.
- l) The Stages by which the New Town Development Plan shall be carried out and
- m) Such other matters as may be prescribed.

KAGHITHAPURAM NEW TOWN DEVELOPMENT AREA

1.02 In exercising of the powers conferred under section 10 (1)(c) of the Tamilnadu Town and country Planning Act, 1971, the Government had published the intention of declaring the site as Kaghithapuram New Town Development Area in G.O.Ms.no.455, Housing and Urban Development Department, dated 6.4.88 (Annexure A) and the notification was published in Tamilnadu Gazette in pages 344 - 345 of part II section (2) dated 11.4.88 and the same was republished in Tiruchirappalli district gazette, dated 13.4.89.

1.03 After considering the objection and suggestion the above notification ^{had} and ^{had} been confirmed under section 10(4) of the act in G.O.Ms.no.660, Housing and Urban Development Department (UD-IV) dated 24.9.1992 (Annexure B) and the notification was published in Tamilnadu Gazette in page 607 of part II section 2, dated 28.10.92 and republished in Tiruchirappalli District Gazette in page 19 dated.13.2.1993.

1.04 As per the notification issued by the Government in G.O.Ms.no.660, Housing and Urban Development Department (UD-IV) dated 24.9.1992 the Kaghithapuram New Town Development Area comprises the following areas.

S.No.	Village No.	Name of Villages.
1.	10	✓Vettamangalam
2.	12	✓Thirukattuthurai
3.	13	Punjai Pugalur ✓
4.	14	Nanjai Pugalur
5.	15	Nanjai Thottakkurichi
6.	16	Punjai Thottakurichi ✓
7.	35	✓Punnam

1.05 In exercising the provisions made in section 11(1) and 11(4) of the Tamil Nadu Town and Country Planning Act, 1971, the Government have constituted New Town Development Authority in G.O.Ms.No.240, Housing and Urban Development (UD-IV) Department, dated:4.3.1994(Annexure-C) and appointed the Collector, Tiruchirappalli District as Chairman and Assistant Director of Town and Country Planning, Tiruchirappalli as Member-Secretary of the Kaghithawaram New Town Development Authority, the Government also appointed the following as other members of the New Town Development Authority.

1. Deputy Director of Town and Country Planning, Tiruchy - Thanjavur Region.
2. Member of Legislative Assembly, Karur Legislative Assembly Constituency, Karur.
3. Member of Parliament, Karur Parliamentary Constituency, Karur.
4. Divisional Development Officer, Karur.
5. District Town Panchayat Officer and Personal Assistant to Collector(Town Panchayat), Tiruchirappalli.

The amendment was issued in G.O.Ms.No.539, Housing and Urban Development Department, dated:27.12.1966 that the Collector of Karur Dheeran Chinnamalai Gounder District as a Chairman and Assistant Director of Town Panchayat as Member instead of Collector, Tiruchirappalli District as Chairman and District Town Panchayat Officer as Member.

CHAPTER - II

Introduction

2.01 Kaghithapuram New Town Development Area is located on the western part of the Tiruchirappalli District and region too. River Cauvery forms the northern boundary of the new town area. Even though the river Cauvery flows through this town, one eighth of ^{the} area are classified as wet land irrigated by Cauvery and the remaining lands dry lands only.

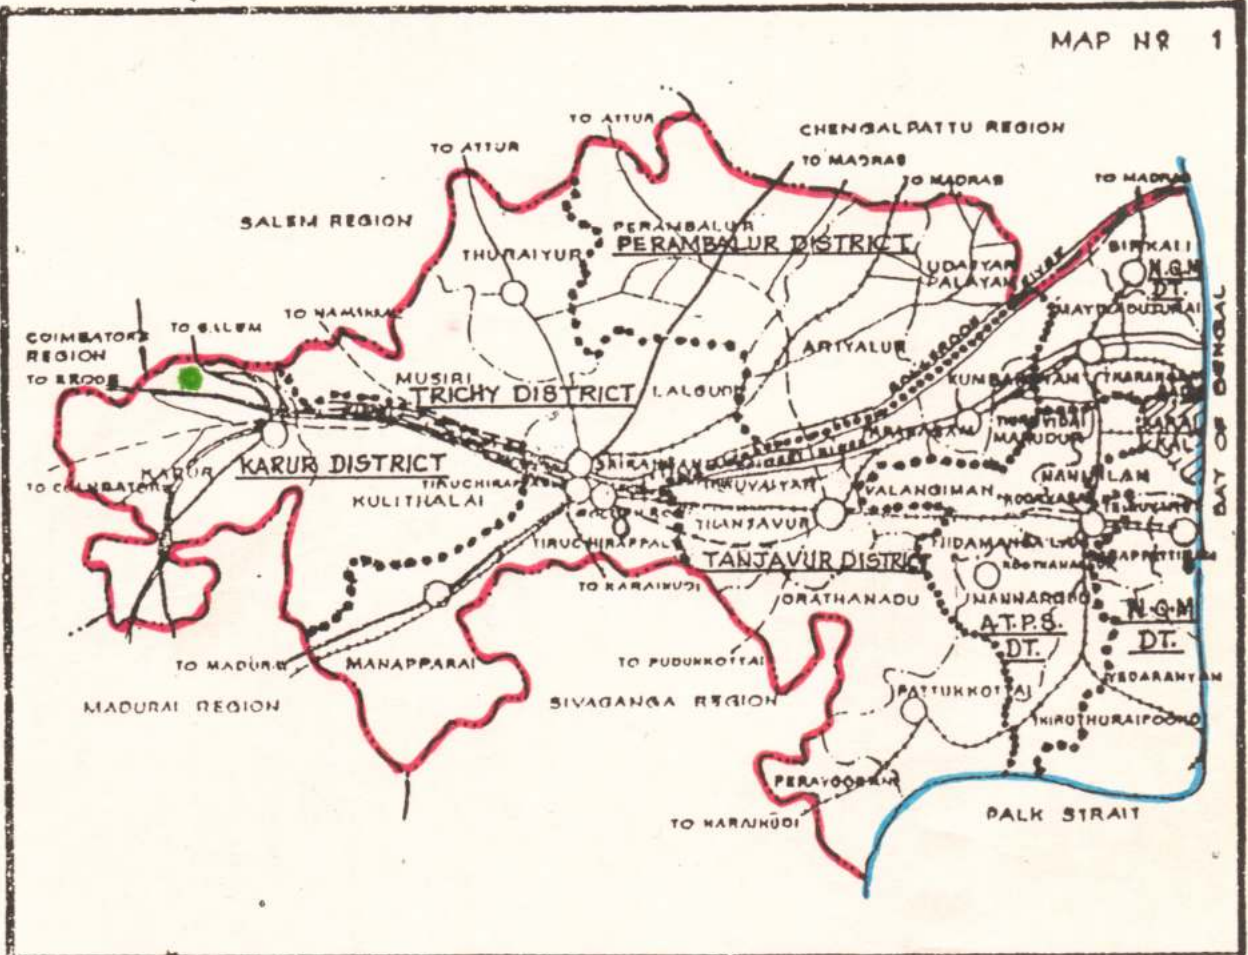

2.02 The new town area comprises three town panchayats namely Pugalur, Kaghithapuram and Punjai Thotta Kurichi and four other villages having a population of 39,734 as per 1991 census. The area gets importance due to its location on the National Highway No.7 and Karur-Coimbatore state Highway.

2.03 Pugalur is considered as an important place on history of the Chera King of the Sangam age. There is a small hillock namely Arunattar malai near the village Pugalur. It is also called as Pugazhimalai. On the top of the hill an ancient temple of Lord Balasubramania Swamy is situated.

2.04 During the 2nd century B.C. the Chera kings carved caves called "Soodamani caves" on the west South and Northern sides of the hill and made rock cut beds for the benefits of stay for Jain munis. The details of the inscriptions found in the caves stands as proofs of its earlier historical importance.

2.05 A Sugar mill was started in Pugalur about 60 years back. After many institutions had run this factory now E.I.D. parry Ltd., has taken over and run this factory. It produces about 3 tons of sugar every day and gives employment for 250 persons directly and for 1500 persons indirectly.

2.06 Pugalur gains its importance due to the location of Tamilnadu Kaghithapuram paper mills Ltd., here. The factory was started during the year 1985 at a cost of 250 crores and it produces 3000 tons of newsprint paper per day from the crushed cane waste. The mill will go in record as the biggest newsprint producing factory in India on completion of its expansion programme at a cost of Rs525 crores. The factory is expected to produce 6000 tons of newsprint daily.

CHAPTER-III

Physical features:

3.01 Kaghithapuram New Town Development Area is located on the Western boundary of Tiruchirappalli District and is located at $11^{\circ}0'$ north latitude and $78^{\circ}0'$ East latitude and the river Cauvery flows on the northern boundary of the new town Development area. The location of the new town area is shown in the map no. 3.1 and 3.2. The National Highway no. 7 from Cape Commerin to Kashmir passes through this new Town area.

3.02 Kaghithapuram New Town Development Area is well connected by road and railways to nearby towns. The important towns nearby are Karur, Nammakal, Erode, Vellur, Tiruchirappalli, Salem. By road gauge railway line passes through this new Town.

3.03 Physically the soil along Cauvery to a minimum depth forms plain fertile alluvial soil but a vast lands of the new town area are high land with less fertility red soil and without irrigation facilities even though these land lie nearer to the river Cauvery.

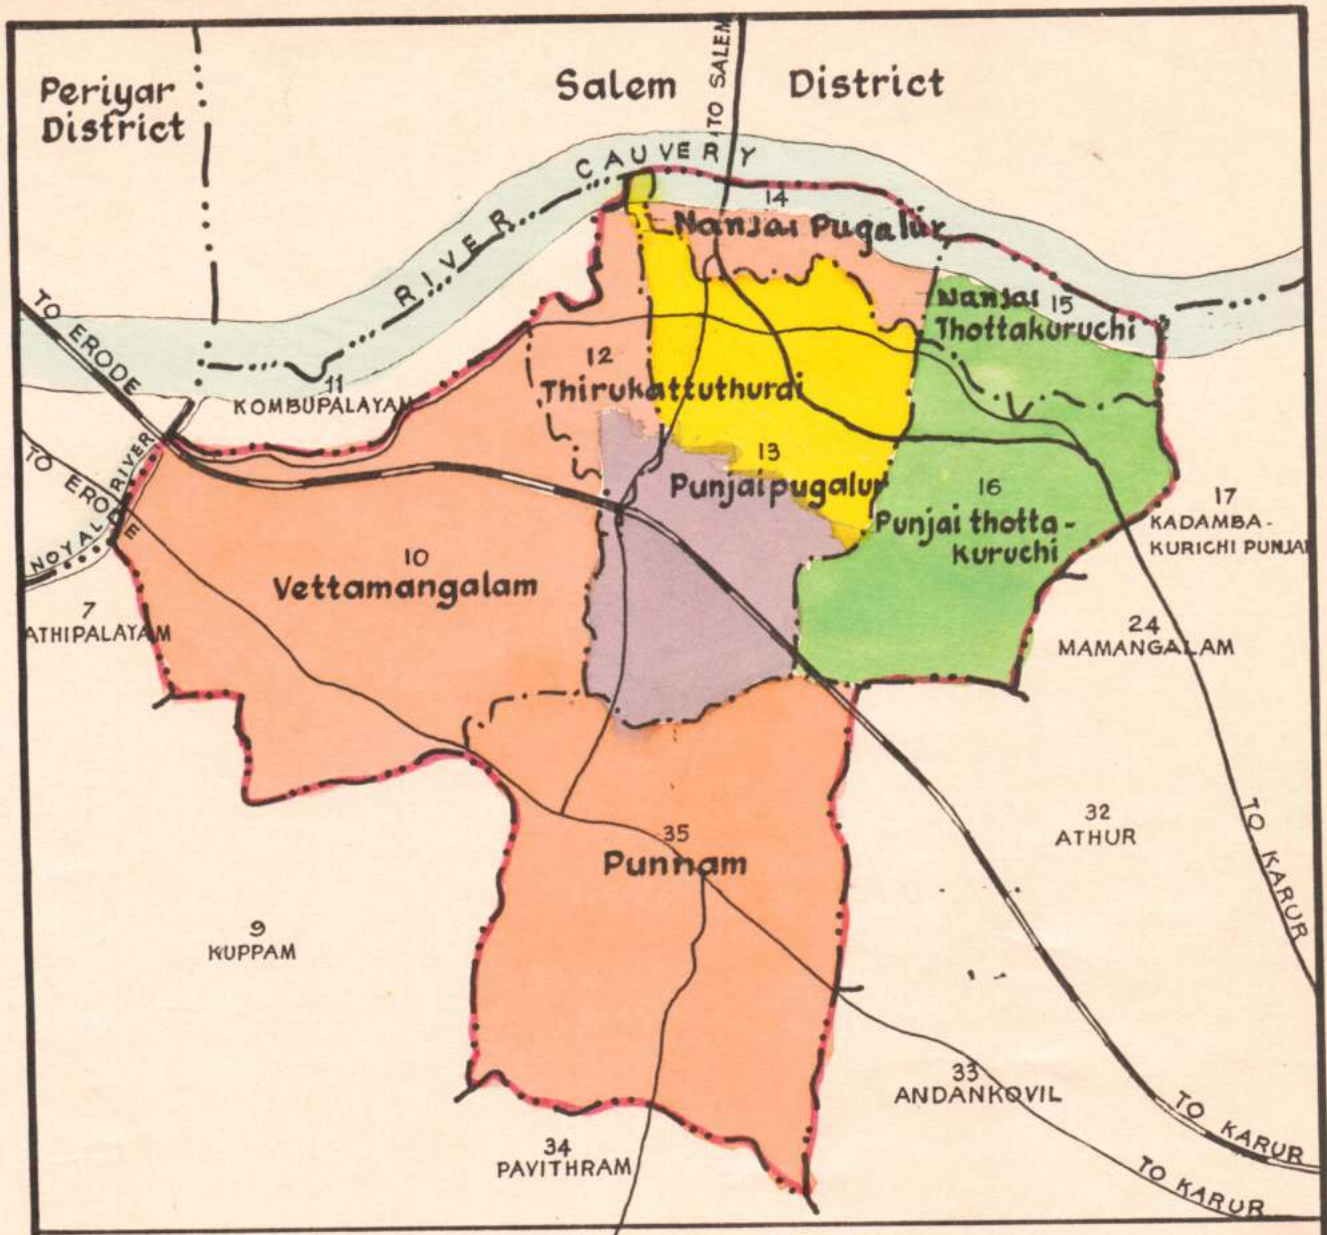

Climate:

3.04 Kaghithapuram New Town Area have a high temperature and a low degree of humidity for maximum months of the year. Even though not

subjected to extreme of climate, the summer months are quite hot. The difference between maximum and minimum temperature is only moderate and from day to night is little and does not give any relief from the sweltering heat.

Rainfall:

3.05 The average rainfall for the new town area is about 700 m.m. and the precipitation is 259 mm and 399 mm during south west monsoon and north east monsoon respectively.

CHAPTER-IV.

Population and Land Use.

4.01 Kaghithapuram New Town Development Area comprises of three Town Panchayats namely Punjai Pugalur, Punjai Thottakkurichy and Kaghithapuram and four more Village Panchayats. The total population of the New Town area is only 39,734 as per 1991 census. The administrative set of the New Town area is given in the Map No.4.1.

4.02 The abstract of local bodies and their population figures are given in Table No.4.1.

Table No.4.1 The New Town Area and Population.

Sl.No.	Name of Local Bodies.	Extent in Hectares.	Population as per 1991.
<u>TOWN PANCHAYATS.</u>			
1.	Punjai Pugalur. X	2100.19.0*	16,191
2.	Kaghithapuram. X		
3.	Thottakkurichi.	2124.50.0*	9,003
<u>VILLAGES.</u>			
4.	Vettamangalam. -K.P.T	2975.39.0*	4,966
5.	Thirukkattuthurai.	486.56.0*	2,958
6.	Pugalur Nanjai. -K.P.T	510.46.5*	2,347
7.	Punnam.	2943.67.5*	4,269
	Total:	11140.77.0	39,734

4.03 Population variation for the last three decades is studied for the three town panchayats areas of which as per available data Punjai Pugalur and Kaghithapuram Town Panchayats are studied together. The variation of population is given under the table 4.2 .

Table No 4.2 Population variation of the town panchayat

Year	Punjai Pugalur and Kaghithapuram		Punjai thottakkurichi	
	Population	Variation	Population	Variation
1961	9,983	--	7,907	--
1971	12,823	+ 28.45	8,887	+ 12.39
1981	13,651	+ 6.41	9,464	+ 6.49
1991	16,191	+ 18.61	9,003	- 4.87

4.04 The population increase for the decade 1961-71 is fairly high in both Town Panchayat areas. However the decade increase in population has been reduce to 6.4% during the period 1971-81. During 1981-1991 the population increase is 18.61% for Pugalur Town but there is a decrease in population in PunjaiThottakkurichi it may be due to industrial development at Pugalur there would have been emigration from Thottakkutichi to Pugalur.

4.05 In absence of data on population for earlier decade for panchayat area, the population variation could not be assessed for those areas.

Sex:

4.06 The sex ratio of the population of Town Panchayat areas and for rural areas within the Ka ghithapuram New Town Area are separately given in tables Nos. 4.3 and 4.4 respectively. The number of females per 1000 males has been steadily decreasing from 1961 to 1991 for Town Panchayat and rural areas but in case of rural area there is a sudden increase in female population during the decade 1981 to 1991, This is because male population would have left outside for job opportunities.

Table No 4.3 Male-Female Ratio - Town Panchayat areas

Year	Male	Female	No.of females/1000 males
1961	8,853	9,037	1,020
1971	10,824	10,886	1,005
1981	11,612	11,503	991
1991	12,768	12,426	973

Table No 4.4 Male Female Ratio - Rural Area

Year	Male	Female	No.of Females/1000 males
1961	6,473	6,674	1,031
1971	7,109	7,296	1,026
1981	6,955	6,947	993
1991	7,190	7,350	1,022

Literates:

4.07 As per 1991 census among the total population only 49.76% are literates which is far below to the expectation and 56.32% and 38.40% to the population are literates for town panchayat area and rural areas respectively. The table 4.5 below shows the details of literate population for the Town Panchayat areas and rural areas.

Table No 4.5 Literate Population

Area	Male literates	Female literates	Total		
			Literates	Popula tion	Percen tage
Town Panchayat	8,691	5,498	14,189	25,194	56.32
Rural	3,581	2,002	5,583	14,540	38.40
Total	12,272	7,500	19,772	39,734	49.76

Workers participation

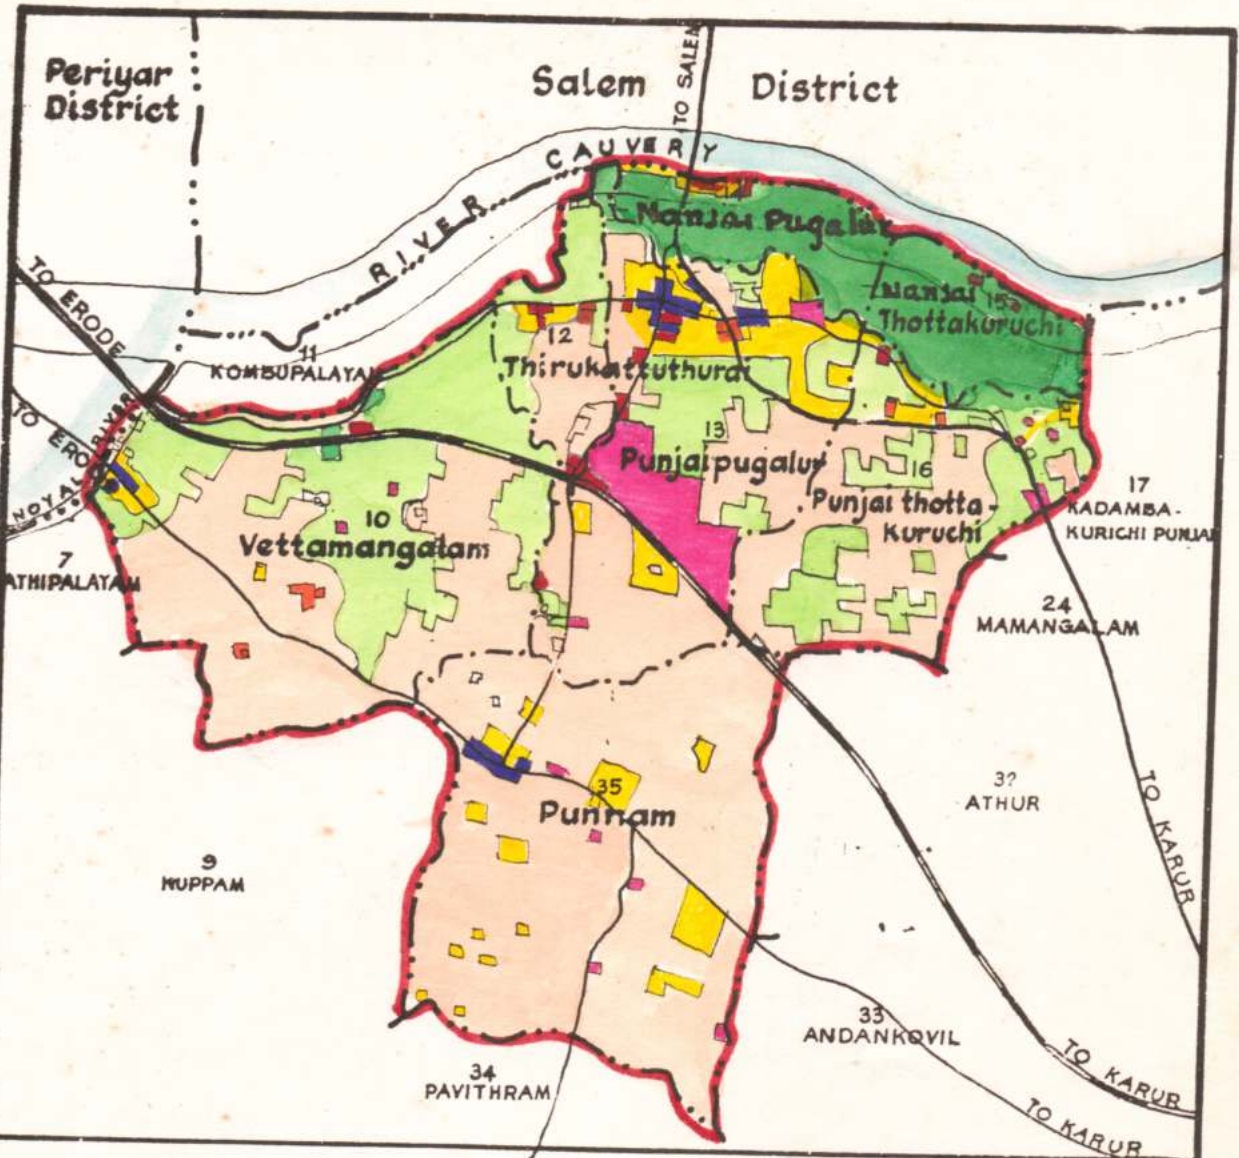

4.08 The table No 4.6 given below indicate the workers population of the New Town area. 75% of the total workers are primary sector workers which shows that still the area maintain the rural character even though the paper mill is located here.

Table No 4.6 Workers participation 1991

Area	Primary	Secondary	Tertiary	Total
<u>Town Panchayats</u>				
1. PunjaiPugalur & Kaghithapuram	6,040	2,330	385	8,755
2. Thottakkurichi	3,881	361	504	4,746
<u>Rral</u>				
3. Vettamangalam	3,127	119	61	3,307
4. Thirukkattu-thurai	1,056	159	56	3,271
5. Pugalur Nanjai	889	384	75	1,348
6. Punnam	1,463	822	364	2,649
Total	16,456	4,175	1,445	22,076
Percentage to Total population	41.41	10.50	3.64	55.55
Percentage to workers	74.54	18.91	6.55	100.00

Land use

4.09 The pattern of residential development in Kaghithapuram New Town Area more or less follows those of other rural areas of TamilNadu. Pugalur Town Panchayat area and Punjai Thottakkurichy Town Panchayat area are the town important residential developments could be identified. In addition TamilNadu Kaghithapuram Paper Mill Ltd., has

Dry	6767.59.6	60.75
Irrigated Dry	2207.16.9	19.32
Total:	11140.77.5	100.00

Commercial:

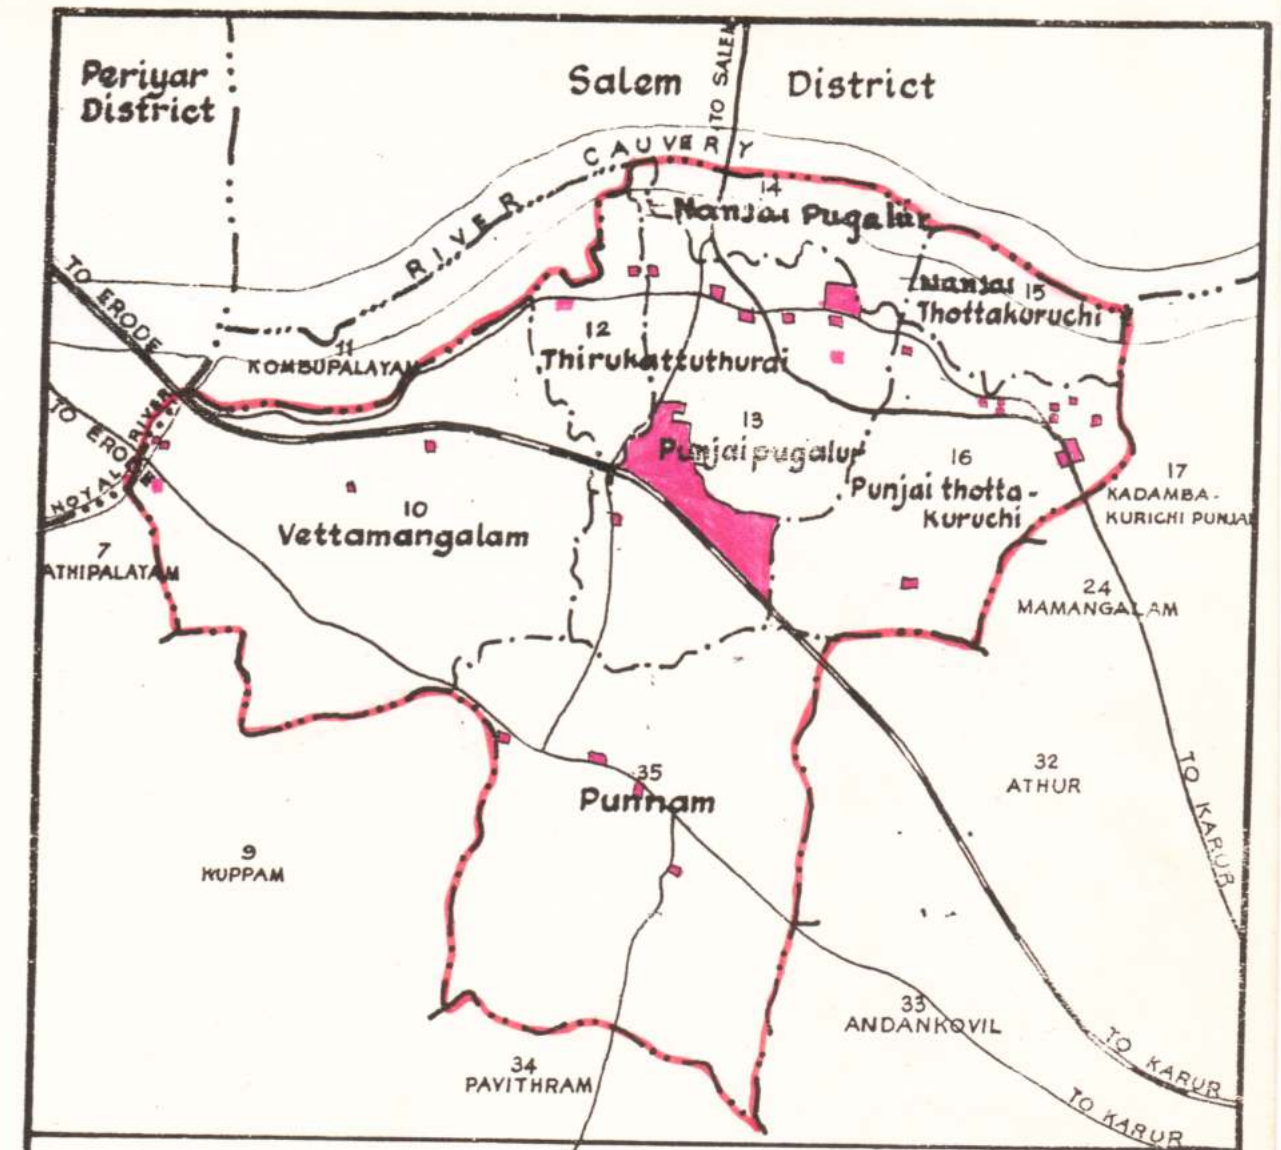

4.11 The Major commercial activities are concentrated at four road junction of Velayuthampalayam at Pugalur Town Panchayat Area. Peoples of nearby areas comes to this place for their shopping. In addition along the national highway road in PunjaiThottakkurichi shops are developed.

4.12 Two weekly shandies are functioning in this Town area and vegetables and pulses are the main commodity sold here. The weekly shandy at Punjai Pugalur is conducted on every Thursday and at Punnam village on every Wednesday.

Industries:

4.13 Two major industries are functioning within the New Town Area. E.I.D Parry Sugar Mill which is established about 60 years back was the only industry located in this area, during earlier period. About 3000 tonns of sugar cane is crushed every day producing 3 tonns of sugar daily. About 250 persons are employed permanently here. In addition above 1500 labourers are indirectly employed as other workers

4.14 TamilNadu Kaghithapuram paper mills Ltd is the biggest Paper manufacturing Industry in TamilNadu. The Industry is started its production from 1985 onwards. Newsprint papers are manufactured from the crushed sugar cane waste. Nearly 780 acres of land is used for the Industry.

INDUSTRIES

DIRECTORATE OF TOWN & COUNTRY
PLANNING, GOVT OF TAMILNADU.

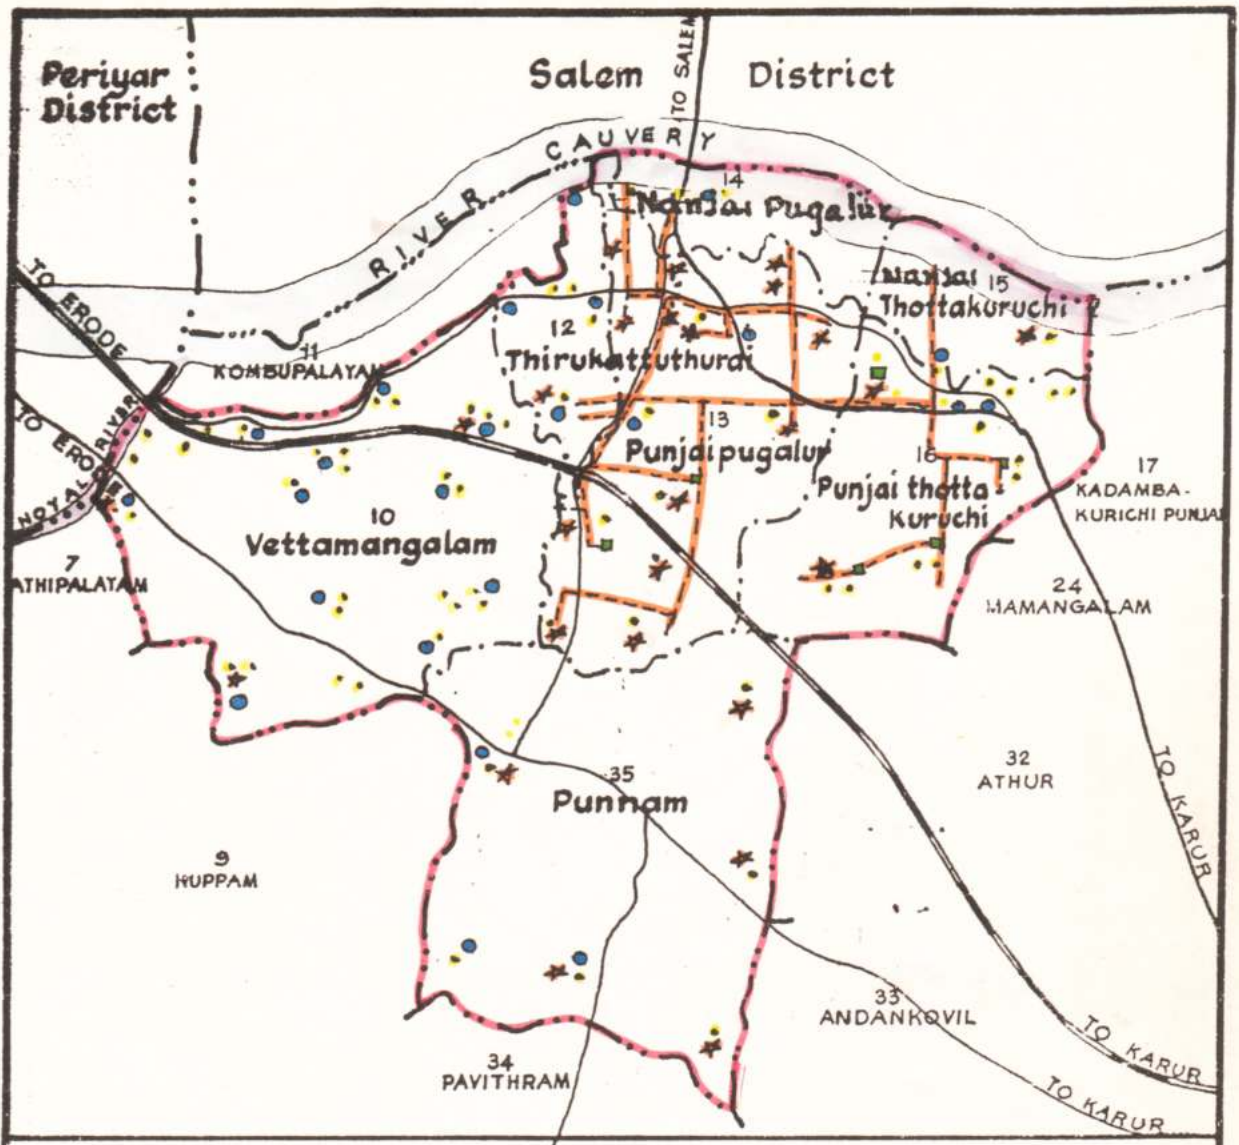

4.15. The industry is started with the capital outlay of Rs.250 Crores and produce 90,000 tonnes of newsprint paper per year and sometimes even more. An expansion programme at a cost of Rs.525 Crores is on the way and on completion, the industry is expanded to manufacture about 600 tonnes of newsprint paper per day. Nearly 1500 employees are working in this industry and about 6000 other workers gets their jobs indirectly. When the expansion programme is completed Kaghithapuram paper mill in India.

4.16 Other than the two industries no other Major industry is functioning within the New Town area. Some small service industries are located here and there. The location of industries are shown in Map No 4.3

Transport and Communication

4.17 The National Highway (No 7) which connects Cape Commerin and Kashmir passes through this New Town area. Recently a Bye-pass road to the National Highway had been constructed as the road is narrow down at Punjai Thottakkurichi Town.

4.18 Karur-Erode-Coimbatore State Highway is also passes through the New Town area. Further these roads and other settlements of the Town are well connected by well formed road. The connecting

road of Pugalur to the Karur - Coimbatore road is now well developed due to the location of Kaghithapuram Paper Mill on this road. The important roads of the New Town area is shown in Map No 4.4.

4.19 The New Town area is well served by buses since all buses from Karur to Erode, Coimbatore and Salem, Bangalore passes through this town. This town is also well served by Town Buses from Karur.

Railways

4.20 Karur-Erode-Salem-Madras Broad Gauge railway line passes through the New Town Area. Punnam and Pugalur railway stations serves for the area population.

Airways:

4.21 Tiruchirappalli International Airport which is located about 100 Km from this town is the nearest Airport.

Water Supply:

4.22 Pugalur, Kaghithapuram and PunjaiThoetakkurichi Town Panchayat areas are provided with protected water supply. In addition Kaghithapuram Paper Mill have a separate protected water supply for their industry as well as for their own township. In total for this entire area water is supplied through

25 overhead tanks, 6 ground level reservoirs, 25 open wells and 34 hand pumps. About 3000 house connections are effected in Town Panchayat areas. The system of water supply provision is shown in Map No 4.5

Drainage:

4.23 No underground drainage is functioning in any of the area.

Electricity

4.24 All settlements within the New Town Development area are provided with electricity.

Education:

4.25 There are 41 number of Educational Institutions are located in the New Town Area wherein 11,565 pupils are enrolled and about 273 teachers are employed. Only upto higher secondary level institution is available. For Higher education pupils go to Karur, Velur or Namakkal. One I.T.I is run at Punnam. The details of category of schools with students and teachers strength are given in table No 4.8 below and the map No 4.6 shows the location of different Educational Institutions.

Table No 4.8 Educational Institutions

Category of schools	No. of schools	Pupils	Teachers
Nursery	1	60	2
Primary	33	3475	104
Secondary	2	330	15
High School	3	2300	70
Higher Secondary	2	2400	82
Total	41	11565	273

Health:

4.26 Within the New Town Area 3 Primary Health Centres, one sub Health Centres and 2 E.S.I Dispensary are functioning. 4 Nos of Veterinary Sub Centres are also functioning here. The location of the Health Centres are shown in Map No 4.7

CHAPTER- V

Analysis and Assessment:

5.01 The earlier chapters have shown the growth potentials in existence and land utilisation details with functions of the New Town Development area. Growth of population for Towns and villages are also studied there. In this chapter, an attempt has been made to analyse the potentials, need and limitations within which they are governed.

5.02 As the period of preparation of new town development plan is on the mid year of the decade 1991-2001, and as the basic data is taken as 1991, the planning period for the perspective plan is taken as 30 years from 1991. As such the Planning year suggested for this New Town development Plan is the period which ends with the year 2021.

5.03 The population variation for decades and its percentage for town panchayats and villages are given in table no. 4.24.2 in earlier chapter. The population predication for successive three decades are worked out by statistical methods and the expected population for the years 2001, 2011 and 2021 are tabulated below.

Table .5.1-Projected population:

<u>Method</u>	<u>1991</u>	<u>2001</u>	<u>2011</u>	<u>2021</u>
Geometric curve	..	42633	45532	48431
Arithmatical Increase method	39734	43603	47410	51549
Incremental increase method	..	47433	59932	66231

5.04 Among the population figures obtained by statistical projections, the higher value is obtained in incremental increase method. According to the projection the expected population for the new town area is 47.43 thousand in 2001, 59.93 in 2011 and 66.23 thousands in 2021.

5.05 Therefore Kaghithapuram new town development area's design population is taken as 67 thousand in the year 2021.

5.06 A study on earlier trend of male -female ratio reveals that higher inflow of male population than female had taken place within the new town area. But the trend may change when housing needs are satisfied and improvement takes place on employment opportunities especially for the female working population. Then the male female population may become equal.

5.07 Assuming that there may not be any appreciable change in the percentage of population in age group for another three decades, the estimated population are grouped according to their ages and the same is tabulated in table 5.2.

Table No.5.2.-Population by age 2021.

Age Group	Percentage	Population
0 -14	36.7	25,690
15-29	24.2	16,940
30-59	33.1	23,170
60 and above	6.0	4,200
Total	100.00	70,000

5.08 From the table 5.2 number of persons in age group of 15 to 59 which may constitute as working force of the town is 40,110. However considering factors such as female population in the age group and their expected employment ratio, the population who may go for higher education and after deducting the employed persons, it is estimated that creation of employment opportunities for about 10,000 persons is essential before end of planning period.

Land use requirement:

5.09 Many recent studies conducted by eminent planners for towns of different size and characteristics revealed that a standard can be ^{ensured} ~~avoid~~ for future land requirement comparing the present towns of similar size and characteristics. Based on this Directorate of Town and Country Planning has suggested future land requirements for different size of towns. The standard suggested for this size of town and land requirements for various uses are given in table no.5.3

Table No.5.3 -Land requirement for 2021

Use	Hectare per 1000 population	Future land required in hectares for 70,000 population
Residential	8.00	560
Commercial	0.40	28
Industrial	2.00	140
Public & Semi public	2.00	140
Transportation	1.60	112
Playground	2.00	140
Others	2.00	140
Total		1260

Residential:

5.10 The present residential area is 647.65 hectares within new town area with a population of 39,734. This is because the housing are developed in scattered manner. Though a larger land is used for residential purpose additional area can also be allowed for further development.

Commercial:

5.11 At present only about 5.50 hectares of land are utilised as commercial use. Considering the future development which are expected to be developed here provision may be made for expansion of commercial activities.

Industrial:

5.12 Except the two major industries namely E.I.D. parry sugar mills and Tamilnadu Kaghithapuram paper mills LTD., no other industry is started within new town development area. Expecting some potentials for starting of industries based on the paper mill there is a necessity for suggesting a new industrial zone within the new town area.

Traffic and Transportation:

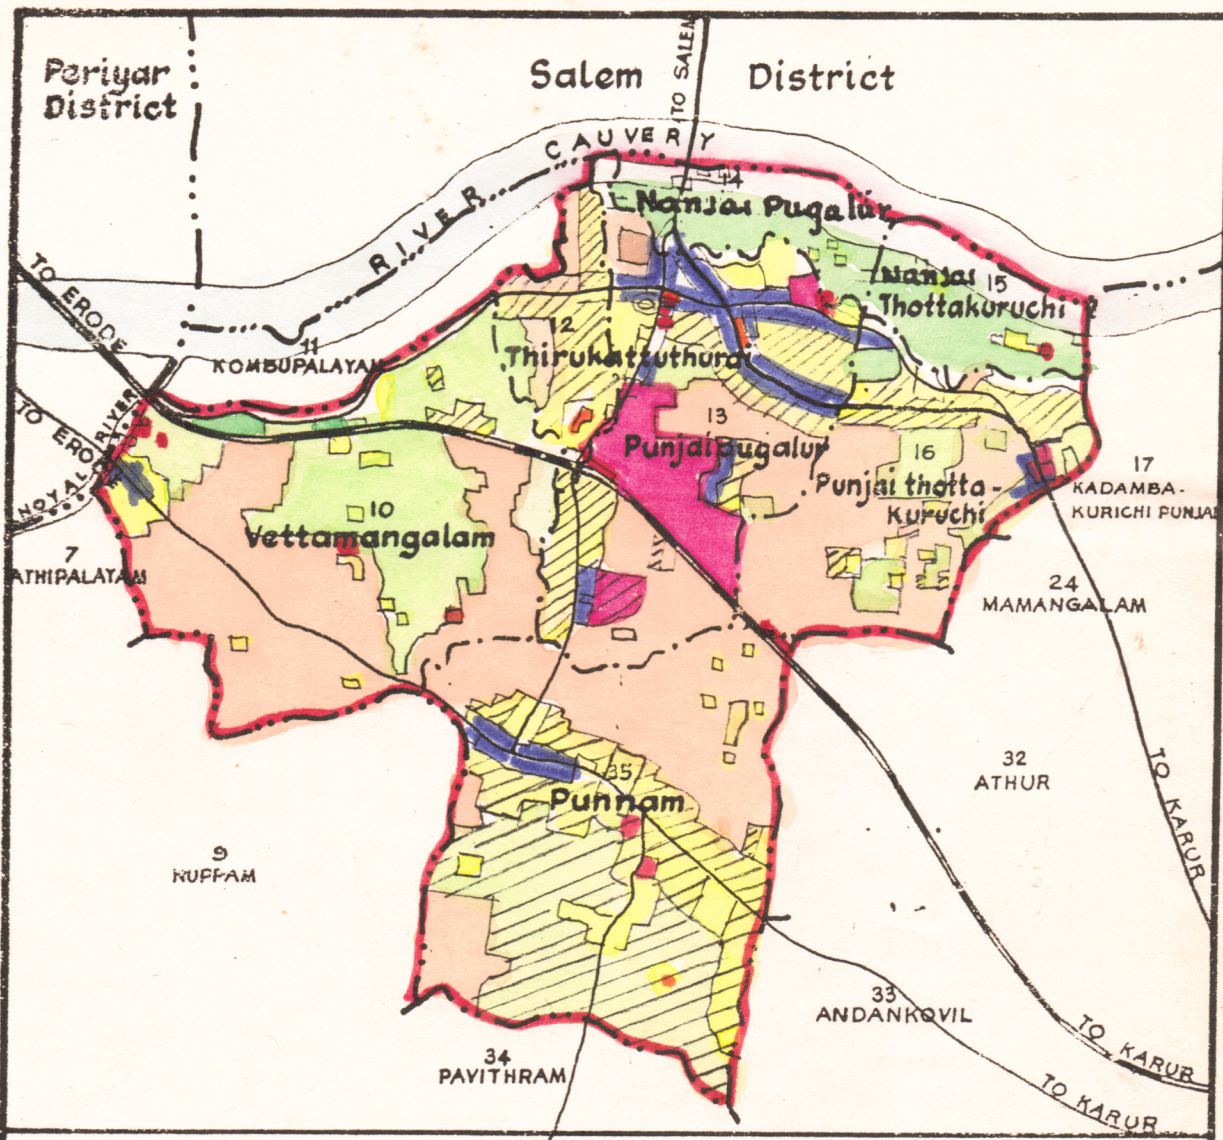

5.13 Considering the road network the entire area and its functions are well connected by road network. There is no need for additional road facilities for the town. However expecting heavy lorry movements to the paper mill through Moolimangalam-Punnam road, there is a need for widening and improvement on this road.

CHAPTER -VI

NEW TOWN DEVELOPMENT PLAN PROPOSALS

6.01 Kaghithapuram New Town Development Area is being grown without effective planning control so far. Since location of Kaghithapuram paper mill a major industry in this area expecting a large development and to have effective control over developed and developing areas within the New Town Development Area, the New Town Development Authority prepared a New Town Development Plan for the area. Aim and objective of the plan are as follows:

- i) To designate appropriate and viable functional units distinguished but complimentary to one another.
- ii) To utilise every bit of land for the optimum benefit of the people.
- iii) To provide necessary facilities and urban infra-structure to cater to the needs of all the persons keeping an eye on economy.
- iv) To provide adequate amenities and open spaces within the limits of economy.
- v) To create a healthy, comfortable and safe environment to live.
- vi) To improve the existing circulation pattern and transportation system and to provide safe and efficient transportation network.
- vii) To conserve the agricultural lands to the possible extent.

DIRECTORATE OF TOWN & COUNTRY PLANNING, GOVT OF TAMILNADU.

- .viii) To create a climate for more industrialisation and to improve the town condition to one and all.
- ix) To stimulate the commercial and other tertiary activities to create more employment opportunities and to improve the earning capacity of one and all.
- x) To make the town functionally efficient and economically viable.

6.02 Kaghithapuram New Town Development Area is located at the western boundary of the Tiruchirappalli District comprising three town panchayat areas and 4 ~~m~~ more revenue villages. Due to the creation of Kaghithapuram paper mills Ltd., a major paper producing industry and their expansion programme for the years to come, it is expected to have an increase in population which will be migrating to this new town development area. Some ancillary industrial units are also expected to be developed in this new town area.

6.03 In view of avoiding any haphazard growth, allocation of land for different uses like residential, commercial, industrial, educational and public and semi public uses and their location are duly considered and new town development plan proposals drawn to have a compromise land use without conflict.

6.04 The proposed land uses are shown in the map no. 6.1 enclosed. The land for different uses and the land provided for them are given in table No.6.1

Table No 76.1 - Proposed land uses (new town area) 2021

Sl.No. Land use:	Extent in Hectares.	% to the Total.
1. Primary Residential.	499.82.50	3.59
2. Mixed Residential.	1989.59.65	17.77
3. Commercial.	392.85.00	3.53
4. Industrial.	366.18.25	3.29
5. Educational.	20.30.50	0.18
6. Public and Semi public.	97.24.00	0.87
7. Agricultural - Wet.	1117.50.50	10.03
Dry.	2982.19.85	26.77
Irrigated Dry.	3783.07.25	33.96
Total:	11149.77.5	100.00

Residential:

6.05 Considering the present trend of development and land use character, lands are demarcated for purpose of residential use. Vacant land within the developed areas and lands abutting main roads are considered for residential use zone.

6.06 Expecting migration of population to the future period due to the employment created by the Kaghithapuram paper mill and to the service population and as there is a shortage of housing within the New Town area, a larger areas are suggested for residential use.

In addition to the developed areas some new residential nodes are suggested in the plan. But the wet lands are maximum/ retained for

agricultural use only since a large amount of dry land is available within the new town area.

6.07 Velayuthampalayam area is the oldest settlement of the area provided with all other facilities is considered to be the main residential block of the new town area. Expecting a large settlement in this portions of the town a larger areas are suggested for residential development. This area is well connected by roads also.

6.08 Kaghithapuram paper mills had developed a residential colony nearer to the industrial complex for their staff. As there is a larger scope of development of this industry and increase in employment, ^{and} There is possibility for expansion of the residential colony.

Additional areas abutting their colony are suggested for residential use zone.

6.09 In addition to allow expansion of residential area due to the available access by Erode road and Punnam road, a vast land in Thirukkattuthurai village are suggested for residential use zone.

6.10 Since the introduction of new bye pass road to the National Highways, the lands in between the new bye pass road and the old national highway are brought for urban use and suggested for residential use zone.

6.11 Due to the location of paper mill and a proposed industrial complex on Velayuthampalayam Punnam road some additional areas are suggested for residential use zone in order to permit development nearer to their work area.

6.12 The existing residential hamlets are retained as residential use zone with inclusion of some more additional areas for their expansion.

Commercial:

6.13 Commercial activities and service industries are functioning at the four road junction at Velayuthampalayam and along the bye pass road. Like all other towns, commercial activities are being developed along major roads in linear manner and in order to allow the present trend of development and future expected growth of commercial activities the commercial use zones are earmarked on both sides of the newly formed bye pass road to the National Highway and on the old National Highway road.

6.14 Another major commercial complex is proposed on the four, four road junction at Valayuthampalayam, where major commercial activities are now located. Two more commercial areas are suggested to act as puffer zone between the industrial complex and to the residential developments.

INDUSTRIES:

6.15 The two major industrial complex namely the Kaghithapuram paper mills Ltd and the sugar factory, are studied and there is no necessity for additional areas to be suggested for their expansion and hence the lands which are under their possession for industrial purposes are zonal for industrial use.

6.16 As such no other industries are, so far been developed in the New Town Development Area, considering the infrastructural facilities available for the paper mill, an area near to it is suggested for industrial use zone.

EDUCATION:

6.17 Present educational institutional uses will continue to have its functions. As major educational institutions are located to the nearer town Karur and Vellur to which pupils go for their education, no addition educational use zone are proposed

PUBLIC AND SEMI PUBLIC

6.18 Public and Semi public use zones are demarcated in the existing areas itself, wherever public functions like Railway Junction, Bus stand, Government offices and other offices are concentrated. In addition a New Bus Stand is also proposed nearer to the National Highways Bye pass road in Pugalur Town Panchayat Area.

TRAFFIC AND TRANSPORTATION:

6.19 As the New Town Area is provided with developed road network no major proposals are contemplated in this Development Plan.

6.20 Pandipalayam to Moolimangalam road, which connects the National bye Pass road and Punnam road runs through paper mill, is suggested for widening and improvement to help the lorry traffic to bring the raw materials to the paper mill industry.

BUST STAND:

6.21 A Bus Stand is proposed in R.S.No.167 of Punjai Pugalur village in pugalur Town Panchayat.

WATER SUPPLY:

6.22 Major portion of the areas are served with protected water supply from the Cauvery River. However necessary Scheme shall be drawn to provide the protected water to the hamlets of Punnam and Vettamangalam.

AGRICULTURE:

6.23 Tamilnadu Kaghithapuram paper mills Ltd proposed to utilise treated industrial out let water for agricultural uses and have a programme to acquire land for its use. Therefore Lands are earmarked for Agriculture use zone in Punnam village, which are to be acquired by the paper mill and to be developed for agriculture

CHAPTER VII

ZONING REGULATIONS

7.01 In order to implement the proposals contained in the **New Town Development Plan** certain essential and important zoning regulations will have to be framed and enforced. Such zoning regulations will vest essential powers with the competent authority for the enforcement of the Plan. It has to be however noted that the zoning regulations contemplated in this chapter are independent of the rules and regulations that have to be framed for the purpose of developing any zone or part thereof, within the **New Town Development Area**. What is provided for in this chapter are therefore, regulations which are general in character and applicable universally within the **New Town Development Area**. These rules will facilitate permitting of certain developments which are not coming under Detailed Development Plan. Every development within the area covered by the **Development Plan shall conform** to the regulations prescribed hereunder and also with the proposals shown in the land use zoning map. These regulations shall guide the grant or refusal of permissions and shall be enforceable.

7.02 The zoning for the **Kaghihapuram New Town** area is showing in the map 8.4. The uses that are permissible in the natural course are described hereunder.

32

USE ZONE REGULATIONS

I. RESIDENTIAL USE ZONE

- a. Primary Residential use zone
- b. Mixed Residential use zone

Use zone I a. Primary Residential Use zone uses permitted

1. All residential buildings including single and multi family dwellings, apartments dwellings and tenements together with appurtenances pertaining thereto;
2. Professional consulting offices of the residents and other incidental uses therefor;
3. Petty shops dealing with daily essentials including retails provision, soft drinks cigarettes, newspapers, milk cycle repair shops and single person tailoring shops.
4. Hair dressing saloons and Beauty Parlours
5. Nursery and primary schools
6. Taxi and Auto rickshaw stands and
7. Parks and playfields.

Use Zone I(b) Mixed Residential use zone

1. All uses permitted under Use Zone I(a) i.e primary residential use zone.
2. Hostels and single person apartments
3. Community Halls, Kalayana Mandapams, religious buildings welfare centres and Gymnasia

- .33.
4. Recreation clubs, Libraries and Boarding rooms.
 5. Clinics, Dispensaries and Nursing Home
 6. Government, Municipal and other Institutional sub-offices ;
 7. Police stations, Post & Telegraph offices
Fire stations and Electric sub-stations
 - 8- Banks and Safe Deposit Vaults
 9. Educational institutions excluding colleges
 10. Restaurants, Residential Hotels and other Board and Lodging Houses.
 11. Petrol filling and service stations
 12. Departmental stores or stores or shops for conduct of retail business
 13. Vegetable, Fruit, Flower, Fish, Eggs and Meat shops
 14. Bakeries and confectionaries
 15. Laundry, Tailoring and Goldsmith shops and
 16. Cottage industries permissible in residential areas under G.O.Ms No 566 dt 13.3.82.

II. COMMERCIAL USE ZONE - USE ZONE 2

1. All uses permitted in the Zones 1(a) and 1(b)
i.e Residential Use zones.
2. All commercial and business uses including all shops, stores, market and uses connected with the display and sale of merchandise, either wholesale or retail but excluding

explosives obnoxious products and other materials likely to cause health hazards.

3. Business offices and other commercial and financial institutions.
4. warehouses, repositories and other uses connected with storage of wholesale trade, but excluding storage explosive or products which are either obnoxious or likely to cause health hazards.
5. Cinemas, Theatres and other Commercial entertainment centres.
6. Research, experimental and Testing laboratories not involving danger of fire, explosion or health hazards
7. Transportation terminals including bus stands, railway stations and organised parking lots
8. Automobile repair shops and garages
9. Small industries, using electric motors not exceeding 20 HP and or employing not more than 25 workers which are not noxious or offensive due to odour, dust smoke, gas, noise or vibration or otherwise dangerous to public health and safety and
10. Installation of electric motors not exceeding 50 HP for use incidental to the commercial activities permissible in the zone. As amended in the Ex~~o~~x Govt.letter No 12096/UDIV(1)/93 - 4 dt 2.8.93.

11. Restaurants with or without boarding and lodging house Star Hotels and Mono star hotels as ammended the Govt letter No 69759 UDIV(2)/39/11 H&UD dt 22.6.93.

III. INDUSTRIAL USE ZONE USE ZONE 3

- a. Controlled Industrial Use zone
- b. General Industrial Use Zone
- c. Special industrial and Hazardous Use zone

a. Controlled Industrial Use Zone

Uses permitted

1. All commercial uses listed under use Zone 1(a) 1(b) and 2 i.e residential and commercial use zones.
2. Industries using electric power not exceeding 100 HP (L.T maximum load) but excluding industries of obnoxious and hazardous nature by reason of odour, liquid effluent, dust, smoke, gas, vibration etc., or otherwise likely to cause danger or nuisance to public health or amenity.
3. Hotels, restaurants and Clubs, places for social intercourse, recreation and worship and dispensaries and clinics and
4. Residential buildings for caretakers, watchman and other essential staff required to be maintained in the premises.

3. Rural settlements with allied uses
4. Public and private parks, playfields, gardens
caravan and Camping sites, and other recreational
uses.
5. Dairy and cattle farms.
6. Piggeries and Poultry farms
7. Water tanks and reservoirs
8. Sewage farms and garbage dumps
9. Airports and broadcasting installations
10. Forestry
11. Cemeteries, Crematoria and Burning and Burial
grounds
12. Storing and drying of fertilisers
13. Fish curing
14. Salt manufacturing
15. Brick, tile or pottery manufacture
16. Stone crushing and quarrying and
17. Sand, clay and Gravel quarrying

CHAPTER

PREAMBLE:

The Kagithapuram New Town Development Area was notified and confirmed under section 10 (1) and 10 (4) of the Town and Country Planning Act 1971, vide G.O.Mt.No. 455 dated 6.4.88 and 530 dated 24.10.72 Housing and Urban Development Department respectively. The New Town Development Authority was

constituted under section 11 (4) of the Town and Country Planning Act 1971 as per G.O.Mt.No. 240 Housing and Urban Development Department dated 4.3.94 and the amendment was issued in G.O.No. 539/56/UD(DIY). (2) DEPARTMENT. Dated 27.12.96.

Section 13 (1) of the Town and Country Planning Act 1971 (Act 35 of 1972) prescribes that the New Town Development Authority shall prepare "New Town Development Plan" referred to section 17 (2) of the Act.

Accordingly the Regional Directorate of Town and Country Planning, Tiruchirappalli has carried out necessary surveys and studies and prepared the "New Town Development Plan" for the Kagithapuram New Town Area in 1995.

JURISDICTION:

The New Town Development Plan covers an extent of approximately 11,141.27 hectares and includes the villages namely Vettamangalam, Thirukattuthurai, Punjai Pugalur, Nanjai Pugalur, Nanjai Thottakurichi, Punjai Thottakurichi of Karur taluk of Karur Dheeran Chinnamalai District.

CONTENTS OF THE NEW TOWN DEVELOPMENT PLAN:

The New Town Development Plan lays down policies and programmes for the over all development of the Kaghithapuram New Town Development Area. The emphasis of the Plan is on the regulation of the land and building use. The plan has allocated land for uses such as Housing, Industries, Commerce, Play fields and other types of major urban land uses in appropriate locations and in a manner interrelated each other so as to promote orderliness and smooth functioning. For this purpose all lands in the New Town Development Area have been categorised under the following use zones:

1. Primary Residential use zone
2. Mixed Residential use zone
3. Commercial use zone
4. Controlled Industrial use zone
5. General Industrial use zone
6. Special and Hazardous Industrial use zone
7. Educational use zone
8. Public and Semi Public use zone
9. Agricultural use zone

In each use zone certain uses will be permitted normally, certain other uses may be permitted on appeal to the Director of Town and Country Planning and other uses will be specifically prohibited. The uses under each of the above categories along with the regulations in respect of height floor space index, plot coverage minimum setback and such other regulations have been specified taking into consideration of the different part of the New Town Areas.

1. Areas of existing village Natham, Old Settlements and thickly built up areas.
2. Areas covered by approved layouts, industrial and other than the areas in item No. 1

The grant of Planning Permission within the Kaghithapuram New Town Development Area is being regulated in accordance with the Development Control Rules forming part of the New Town Development Plan.

DEVELOPMENT CONTROL RULES FOR KAGHITHAPURAM NEW TOWN DEVELOPMENT
AREA

PART I PERMISSION AND ZONE

1. WRITTEN PERMISSION FOR DEVELOPMENT:

(a) No person shall carryout any development as defined in clause (13) of section 2 of the Tamil Nadu Town and Country Planning Act 1971 (Tamil Nadu Act 35 of 1972) without the written permission of the Authority or such other person to whom this power has been delegated by the Authority.

(b) Any site approval or Planning Permission for any development under these rules shall not absolve the applicant of his responsibility to get clearance or permission under other Acts and Rules.

(c) For the uses specified in item (a) to (c) of clause (13) of section 2 of the Act, the question of issuing planning permission does arise as much as they do not constitute "DEVELOPMENT" as defined under the Act.

d) DEFINITION

i) In these rules, unless there is anything repugnant in the subject or context, 'ACCESSORY USE' means any use of the premises subordinate to the Principal uses and customarily incidental to the Principal uses.

ii) Act means, the Town and Country Planning Act 1971 (Tamilnadu Act 35 /1972) as amended from time to time.

iii) Authority meant, the Kaghithapuram New Town Development Authority constituted under the Act.

iv) Development means the definition, the activities defined in the clause 13 of the 2 of the Town and Country Planning 1971.

v) New Town Development Plan means a plan for the development, or redevelopment or improvement, within the jurisdiction of the Development Authority and includes, New Town Development Plan, Part Plan or Sectoral Plan, prepared under this Act.

vi) "Plot Coverage" means the extent to which the plot is covered with the building or structure and this expressed as percentage of the ratio of the builtup area to plot area.

vii) "Floor space index" means the quotient obtained by dividing the total covered area (plinth area) for all floors by the plot area.

$$\text{Floor space index: } \frac{\text{Total covered area overall Floor}}{\text{Plot area}}$$

NOTE:

The following services and structures shall not be included in the determination of floor area and maximum plot coverage.

A basement or cellar and space under building constructed on stilts, and used as parking space, store rooms, and air-conditioning plant room used as necessary to the principal use.

Electric cabin or substation, watchman's booth, pump house and garbage shaft and,

Staircase room and lift room above the topmost storey architectural features, chimneys and elevated tanks.

viii) Height of building means, the height measured from the average level of the centre line of the street, on which the site abuts, provided that, staircase head rooms, lift rooms, chimneys and elevated tanks above the topmost floor and architectural features and parapet of height upto 1 mtr shall not be included in calculating the height of the building.

2) MANNER OF OBTAINING PERMISSION

(a) For the purpose of obtaining permission the applicant shall submit to the Member Secretary of the Authority or to such other Authority or person as designated by the Authority.

(i) An application in form 'A' with Annexure I B accompanied by plans, specifications, etc., mentioned there in the case of laying out of land for building purposes.

(ii) An application in form 'B' with Annexure II accompanied by detailed plans, specification, site plan, topographic plan to a radius of 100 metres drawn to a scale of 1:500 and such other details as may be prescribed from time to time in the case of development of land and building, change of land and building use and in case of site approval, to know whether this particular type of development contemplated is permissible or not.

(iii) Along with an application, the applicant should furnish in the form prescribed in Annexure III obtained from the owner building, promoter or power of attorney holder in the effect that they are jointly and severally to carryout developments in accordance with the permission granted and also

for payment of development charges security deposit amount and all other charges laid from to time by the Kaghithapuram New Town Development Authority and also liable for penal actions for developments made in contravention of these rules for such categories of development like special buildings and multi storied building and other development as defined in the said rules as may be approved by the Authority with previous approval of Director of Town and Country Planning.

NOTE:
~~~~~

For issue of Planning Permit, application in the appropriate form furnishing all informations and plans required therein shall be submitted directly to the New Town Development Authority or to the Authority through concerned Local Body.

2(b) If the Plan and information given under sub-rule 2(a) do not give all the particulars necessary to deal satisfactorily with the case, the Member Secretary or other Authority or person concerned may within 30 days from the date of receipt of the plans and other particulars require the production of such further particulars and details as he deems necessary.

i) The written Permission shall be issued by the Member-Secretary or such other authority or person designated for the purpose by the Authority.

ii) While granting Permission the Kaghithapuram New Town Development Authority or other Authority or person to whom the Authority had delegated its powers may impose such restrictions and conditions may be necessary under these rules.

(iii) The applicant, owner, builder, promoter or power of attorney holder shall not put the building to use without obtaining completion certificate from the Kaghithapuram New Town Development Authority for such categories of buildings like special buildings and multi storeyed buildings and other developments as defined in the said rules as may be approved by the Authority with previous approval of the Director of Town and Country Planning.

### 3) DEVELOPMENT TO BE IN CONFIRMITY WITH THESE RULES:

---

- a (i) No development shall be contravention of these rules.
- (ii) No land, premises or building shall be changed or put to use not in conformity with the provision of these rules
- b. No development shall be made unless a site is approved for the development by the Authority.

### 4. DESIGNATION OF USE IN NEW TOWN DEVELOPMENT PLAN:

---

Where the use of site or premises is specifically designated in the New town Development Plan, it shall be used only for the purpose so designated. Shown in Map No. D.P./KNTDA

Provided that and subject to the provisions of the Tamil Nadu District Municipalities Act 1920 (Tamilnadu Act V 1920) and Tamilnadu panchayat Act 1958 (Tamilnadu Act XXXV of 1958) any lawful use of premises existing prior to the commencement of these rules may continue provided further that a non-conforming use is, case which under these rules will not be permissible in the concerned zone, shall not be extended or enlarged.

EXPLANATION: FOR THE PURPOSE OF ABOVE RULE

i) Improvement to building or machinery intended to make the operations more economic cleaner, less noise and provide amenities to workers which do not add the manufacturing capacity as may be specially approved by the Authority shall not be deemed to be extension or enlargement.

Provided also that it will be open to the Authority to order at any time the discontinuance subject to such restrictions and conditions as may be imposed by it on an existing use which is non-conforming.

ii) Where for an area a detailed layout plan of land development has been prepared and approved by the DTCP of New Town Authority or such other Executive Authority of local body or Agency or person which the power has been delegated by the Authority, the zoning shown on such layout plan shall be applicable and the developments in the Area shall be regulated according to these rules.

iii) In all other cases of development, the provision of the rules shall apply.

iv) The minimum extent of plot frontage and site dimension under these rules shall not apply to sites sub-divided and registered prior to the publication of these rules in the Tamilnadu Government Gazette.

v) Notwithstanding anything shown in the New Town Development Plan.

- a) All lands and premises listed in Annexure - shall be deemed to be zoned under Primary Residential use zone.
- b) All lands and premises listed in Annexure - shall be deemed to be zoned under Mixed Residential use zone.
- c) All lands and premises listed in Annexure - shall be deemed to be zoned under Commercial use zone.
- d) All lands and premises listed in Annexure- shall be deemed to be zoned under Controlled industrial use zone and the list of Industries and allowable and Specified as in Annexure.
- e) All lands and premises listed in Annexure- shall be deemed to be zoned under special and hazardous Industrial use zone and the list of industries are allowable and specified in Annexure.
- f) All lands and premises listed in Annexure- Educational use zone
- g) All lands and premises listed in Annexure- public and Semi-Public use zone.
- h) All lands and premises listed in Annexure- Agriculture use zone

NOTE: Special and Hazardous industries listed in Annexure XII shall be permitted with the previous approval of Director of Town and Country Planning and pollution control Board.

**REQUIREMENT FOR SITE APPROVAL:**

5. No piece of land shall be used as a site for the construction of a building for any development when the Authority considers that:-

- i) The site is insanitary and that it is dangerous to construct a building or
- ii) If by virtue of the small or shape of the site is not suitable for development or
- iii) If the site is near a water body or water course and proposed development is likely to contaminate the said water body or water course or

- iv) If the site is likely to be inundated and satisfactory arrangement for proper drainage is not possible or
- v) If the site is filled up tank or low lying or of made up soil by depositing rubbish or offensive matters and the proposed is likely to be affected by deepness owing to sub soil water or.
- vi) If the site does not abuts any existing public or private street forming part of a layout sanctioned under the provision of the relevant Local Body Act.

EXPLANATION: If the site abuts the street or pathway in an unapproved layout in which the roads have already been handed over to the local body with or without its concurrence the applicant should pay the penalty fees fixed by the Authority from time to time, in addition to the proportionate cost towards the road formation, drainage construction, culverts construction, street light provision, and water supply etc., as fixed by the Authority. The penalty and the development cost will be fixed by the Authority time to time in accordance with the Government of schedule of rate.

6) WIDTH OF THE ROADS IN THE NEW TOWN DEVELOPMENT PLAN:

i) Existing and Proposed names of all major roads together with setback lines for them shall be in accordance with the details specified in Rule 26. The Authority may prescribe or modify their rights of way or setback lines from time to time with the approval of the Director.

ii) No Building shall be erected within the boundary and setback lines prescribed except the following.

- a) Unsupported sunshade, balcony or other projections, attached to the wall so long as such structure do not fall within 1.5M of the street alignment of boundaries of the site. However, sunshades not exceeding 0.6M may be permitted in such open space.
- b) Single flight or spiral staircase of maximum 1M width
- c) A compound wall of height not exceeding 1.5M

#### 7. MINIMUM SETBACK LINES FOR PUBLIC LAND SEMI-PUBLIC BUILDINGS:

---

Setback all around on each side for all building such as Theatre, Kalyanamandapams, Exhibition Stalls, Hospitals, Nurshing Homes and automobile garages, weigh bridges and service workshops shall not be less than 3.00M

#### 8. BOUNDARIES OF ZONES

---

The different use zones are shown in different colours and notations as shown in the New Town Development Plan map prepared by the Authority shown in Map No. D.P/K.N.1.D.A.

-66-

PART - II USE ZONES

---

9. PRIMARY RESIDENTIAL USE ZONE:

---

1. In the Primary Residential use zone, buildings or premises shall be normally permitted only for the following purposes and accessory uses permissible non residential activity shall be limited to one in a sub-division.

a) Any residence including dwelling, detached, semi detached continuous tenements or flats.

b) Professional consulting offices of the residents and incidental use there to occupying a floor area not exceeding 40 sqm.

c) Petty shops, dealing with daily essential including retail sale of provisions, soft drinks, cigarettes, newspapers tea stalls, confectionery retail shops, mutton stalls, milk shops, cycle repair shops, tailoring shops may be permitted subject to the conditions imposed by the Authority occupying a floor area not exceeding 30 sqm.

d) Clinics, hospitals, dispensaries, and nursing homes, occupying floor area not exceeding 300 sqm and departmental stores with floor area not exceeding 100 sqm.

e) School of commerce including tutorial institutions occupying floor area not exceeding 40 sqm.

f) Parks and playgrounds occupying an area of not exceeding 2 hectare or as permitted by Director.

g) Taxi stands and car parking.

h) Farms, gardens nurseries occupying an area not exceeding 2 hectare.

i) Installation of motor for pumping water, Air conditioning and lifts.

j) Cottage industries list in G.O.Ms.No.565 & 566 dated 12th March 1962 and as amended, run by power upto 5 HP. Vide Annexure

k) Craft centres, assembling of electronic parts for manufacture of radios, transistors, television sets, computer chips and such other within installation not exceeding 5HP and the number of employees not exceeding 10 Nos.

l) Storage of domestic cooking gas cylinder, kerosene and HSD oil subject to the conditions imposed by the Authority after obtaining necessary clearance from the Director of Fire Service and the Department of Explosives of the Government of India.

m) Nursery, Primary and High Schools.

2) The following uses may be permitted with the special sanction of the Director of Town and Country Planning.

a) Hostels, dormitories, restaurants not exceeding 300 sqm in floor area.

b) Public utility building like sewage pumping station, water-works, fire stations, telephone exchanges, Government and Semi Government offices serving the local needs, libraries, bus terminals and depot yards occupying a site area not exceeding 300 sqm.

c) Community halls, clubs, religious buildings, gymnasias, welfare institutions, occupying a floor area not exceeding 300 sqm.

d) Parks and Play grounds occupying a site area not exceeding 4 hectare.

e) Petrol filling station and service stations with installation not exceeding 3 HP.

f) Markets and area for shops occupying an area not more than 100 sqm.

g) All uses not specifically permitted under sub-rule 1 and 2 shall be prohibited in this zone.

h) The extent of plot size, plot frontage, floor space index plot coverage, height and set back lines for residential uses and other specified uses namely clinics, dispensaries, nursing homes, nursery schools and primary schools not exceeding 300 sqm in floor area and schools of commerce will be regulated as per table given below.

i) Nursery and primary schols exceeding 300 sqm in floor area will be regulated as per the table in Educational use zone but they will be permitted in Primary Residential use zone.

11

69

i) In other uses viz. Commercial, Industrial etc., clinics, dispensaries and nursing homes exceeding 300 sqm in floor area will be regulated in accordance with the rules under respective use zone.

k) In the cases of approved sub-divisions and layouts the extent of plot, size, floor space index and all set back lines shall be regulated according to the layout conditions space fixed by Director of Town of Country Planning while approving layout and sub-division.

THE TABLE

|                            |   |                                                                                                                                                                                                                                                                                                                                                                                                                           |
|----------------------------|---|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) MINIMUM EXTENT OF PLOT | : | 75 sqm except in areas specifically continuous building, economically weaker section and in respect of layout approved by Director of Town and Country Planning for the development by the Tamilnadu Housing Board, Tamilnadu Slum Clearance Board, Adi Dravidar Welfare Schemes or such other Quasi Government Agencies.                                                                                                 |
| B. MINIMUM PLOT FRONTAGE   | : | 6 mtrs except in areas set apart for continuous buildings where it shall not be less than 4.5M for housing for economically weaker section and in respect of layout approved by Director of Town and Country Planning for the development by Tamilnadu Housing Board, Tamilnadu Slum Clearance Board, Adi-Dravidar Welfare schemes and other similar schemes under taken quasi Government it shall not be less than 4.0 M |
| C) MAXIMUM PLOT COVERAGE   | : | 75%                                                                                                                                                                                                                                                                                                                                                                                                                       |
| D) MAXIMUM HEIGHT          | : | One and half times the width of the abutting road provided that the height may be exceeded to the extent of 1 metre for every 30 cm. by which the building's setback from the street for 15 metres whichever is less except in areas set part specifically for multi stories buildings.                                                                                                                                   |
| E) MINIMUM SET BACK        | : | In accordance with rule 26 where building lines have not been specified it shall be as follows.                                                                                                                                                                                                                                                                                                                           |

i) FRONT SETBACK

| Abutting road width<br>-----<br>(1)  | Residence<br>-----<br>(2) | Shop<br>-----<br>(3) |
|--------------------------------------|---------------------------|----------------------|
| Below 10 M                           | 1.5 M                     | 1.5 M                |
| 10 M and above but<br>less than 15 M | 3.0 M                     | 3.0 M                |
| 15 M and above but<br>less than 30 M | 4.5 M                     | 3.0 M                |
| 30 M and above                       | 6.0 M                     | 4.5 M                |

Explanation: For economically weaker section and the layout, approved by Director of Town and Country Planning for Tamilnadu Housing Board, Tamilnadu Slum Clearance Board, Addirvidar Schemes and other Quasi Government schemes. The Front Set back shall not be less than 1.00 m irrespective of the road width where the building line is prescribed.

ii) Rear set back

| Depth of the plot<br>----- | Residence<br>----- | Shop<br>----- |
|----------------------------|--------------------|---------------|
| Upto 15 mtr                | 1.5 M              |               |
| Between 15 Mtr to 30 Mtr   | 3.0 m              | Nil           |
| Above 30 Mtrs              | 4.5 m              |               |

Explanation:

Structures like a lavatory, bathroom, lumber room, garage etc., not intended for human habitation and servant quarters may be permitted in the rear set back provided that such structures do not occupy more than one third of the rear width of the site and 6 mtrs of the depth of the site. Provided further that the height of such structures does not exceed 4 mtrs, measured from the ground level of the site.

For economically weaker section plots and other plots approved for TNHB, TNSCB, Adidravida Welfare Schemes etc., the set back space shall be 1.5 mtr.

iii) Side set back

| <u>Width of site</u>           | <u>Residence</u>       | <u>Shop</u> |
|--------------------------------|------------------------|-------------|
| Upto 6 mtrs                    | 1.00 mtr on one side   | Nil         |
| Above 6 mtrs and less than 9 m | 1.5 mtrs on one side   | Nil         |
| More than 9 mtrs               | 1.5 mtr on either side | Nil         |

Explanation: For the constructions in areas set apart for continuous buildings, poor class area, economically weaker section and in respect of plot approved for the Tamil Nadu Housing Board and Tamil Nadu Slum Clearance Board and Adi Diravidar Welfare Housing Scheme leaving of side open space is not necessary.

f) Where it is proposed to have more than one activity in a particular building the space regulations that will govern the development shall be based on the dominant activity in the building.

10. MIXED RESIDENTIAL USE ZONE:

(A) In the mixed residential use zone, building or premises shall be normally permitted only for the following purposes and accessory use.

- i) All uses permissible under sub rule 1 and 2 of rule 9
- ii) Banks and safe deposit vaults offices occupying floor area not exceeding 300 sqm.
- iii) Restaurants occupying floor area not exceeding 500 sqm.
- iv) Hotels, Hostels, boarding and lodging houses, and and welfare institutions occupying a floor area not exceeding 300 sqm.
- v) Establishment and shops retailing in vegetable fruits, flowers, fish, meat and such other daily necessities of the residents occupying a floor area not exceedings 300 sqm of an organised market.
- vi) Bakeries and confectioneries, laundaries, tailoring, goldsmith shops, hair dressing saloons, flour mills, occupying floor area not exceeding 300 sqm.
- vii) Petrol filling stations, automobile service station and workshops occupying a site not exceeding 300 sqm.
- viii) Manufacturing service establishments using Electric motors not more than 15 HP and or employing not more 10 workers excluding those which are obnoxious or hazardous in nature by reason of odour effluent dust, smoke, gas, vibration, noise etc., or otherwise likely to cause danger and nuisance to public health amenity occupying a site area of not exceeding 300 sqmtrs.
- ix) Cinema theaters, assembly halls and reading rooms.

B) The following uses may be permitted with special sanction of the Director of Town and Country Planning.

i) Departmental stores, for conduct of retail business, professional consulting offices and uses under clause (II) (III) (IV) (V) sub-rule (A) above without restriction of floor space.

ii) Colleges, higher educational technical and research institutions.

C) All uses not specifically mentioned under sub-rule 10 (A) and (b) above shall be prohibited in the zone.

D) The extent of plot size, plot frontage, floor space index, plot coverage, height and set back lines in the zone shall be regulated according to the rule 9.

11. COMMERCIAL USE ZONE:

A) In the commercial use zone, buildings, or premises shall normally be permitted only for the following purposes and accessory uses.

i) All uses permitted in Primary and Mixed Residential use zones.

ii) All commercial and business uses including all shops, stores, markets and uses connected with this display and sale of merchandise either wholesale or retail excluding explosives, obnoxious product and other materials likely to cause health hazardous.

iii) Business offices and other commercial and financial institutions, without limitation of floor area.

iv) Warehouses and other uses connected with storage or wholesale trade but excluding storage of explosives or products which are either obnoxious or likely to cause health hazardous.

v) Organised parking lots, multi-storey parking, Bus terminal and depots.

vi) Educational technical and research institutions.

vii) Garment industry irrespective of the number of persons employed where the authority is satisfied of its non-objectionable nature based on its performance characteristics.

B) All uses not specifically mentioned under rule 11 (A) above shall be prohibited.

C) The extent of plot size floor space index, set back etc., commercial uses shall be regulated according to the table given below. For other activities of residential character and institutional character where public assemble will be regulated in accordance with the table given under the respective use zones.

## III TABLE

| A. Minimum extent of plot | :        | 40 square metres                                                                                                                                                                                                                                                                        |            |          |               |       |                   |       |                        |       |
|---------------------------|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|----------|---------------|-------|-------------------|-------|------------------------|-------|
| B. Minimum plot frontage  | :        | 3.0 metre                                                                                                                                                                                                                                                                               |            |          |               |       |                   |       |                        |       |
| C. Minimum Road width     | :        | 4.5 metres                                                                                                                                                                                                                                                                              |            |          |               |       |                   |       |                        |       |
| ii) Maximum plot coverage | :        | 75 percent                                                                                                                                                                                                                                                                              |            |          |               |       |                   |       |                        |       |
| D. Maximum height         | :        | One and half times the width of the abutting road provided that this height may exceed to the extent of one metre for every 30 cm. by which the building is set back from the street or 15 metres whichever is less except in areas set apart specifically for multi-storeyed building. |            |          |               |       |                   |       |                        |       |
| E. Minimum set back       |          | In accordance with sub-rule (1) of Rule 6 where no set back lines have been specified the building line shall be as follows.                                                                                                                                                            |            |          |               |       |                   |       |                        |       |
| (i) Front set back        |          | <table border="0"> <thead> <tr> <th>Road width</th> <th>Set back</th> </tr> </thead> <tbody> <tr> <td>7 m and below</td> <td>1.5 m</td> </tr> <tr> <td>above 7m upto 15m</td> <td>3.0 m</td> </tr> <tr> <td>above 15m and upto 30m</td> <td>4.5 m</td> </tr> </tbody> </table>          | Road width | Set back | 7 m and below | 1.5 m | above 7m upto 15m | 3.0 m | above 15m and upto 30m | 4.5 m |
| Road width                | Set back |                                                                                                                                                                                                                                                                                         |            |          |               |       |                   |       |                        |       |
| 7 m and below             | 1.5 m    |                                                                                                                                                                                                                                                                                         |            |          |               |       |                   |       |                        |       |

| above 15m and upto 30m    | 4.5 m    |                                                                                                                                                                                                                                                                                         |            |          |               |       |                   |       |                        |       |

|                     |                                 |                                                                                            |
|---------------------|---------------------------------|--------------------------------------------------------------------------------------------|
| (ii) Side set back  | Nil for the roads upto 7m width | For other roads 1/4th the height of the building to a minimum of 1.5 metres on either side |
| (iii) Rear set back | Nil for the roads of 7m width   | For other roads 1/4th the height of the building subject to a minimum of 1.5 metres.       |

## 12. CONTROLLED INDUSTRIAL ZONE:

a) In the controlled light industrial zone buildings or premises shall be normally permitted for the following purposes and necessary uses.

i) All uses permissible in the commercial use zone with the sanction of the authority except residential uses.

ii) Residential buildings for security and other essential staff required to be maintained in the premises.

iii) All industries using electrical power utilising machinery not exceeding 130 Horse power or with employees not exceeding 100 in number but excluding all industries of obnoxious and hazardous nature by reasons of odour, effluent, dust, smoke gas, vibration, etc., or otherwise likely to cause danger or nuisance to public or amenity.

iv) All industries not producing noxious or dangerous effluents or where sufficient precaution to the satisfactory of the authority have been taken to eliminate noxious to dangerous effluents.

b) The following uses may be permitted with previous sanction of the Director of Town and Country Planning.

i) Storage of petroleum, timber explosives and inflammable and dangerous materials.

ii) All industries upto 200 H.P. where sufficient precautions have been taken to the satisfaction of the authority eliminate noxious or dangerous effluents.

c) All uses not specifically permitted under rule (a) and (b) shall be prohibited.

D) The extent of plot, floor space index, set back lines etc., for light industrial uses shall be regulated according to the table given below. For other activities of Residential and commercial character and institutional activities where public assemble, they will be regulated in accordance with the table given under the respective zone.

THE TABLE.

|                           |            |
|---------------------------|------------|
| A. Minimum extent of plot | 220 sq.mtr |
| B. Minimum plot frontage  | 12 mtr     |
| C. i) Minimum Road width  | 10 mtr.    |
| ii) Maximum plot coverage | 60 percent |

D. Set back lines—Front setback:

In accordance with rules 6 (i) where no setback lines have been specified the building line shall be 4.5 metres for roads of width upto 15 metres, and below and 6.0 metres for other roads of width exceeding 15 metre, provided that gate pillars, security room of not more than 4.5 mtr in height and 30 sq.mtr in extent shall be permitted in the front building.

E. Side set back

1.5 mtr

F. Rear set back

3 metres

G. Maximum Height

One and half times the width of abutting street provided that this height may be exceeded to the extent of 1 metre for every 30 centimeters by which the building is set back from the street, or 15

metres whichever is less, except in area set apart specifically for multi-storied building.

13. GENERAL INDUSTRIAL ZONE:

a) In the General Industrial Zone buildings or premises shall be normally permitted for the following purposes and accessory uses.

i) All commercial and industrial uses permissible in the light industrial zone.

ii) All industries using electrical power upto employed upto 500 staff (without producing noxious or dangerous effluents, or where sufficient precautions to the satisfactions of the authority have been taken to eliminate noxious or dangerous effluents which are not coming under the category of 12 & 14.

b) All uses not specifically mentioned under rule (a) shall be prohibited in the zone.

c) The extent of plot sizes floor space index, set back lines of General industries will be regulated according to table given below for other uses namely residential, commercial, light industrial, special and hazardous industrial and institutional uses, etc., They will be regulated in accordance with the table given under the respective use zone. When a site is used both for General Industry and light industry the regulation, that will given the development in the site shall be decided on the basis of the dominant type of the industry.

## III: TABLE

|                             |             |
|-----------------------------|-------------|
| A. Minimum extent of plot   | 1000 sq.mtr |
| B. Minimum plot frontage    | 20 metres   |
| C. i) Minimum road width    | 12 mtrs     |
| ii) Maximum coverage        | 75 percent  |
| iii) Minimum set back lines | -           |

i) Front set back: In accordance with Rule 6 (i) where building lines have not been specified the building line shall be 4.5 metres in for all roads. Gate pillars and security room of not more than 4.5 mts.in height 50 square metres extent shall be permitted in the front set back.

Side set back Minimum 3 metres on all sides

D.Maximum height: One and half times the width of the abutting street provided this height may be exceeded to the extent of one metre for every 30 centimetres by which the building is set back from street or 15 metres whichever is less.

#### 14. SPECIAL AND HAZARDOUS INDUSTRIAL USES:

a) Special and hazardous industrial zone buildings or premises shall be normally permitted only for the following purposes and accessary uses with the previous approval of Director of Town and Country Planning and the authorities of Tamil Nadu Pollution Control Board, in the areas permitted by the Director of Town and Country Planning.

i) All special and hazardous industries using upto 500 horse power irrespective of type of motive power uses as listed in Annexure occupying a site area not exceeding 0.5 hectare.

ii) Uses involving storage, handling and other uses incidental to the industries in Annexure occupying a site area not exceeding 0.5 hectare.

iii) In general, any industrial process which is likely to be dangerous to human life or health or amenity and not permissible in light and General industrial use zones occupying a site area not exceeding 0.5 hectares.

b) The following uses may be permitted with special sanction of the authority.

i) All uses under a (i) (ii) and (iii) above occupying a site area exceeding 0.5 hectare and or 500 H.P.

ii) All uses permissible in the General Industrial zone

c) All uses not specifically permitted under rule (a) and (b) shall be prohibited.

d) The extent of plot, floor space index, set back etc., for special and hazardous industries shall be regulated according to the table given below. For other use viz., Commercial, Controlled Industrial General Institutional, etc., they will be regulated in accordance with the table given under the respective zones.

1. The width of the streets and roads in the layout shall conform to the minimum requirements given below and being conformity with New Town Development Plan. If any for the area except in flats or in area reserved for economically weaker section or poor class housing.

| Description<br>(1)                                                                                         | Minimum width<br>(2) | Remarks<br>(3)                  |
|------------------------------------------------------------------------------------------------------------|----------------------|---------------------------------|
| A) Passage                                                                                                 |                      |                                 |
| I. In areas economically weaker section, poor class housing and for continuous buildings area              |                      |                                 |
| a. For single plot                                                                                         | 1.00 metre           | The passage will remain private |
| b. For two or four plot                                                                                    | 1.5 metre            |                                 |
| c. For more than four plot<br>small passage is not permissible like (a)                                    |                      |                                 |
| II. a. When it is intended to serve upto two plots and the length of passage should not exceed of 40 metre | 3.0 metre            | The passage will remain private |
| III. When it is intended to serve upto ten plots length of passage does not be exceeded 80 metres          | 4.75 metre           | The passage will remain private |
| IV. When it is intended to serve upto ten plots length of passage should not be exceeded 100 metres        | 6.0 metre            | The passage will remain private |

## B. STREETS AND ROADS

|                                                                                                           |           |                                                                                                                                                                                                                                                                                                                                                            |
|-----------------------------------------------------------------------------------------------------------|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| I. Streets intended to serve not more than 10 plots on one side & or subject to a maximum length of 120m  | 7.0 metre | All street shall become public. The land owners/ developer shall hand over these street/road portion through a letter of relinquishment in a stamp paper to the local authority concerned after forming the roads as per specifications contained under relevant section of Tamil Nadu District Municipalities Act 1920 and Tamil Nadu Panchayat Act 1958. |
| II. Streets intended to serve not more than 20 plots on one side and or subject to maximum of 240 metres. |           |                                                                                                                                                                                                                                                                                                                                                            |
| III. Roads of length more than 240 metre but below 400 mts.                                               | 12 metre  |                                                                                                                                                                                                                                                                                                                                                            |
| IV. Roads of length between 401 to 1000 metres                                                            | 18 metre  | -do-                                                                                                                                                                                                                                                                                                                                                       |
| V. Roads of length more than 1000 metres                                                                  | 24 metre  | -do-                                                                                                                                                                                                                                                                                                                                                       |

|           |                                                                                       |                                         |
|-----------|---------------------------------------------------------------------------------------|-----------------------------------------|
| C. SPLAY: | A Splay at the intersection of two or more streets/ roads shall be provided as below. |                                         |
|           | Width of smaller road                                                                 | Space to be left for splay/rounding of. |
|           | 1. Road upto 10 metre                                                                 | 1.5 m x 1.5 m                           |
|           | 2. Road above 10 metre                                                                | 1/3 rd of the width of road             |

Provided that the above provisions shall not apply to all layouts and sub divisions in existence on or before date of consent of KNTD Plan

Note: 1. All streets except cul-de-sac streets shall be connected to a public or an approved private streets at both ends.

Pedestrian pathways and cul-de-sac streets shall be connected to a Public or an approved private street at one end.

## IV. Cul-de-sacs:-

Can be provided when their length do not exceed 60 metres. They shall be provided with a twin around area of 9 metres x 9 metres dia at the closed end.

20. PASSAGES/STREETS AND ROADS FOR INDUSTRIAL DEVELOPMENT

| Description                                                                                                                                                                                                                      | Minimum width of passage | Remarks                          |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|----------------------------------|
| (1)                                                                                                                                                                                                                              | (2)                      | (3)                              |
| i) When it is intended to serve only one plot and length of the passage does not exceed 100 metres.                                                                                                                              | 3 metres                 | The passage will remain private. |
| ii) When it is intended to serve two to five plots and the length of the passage does not exceed 120 metres                                                                                                                      | 7.0 metres               | -do-                             |
| iii) When it is intended to serve more than 5 plots                                                                                                                                                                              | 12.0 metres              | The street shall become public   |
| iv) All streets except cul-de-sac street shall be connected to a Public or an approved street at both ends. Pedestrian pathways and cul-de-sacs streets shall be connected to a public or an approved private street at one end. | ...                      | ....                             |
| v) No plot in a layout shall be sub-divided or utilised for any purpose other than the purpose for which the site is approved except with the prior approval of the Director of Town and Country Planning.                       |                          |                                  |

- vi) Reservation of land for communal and recreational purposes in a layout or sub-division for residential, commercial or industrial or combination of uses of such layouts shall be as follows.

| Extent of layout<br>(1)    | Reservation<br>(2)                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| a) For the first 3000 sq.m | Nil                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| b) Above 3000 sq.m         | 10 percent of the area excluding roads shall be referred and this space shall be maintained as communal and recreational open space to the satisfaction of the authority and transferred to the authority by gift deed for the maintenance. It is obligatory to reserve 10 percent of the layout area. Signature of the Owner of the  
land or applicant

Strike out the portions which are not applicable.

## ANNEXURE - J

TO BE COMPLETED BY THE APPLICANT

1. Application (in block capitals)  
Name  
Address
2. Particulars of proposal for which permission or approval is sought
  - a. Full address or location of the land to which this application relates and site area:  
T.S.No. S.F. No.  
Division NO. Ward No.  
Name of town or village  
Site area
  - b. State whether the applicant owns or controls any adjoining land. If so give its location and extent
3. Particulars of present and previous use of land
  - i) Present use of land
  - ii) If vacant the last previous use
4. Information regarding the proposed use
  - i) State number and type of dwelling units (whether bungalows, houses, flats etc.) factories, shops, institutions, parks & play fields etc., proposed
  - ii) Extent of land use proposed Extent in hectares
    - a) Land allotted for Residential purpose
    - b) Land allotted for Commercial purpose
    - c) Land allotted for Industrial purpose
    - d) Land allotted for institutional purpose
    - e) Land allotted for Parks and Playfields
    - f) Land allotted for Roads and Pathways
    - g) Land allotted for other use ( to be specified)
5. Does the proposed development involve the felling in any trees?  
If yes, indicate the position on Plan
6. Does the proposed development involve erection of any advertisement board?  
If yes, indicate its position on plan and type of the advertisement board to be erected.

Signature of the owner of land  
and building or applicantSignature of Licenced  
Surveyor

NOTE: Those applying only to find out whether the type of development is permissible or not, may furnish information against 1,2,3, (i) only.

## CONDITIONS:

- i) I agree not to proceed with laying out of land for building purposes until the Planning permission is granted by the Authority under section 49 of the Town and Country Planning Act 1971 (Act 35 of 1972) as amended in Act 22 of 1974
- ii) I agree not to do any development otherwise than in accordance with the layout plan, specifications which have been approved or in contravention of any provision of the Town and Country Planning Act 1971 (Act 35 of 1972) as amended in Act 22 of 1974 or any rule, by-law, order or other declaration made thereunder or of any direction or requisition lawfully given or made under the said Act, rules or by laws.
- iii) Under Section 54 of the Tamilnadu Town and Country Planning Act 1971 (Act 35 of 1972) as amended in act 22 of 1974, I agree to make any modifications which may be required by any notice issued by any order confirmed by the Authority.
- iv) I agree to keep one copy of the approved layout plan at the site is open at all reasonable times for the inspection of the member secretary or any officer authorised by him in that behalf.
- v) I agree to furnish a set of completion plans within fifteen days from the date of completion of the development
- vi) I agree hand over all the proposed roads after duly forming them to the satisfaction of the Development Authority and local authority concerned and sites reserved for parks, play grounds, open spaces for public purpose free of cost to the Development Authority or local authority concerned in which the site falls when so directed by the Authority.

Through

Sir,

I hereby apply for Planning Permission to carry out the  
following development/desire to find out whether the under noted  
development is permissible.

I intended to put the building and land in S.No. \_\_\_\_\_  
of Ward No. \_\_\_\_\_ of Revenue village \_\_\_\_\_ for  
\_\_\_\_\_ purposes

The site is in the \_\_\_\_\_ layout approved  
by/not in any approved in No. \_\_\_\_\_ Date \_\_\_\_\_

I forward herewith the following particulars in  
quaduplicate duly signed by me and the licenced surveyor.

a) A key-map of the area showing the site in relation to existing streets and street intersections, distinguishing clearly there in the boundaries of the site under reference and the adjoining lands owned or controlled by me.

b) A detailed site plan of the land for development to scale of not less than 1: 800

c) A plan or plans of the building showing the ground plan, plan of each floor and the sectional and front elevation of building

d) The particulars in the Annexure

1. The owner / legal representative of every part of the land to which the accompanying application relates request that Planning Permission for the Development may be accorded.

Date

Signature of the owner of the land and building or applicant

Strike out the portion which are not applicable

## ANNEXURE - II

To be completed by the applicant:

1. Applicant Name (in Block capitals):

Address

Tel. No.

2. Particulars of proposal for which permission of approval is sought

(a) Full address or location of the land to which this application relates and site area Door/Plot No. Town Survey No./S.F.No  
Division or Ward No  
Road or Street Name  
Name of Local Authority  
Site area

(b) Particulars of proposed development including the purposes for which the land and/or buildings are to be used

(c) State whether applicant owns or controls any adjoining land and if so give its location and extent.

(d) State whether the proposal involves:  
i) New building(s)  
ii) Alteration, extension or addition  
iii) Change of use

3. Particulars of present and previous use of building or land

State

| Extent in sq. mts |      |
|-------------------|------|
| (1)               | (2)  |
| Building          | Land |

- i) Present use of building/land  
ii) If vacant the last previous use

- iii) Under Section 54 of the Tamilnadu Town and Country Planning ACT 1971 (Act 35 of 1972) as amended in Act 22 of 1974, I agree to make any modifications which may be required by any notice issued by any order confirmed by the Authority.
- iv) I agree to keep one of the approved site plan and one set of copies of the sanctioned plans of the building at the site of the building at all times when the development is in progress and also agree to see that such plans are available and the building is open at the reasonable times for the inspection of the Member Secretary or any officer authorised by him in that behalf.
- v) I agree to furnish a set completion plans within fifteen days from the date of completion of the Development.

Signature of the owner of the  
land and building or applicant

## ANNEXURE - III

Rs. 10 stamp paper

Form of undertaking to be executed individually by (1) Land owner or (2) power Attorney Holder or (3) Builder or (4) Promoter (See rule 2 (a) (iii))

This deed of undertaking executed at Kaghithapuram New Town Area on \_\_\_\_\_ the \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_ by Thiru/mt/Selvi \_\_\_\_\_ Son/Daughter of \_\_\_\_\_ aged \_\_\_\_\_ residing at No. \_\_\_\_\_

in favour of the Kaghithapuram New Town Development Authority having its office \_\_\_\_\_ witnesses as follows.

1. I have applied for the Planning Permission for the construction \_\_\_\_\_ at \_\_\_\_\_ Premises No. \_\_\_\_\_ by submitting an application to the Kaghithapuram New Town Development Authority in accordance with the Planning norms prescribed under the prevailing Development Control Rules. I am associated with the project as land owner/power of Attorney holder/Building/Promoter. I assure that I will put up the construction only in accordance with the approved plan without any deviation and if any construction is later on found not in accordance with approved plan and any unauthorised addition is made. I agree for the forfeiture of security deposit which will be collected while issuing Planning Permission, and also agree to demolish such a deviation marked by the Kaghithapuram New Town Development Authority within thirty days after such notice, failing which part from forfeiture of security deposit the Kaghithapuram New Town Development Authority may demolish or cause to demolish such unauthorised or deviated construction at the site under reference and recover the cost of demolition from me.

2. I also assure that the open space around the building to be left for the usage of the building including the car parking in ground floor, will be kept as specified in the approved plan and it will not be converted into any other use except the purpose for which it is to be kept open. If any structural modification or usage differs from the approved plan, the authority is at liberty at any time to take any action to remove any structural modification or usage and the expenses incurred by the Authority is recoverable from me for non-compliance of their request or order.

3. I further assure that I will not convert any place of the construction in contravention to the approved plan, especially in respect of car parking as specified in the sanctioned plan. At any time in future, I will not convert the car parking on stilts by covering them fully, and use the car parking space for any other purposes. If any construction work in car parking place, covering them either as a flat or for any other purpose is done either by me or by my successor or by any other person to whom the said construction is transferred in future, without getting appropriate order for doing so from the Competent Authority, the Authority is at liberty at any time to take any action to remove any structural modification or usage and the expenses incurred by the Authority is recoverable from me/ my successor or from any other person to whom the said construction is transferred in future.

4. I hereby undertake that, I am jointly and severally responsible with the land owner/Power of Attorney Holder/ Builder/Promoter to carryout the developments in accordance with the permission granted and also for payment of Development charges Security Deposit Scrutiny Fee and for all other charges levied from time to time by the Authority and also liable for penal provisions for developments made in contravention of the Development Control Rules and these presents.

5. This deed of undertaking is executed by me on the \_\_\_\_\_ day of \_\_\_\_\_ 19\_\_\_\_ with the full knowledge of the contents of this document.

## ANNEXURE XII

## LIST OF INDUSTRIES PERMISSIBLE ONLY IN SPECIAL AND HAZARDOUS INDUSTRIAL ZONE

(See Rule 14 of Development Control Rules)

## I. Inorganic manufacturing Industries

i) Acids: Sulphuric acid, nitric acid, acetic acid (Glacial), Picric acid, Hydrochloric acid, Phosphoric acid, Battery acid, Benzoic acid, Carboic acid, Chlorosulphonic acid etc.

ii) Alkalies, Caustic soda, Caustic potash, soda ash etc.

iii) Production of mineral salts which involves use of acids

iv) Carbon disulphide, Ultramarine blue, Chlorine Hydrogen

## II. Organic Manufacturing Industries

i) Dyes and Dyestuff intermediate manufacture

ii) Synthetic plastics like polythelene, P.V.C. Resin Nylon

iii) Synthetic Rubber

iv) Synthetic detergents

v) Insecticides, Fungicides and Pesticides

vi) Phenols and related industries based on coal tar distillation

vii) Manufacture of compressed 'Permanent' liquified and dissolved gases

viii) Acetylides, Pyridines, Iodoform, Chloroform, B-Naphthol etc.

## III. Miscellaneous

Electro-thermal industries such as manufacture of calcium carbide, Phosphorous, Aluminium dust and power, copper, zinc etc.

## IV. Poisons

Aluminium sulpho-cyanide, Arsenic and its compound, Barium acetate, Barium bromide, Barium carbonate, Barium Cyanide, Barium ethylsulphate, Barium acetate, Cinnabar, Copper, Sulphocyanide, Ferrocyanide, Hydrocyanic acid, Potassium oxalate, Potassium cyanide, Prussiate of Potash, Pyrogalllic acid, Silver cyanide etc.

### Manufacture of Cellulosic Products

Rayon fibre, waste products, Rayophane paper etc., cellulose nitrate, Celluloid articles scrap and solution, paints enamels, colours, varnish (other than Litho Varnish) and Varnish removers of all kinds, Turpentine and Turpentine substitute

Matches  
Printing Ink  
Industrial Alcohol  
Manufacture of Newsprint

### V. Petroleum Products

1. Crude Oil refining, processing & cracking, Petroleum jelly, petroleum ether, Naptha cracking including gas cracking for any purpose.

2. Carbon black manufacture & blacks of all kinds

3. Petroleum coke usage for Graphite production.

4. Lubricating and fuel oil and illuminating oils and other oils such as schist oil, shale oil etc.

### VI. Rubber Industry

Reclamation of rubber and production of tyres, rubber solutions containing mineral naptha rubber waste.

### VII. Metallurgical Industries with the following operations

1. Sintering, Smelting

2. Blast furnaces

3. Recasting of ore sulphide, acids or mixtures

### VIII. Manufacture of Radio Active Elements such as Thrium, Radium and similar isotopes and recovery of rare earth.

### IX. Paper and paper products Large scale paper, pulp and board manufacture

### X. Leather & Other Animal products

1. Leather tanning

2. Glue and gelatine manufacture from bones and flesh

3. Bone crist, bone meal, bone powder or storage of bones in

4. Glandular extractions

5. Animal and fish oils

XI. Manufacture of Explosive Ammunition

1. All types of explosives or their ingredients such as fire-works of all kinds, bob-bons, gun cotton, gun powder, flares, flesh, powders, rockets

2. Industrial gelatine, Nitro glycerine and fulminate

XII. Manufacture of Cement and Refractories

1. Portland cement

2. Refractories

3. Enamelling vireous

4. Glass furnaces of 3 tonne capacity and above

XIII. Fertilisers

Nitrogenous and phosphatic fertiliser manufacturing on a large-scale except mixing of fertilisers or compounding.

XIV. Heavy Engineering & forging shops using hammers exceeding 1 Ton

XV. Wood & Wood products

Distillation of wood

XVI. Textiles

1. Oil sheets and water proof clothing (a) Wool Spinning

2. Clean rags (not including clean textile cutting) oil and greasy rags

3. Flax Vam and other fibre

4. textile furnishing bleaching and dyeing

XVII. Foods

1. Vegetable oils

2. Abattoirs

3. Alcohol distilleries and breweries and potable spirits

4. Sugar refining

## ANNEXURE XIII

## List of Cottage Industries

(See rule 9 (j) of Development Control Rules

1. Arecanut cutting
2. "Appalam" manufacturing
3. Bee-keeping (agricultural) honey and Bees
4. Bakery biscuits, cakes
5. Blanco cakes
6. Confectionery sweets
7. Coffee roasting and grinding
8. Dehydrated fruits and vegetables, dried fruits and dried vegetables
9. Fruit canning
10. Jaggery manufacture, gur-making from sugarcane, dateplam and coconut tree, hand made sugar, sugar candy
11. Jam, Jellies and preserves
12. Syrups, aerated water, ice making
13. Vermicelli manufacture
14. Apparel and ready made clothing (including sarees, dhoties)
15. Artificial flowers
16. Aloe fibre extraction-palmyrah, coconut fibres
17. Banlan manufacture
18. Blanket weaving
19. Block engraving for cloth printing
20. Brush manufacture
21. Button making out of mother of pearl, horns brass and in
22. Calico printing
23. Canvas shoes manufacture
24. Embroidery, knitting, crochet and needle work
25. Hosiery (with hand and power)
26. Laundry and cleaning clothes
27. Leather goods making, boots, shoes, chappals slippers, bed straps
28. Ornaments and jewellery (including bangles., combs)
29. Ornamental leather crafts, money-purses, hand bags
30. Weaving-cotton, wool tussore, jute, silk
31. Spinning cotton wool in charkas
32. Tailoring
33. Woolen fabrics and woolen goods
34. Wool clipping and grading
35. Fly shuttles looms making
36. Ribbon manufacture
37. Cane furniture (also cane and basketware making)
38. Cementware works
39. Coir, Coir making rope
40. Candle-sticks manufacture

41. Agarbathi making
42. Manufacture of cardboard and cardboard boxes
43. Clay modelling
44. Crayons
45. Engraving on metals
46. Enamelling
47. Handmade paper pulp paper cutting and paper fans
48. Inks, ink pads (for rubber stamps)
49. Lapidary work
50. Musical instruments - stringed or reed
51. Painting on blanks and glass
52. Perfumery - essential oils and scents
53. Pithwork - pith hat, garlands, flower
54. Printing and allied trade - Book binding Block making
55. Soap making
56. Korai mats, plates, baskets, hand bags window screen
57. Palmarah leaf - fancy and utility articles, midrib
58. Palymrah fibre - brush making
59. Palymrah rafters stems - furniture, cots, weaving of cots and seating from stem strips
60. Wood turners industry, other wood works
61. Fibre and fibre products
62. Leons
63. Match stick manufacture (manufacture of splints with wood only)
64. Fountain pen manufacture
65. Radio parts manufacture
66. Braided cord manufacture
67. Storing of articles in frigidaries
68. Toys
69. Clips
70. Decorticating dhall by hand grinding
71. Twisting and throwing of silk and cotton yarn
72. Twisting and winding of silk thread, cotton thread artificial yarns
73. Wax coating on paper cloth

## ANNEXURE XIV

## Special Rules for Multi-storeyed and Public Buildings

(See rule 18 A of Development Control Rules)

The minimum extent of site for construction of multi-storeyed building shall not be less than 1,500 square metres and should have the shortest side not less than 30 metres and shall either be a butts on a street not less than 18 metres in width or gain access from a public street of not less than 18 metres through a passage of not less than 18 metres.

Provided that the height of multi-storeyed building shall be regulated with reference to the extent of the site and the width of the abutting road or the public road from which the site gains access as given here under.

| Minimum extent of the site | Minimum road width of the site abuts or gains access from |
|----------------------------|-----------------------------------------------------------|
| 1                          | 2                                                         |
| 1500 square metres         | 12 metres and above upto 18 metres                        |
| 2000 square metres         | Above 18 metres upto 21 metres                            |
| 2500 square metres         | Above 21 metres                                           |

Explanation: The height of the building should not exceed 1.5 times of the width of the road in front of the site. For every additional height of 6 mtr or not there of beyond 30 mtr the site must have minimum extent of 500 sq.mtr.

2. Floor space index and plot coverage :- The maximum permissible floor space index and plot coverage shall be as given below.

| Maximum permissible plot coverage | Maximum permissible Commercial building special area (vide Annexure X8) | Floor space index other areas Residential/commercial buildings |
|-----------------------------------|-------------------------------------------------------------------------|----------------------------------------------------------------|
| (1)                               | (2)                                                                     | (3)                                                            |
| Upto 30%                          | 2.75                                                                    | 2.50                                                           |
| Above 30% upto 40%                | 2.50                                                                    | 2.25                                                           |
| Above 40% upto 50%                | 2.25                                                                    | 2.00                                                           |

Explanation: The following shall not be included in the determination of the floor space index and plot coverage:

(a) Such space under a building on stilts or in a basement or cellar floor which is needed to fulfill the requirements of parking after accommodating the maximum number elsewhere in the site like set back spaces, space between blocks, terrace etc.

(b) Area necessary for the electric cabin or sub-station, watchman's cartaker's booth, pump house and garbage shaft.

(c) Stair case room and lift room above the topmost storey, architectural features, chimneys and elevated tanks.

(d) Area of basement or cellar used as store room and airconditioning plant room used as necessary to the principal use. However, this area shall not exceed 10 percent of the total area in all the floors.

(e) Such other spaces as may from time to time be prescribed by the Madras Metropolitan Development Authority.

3. Set-back spaces: - (1) Set back spaces around and about the building.

(a) There shall be space permanently open to sky forming an integral part of the site and of a minimum extent specified in this rule, between each of the boundaries of the site any building proposed within the site and also between building and any building proposed within the site.

(b) The extent of the set-back space shall be as follows:-

| Height of building above ground level | Minimum required set-back space from the property boundary | Spacing between blocks in the case of group development |
|---------------------------------------|------------------------------------------------------------|---------------------------------------------------------|
| (1)<br>(In metres)                    | (2)<br>(In metres)                                         | (3)<br>(In metres)                                      |
| Above 15 metres upto 30 metres        | 7                                                          | 7                                                       |

For every increase in height of 6 metres or part thereof above 30 metres, minimum extent of set-back space to be left additionally shall be one metre.

Explanation:- (i) For the purpose of these rules, group development is one which has two or more blocks of buildings in a particular site irrespective of whether these structures are interconnected are not. Any inter link between the structures in terms of connecting corridors shall not be construed as making any structures into one:

(ii) In the cases where street alignment has been prescribed, the front open space shall be left from the street alignment.

(c) The space specified above shall be kept open to sky and free and free from any erection/projection (such as sunshade/balcony) of any building other than a fence or compound wall provided that these open yards may be used for the provision of access ways to the building's parking facilities.

4. Height of Buildings: (a) Multi storeyed buildings exceeding 20 metres height shall not normally be permitted, save in exceptional cases, subject to such special conditions as may be stipulated by the Director of Town and Country Planning and Government.

(d) A watchman, care taker, booth or Kirsil or power transformed shall be permitted in the set back space at ground level after leaving 6 mtrs clear set back from main buildings provided its height above ground level does not exceed 4 mts.

Provided that the height restriction shall not apply for an open transformal.

#### 5. Parking and Parking facilities:

1 (a) For the uses of the occupants and persons visiting the premises for the purposes of profession, trade, business, recreation or any other work, parking spaces and parking facilities shall be provided within the site to the satisfaction of the Authority and conforming to the standards specified in the Annexure XIII under rule 20 of DCR.

(b) Necessary provision shall also be made for the circulation of vehicles gaining access to and from

- (i) the parking spaces and facilities, and
- (ii) the premises into the street

2. The parking spaces and facilities provided under this rule shall be maintained as such to the satisfaction of the Commissioner and conforming to and any bye-law that may be made by the Corporation from time to time in this regard.

3. The portion of the site affected by street alignment shall not be reserved for parking.

4. Vehicular access within in site: The vehicular access way within the site shall have a minimum width of 7.2 M and such Vehicular access shall be available for every building block in the site.

(Corridor width: The corridor serving as access for unit in the development in whichever floor they may be situated shall not be less than 1.8 metres for residential uses and 2.4 metres for others.

6. Basement Floor: (a) The height of basement floor shall not exceed 1.2 metres above ground level and the head room shall be minimum 2.2 metres. Where the basement height exceeds 1.2 metres the same shall be included in the total floor area of the building for calculation of floor space index, etc.

(b) No part of the basement shall be constructed in the minimum required set back spaces.

7. Mezzanine floors: Mezzanine floor is an intermediate floor between two floors above ground level with area of mezzanine restricted 1/3 of the area of the that floor and with a minimum height of 2.2 metres.

8. Conformance to National Building Code of India: (a) In so far as the determination of sufficiency of all aspects of structural designs, building services, plumbing, fire protections, construction practice and safety are concerned the specifications, standards and code of practices recommended in the National Building Code of India, 1971 shall be fully confirmed to and any breach thereof shall be deemed to be a breach of the requirements under these rules.

(b) Every multi-storeyed development erected shall be provided with (i) lifts as prescribed in National Building Code; (ii) a stand-by electric generator of adequate capacity for running lift and water pump, and a room to accommodate the generator; (iii) a room of not less than 6 metres by 4.5 metres in area with a minimum head than 6 metres by 4.5 metres in area with a minimum head room of 3 metres to accommodate electric transformer in the ground floor; and (iv) at least one metre room of size 2.4 metres by 2.4 metres for every 10 consumers; of size 2.4 metres by 2.4 metres for every 10 consumers of three floor whichever is less.

9. Reservation of land for communal and recreational purposes: The land for communal and recreational purposes shall be restricted as given below at ground level in a shape land location to be specified by Madras Metropolitan Development Authority.

## ANNEXURE XV

LIST OF INDUSTRIES PERMISSIBLE IN CONTROLLED INDUSTRIAL USE ZONE  
(See Rule 12 of Development Control Rules)

## I. Chemical and Chemicals Products

1. Bakelite
2. Cosmetics
3. Disinfectants
4. Drugs
5. Essence and Aromatic Compounds
6. Ink
7. Matches
8. Plastic materials
9. Soaps

## II. Textiles

1. Artificial leather and cloth, water proof textiles
2. Cotton textiles
3. Hosiery
4. Lace, Silk and thread
5. Canvas goods
6. Readymade cloths
7. Umbrellas

## III. Electrical machinery appliances &amp; apparatus

1. Automobile Electric parts
2. Electrical Motor appliances
3. Flash lights
4. Fans
5. Frigidaires
6. Insulated wires and cables
7. Radio and electronic equipments
8. Storage batteries
9. Studio equipments
10. Transformers
11. Small domestic appliances & gadgets such as room heaters, coolers, hot plates, irons and lamps
12. Fluorescent light, fittings, including neon signs lamps
13. Electric lamps, shades, fixtures

## IV. Food

1. Canning and preservation of food
2. Confectionery candies and sweets
3. Ice, Ice-cream and soft drinks
4. Dairy products
5. Dhall mills
6. Edible oils
7. Flour
8. Rice mills
9. Tobacco and tobacco products

## V. Furniture

1. Steel furniture
2. Bamboo and cane furniture

## VI. Glass and Glass products

1. Vacuum flask

## VII. Metal Products

1. Bolts, chains and building hardware
2. Sheet Metal works
3. Bottons, Cutlery, locks
4. Metal galvanising, tinning and plating
5. Metal containers and steel tanks
6. Metal lamps and stores
7. Safes and Vaults
8. Type foundary
9. Razor Blades
10. Umbrella Ribs
11. Utensils
12. Zip fasteners
13. Trunks and metal boxes, suit cases and small containers
14. Steel wire products
15. Steel gates and grills
16. Educational and school drawing instruments

## VIII. Non electrical machinery

1. Agricultural Implements
2. Gramophone parts
3. Sewing machines and machinery parts
4. Printing machine parts
5. Springs
6. Structural steel fabrication
7. Metal Printing
8. Textile machinery
9. typewriter parts
10. Wood works machinery

## Parking Standards.

(See Rule 27 of the Development Control Rules)

PART I For the purpose of this rule the standard of car space and lorry space shall be defined as follows

|                                                                     |                                                                                |
|---------------------------------------------------------------------|--------------------------------------------------------------------------------|
| (i) Residential                                                     | 17.5 sq.m                                                                      |
| (ii) Commercial<br>Shop, Shopping centre                            | 20.0 Sq.m                                                                      |
| (iii) Offices and firms including<br>Public and semi public offices | 20.0 Sq.m                                                                      |
| (iv) Restaurant Hotels and Lodges                                   | 17.5 Sq.m                                                                      |
| (v) Assembly Halls, Cinema Halls<br>Public Halls                    | 20.0 Sq.m                                                                      |
| (vi) Kalyana Mandapam                                               | 25.0 Sq.m                                                                      |
| (vii) Ware houses, whole sale stores                                | 30.0 Sq.m                                                                      |
| (viii) Industries                                                   | 40.0 Sq.m                                                                      |
| (ix) Educational Institutions                                       | 20.0 Sq.m                                                                      |
| (x) Other uses                                                      | As may be decided<br>by the authority<br>subject to a minimum<br>of 17.5 Sq.m. |

## PART II

| Sl.No.<br>(1) | Building use<br>(2) | No.of parking spaces<br>(3) |
|---------------|---------------------|-----------------------------|
|---------------|---------------------|-----------------------------|

## 1. Residential

For building with dwelling unit or units of floor area exceeding 100 M<sup>2</sup> each

One car space for every 100 square metre of floor area or part thereof excluding the first 100 square metre in the other words

| Dwelling area | No. of car parking lots |
|---------------|-------------------------|
|---------------|-------------------------|

|                          |             |
|--------------------------|-------------|
| 101 - 200 M <sup>2</sup> | 1 car space |
|--------------------------|-------------|

|                          |             |
|--------------------------|-------------|
| 201 - 300 M <sup>2</sup> | 2 car space |
|--------------------------|-------------|

|                          |             |
|--------------------------|-------------|
| 301 - 400 M <sup>2</sup> | 3 car space |
|--------------------------|-------------|

Two wheeler parking: One two wheeler parking space for every dwelling unit with floor area of 40 to 100 square metre. The dimension of two wheeler parking lot shall be minimum 1.5 m x 2 metre with a drive way of width minimum 1.5 metres

Note: In such cases where the number of car parking space required does not exceed 2 or 3 in number, separate drive-way need not be insisted.

## 2. Commercial

- (a) Shop
- (i) Floor area upto 80 square metre - Nil
  - (ii) Floor area above 80 square metre but less than 100 square metre - one car space
  - (iii) For every additional 100 square metre or part thereof exceeding 100 square metre - one car space
- (b) Shopping Centre
- For every 100 square metre of floor area of part thereof - one car space
- (c) Offices and firm including public and semi public offices
- One car space for every 100 square metre floor area or part thereof
- (d) Restaurants
- One car space for every 100 square metre of floor area or part thereof.
- (e) Restaurants, Hotels and lodges
1. In starred and major hotels with more than 50 rooms one space for every 4 guest rooms
  2. In unstarred any other hotels - one space for every 10 guest rooms

|                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                          |
|----------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (f) Assembly Halls Cinema and public halls including community halls | One car space for every 20 square metre of auditorium area                                                                                                                                                                                                                                                                                                                                                               |
| (g) Kalyanamandapams                                                 | One car space for every 25 square metre of marriage hall area                                                                                                                                                                                                                                                                                                                                                            |
| 3. Warehouses and wholesale stores                                   | One lorry space for every 500 square metre of plot area of less                                                                                                                                                                                                                                                                                                                                                          |
| 4. Educational institutions                                          | <p>1 Floor area less than 100 sq.m - Nil</p> <p>2. Floor area above 100 sq. m but less than 1000 sq.m<br/>One car space for every 200 sq.m. of floor area of part of thereof</p> <p>3. For every additional 100 sq.m. of part One car space thereof over 1000 sq.m</p> <p>Note: Atleast 25% of the total parking space shall be provided in the part of the site abutting the road for parking stopping of vehicles.</p> |
| 5. Hospitals and Nursing Home                                        | One car space for every 15 beds or part thereof One extra area for every 100 sq.m of non-bed space in the Hospitals and Nursing Homes                                                                                                                                                                                                                                                                                    |
| 6. Industries                                                        | <p>i) Floor area upto 100 sq.m- Nil</p> <p>ii) Floor area upto 500 sq.m One lorry space</p> <p>iii) Floor area exceeding 500 sq. m. One lorry space for every 500 sq.m. of total floor area or part thereof</p>                                                                                                                                                                                                          |

7. Other uses  
(Institutions, transport  
communications centre  
etc.)

As may be specified by the  
Authority

### Part III

#### 1. Dimension:

The dimension of parking shall be 5.0m x 2.5 with a minimum width of driveway of 3.5m for one way movement and 7.2 m width for two way movement. In the case of warehouses and godowns and industries the dimension of parking stall shall be 10m x 3.75m with a minimum width of driveway of 3.75m. The number of car spaces required will be calculated on 75% of the total floor area in the building.

#### 2.1) Radius

Minimum inside radius of lane  
4.5m

#### ii) Gradient

1. Preferred gradient 4% (1 in 25)
2. Absolute maximum gradient 3% (1 in 20)

#### 3. Head room

In those parts of building (above or below ground floor level) used for the parking of wheeled vehicles, the minimum clear height to such part of the building shall not be less than 2.4m. For lorry parking the minimum head room shall be 3.5m.

#### 4. Conditions

1. The area of each stall shall be flat and free from kerbs and other encumbrances.
2. The angled parking, where a stall is adjacent to a large element such as a wall minimum stall width shall be 2.7m for parallel parking, where cars cannot be parked by reversing, minimum stall length shall be 7.2m

| 3. type of stall     | size                      | Aisle width parking minimum |
|----------------------|---------------------------|-----------------------------|
| (i) Parallel parking | 2.5 x 6.0m<br>Rectangular | 3.5m                        |
| 30 degree            | 2.5 x 5.0m<br>Rectangular | 3.5m                        |
| 45 degree            | 2.5 x 5.0<br>Rectangular  | 3.5m                        |
| 60 degree            | 2.5 x 5.0m<br>Rectangular | 3.5m                        |
| 90 degree            | 2.5 x 5.0m<br>Rectangular | 6.0m                        |

4. The width of aisles and ramps shall be free from kerbs and other encumbrances.

5. Adequate blending of ramp grades at floor levels shall be provided. This can be satisfactorily achieved by the provision of straight slope 3.0m to 3.6m long at half the grade of the ramps.

6. The surface of long spiral ramps shall be super elevated to facilitate movement of vehicles other means as may be approved by the Authority may be adopted.

7. The slope of a curved ramp shall be that of the centreline of its path.

/BY ORDER OF THE GOVERNOR

L.N.VIJAYARAGHAVAN  
SECRETARY TO GOVERNMENT.

GOVERNMENT OF TAMIL NADU

Abstract

Kagithapuram new town development authority - Constitution of new town development authority and appointment of members under section 11 of the Tamil Nadu Town and Country Planning Act, 1971 - Amendment-Orders-Issued.

-----  
HOUSING AND URBAN DEVELOPMENT (UDIV (2) DEPARTMENT

G.O.Ms.No.539.

Dated:27.12.1996.

Read:-

1. G.O.Ms.No.240, Housing and Urban Development Department, dated:4.3.94.
2. G.O.Ms.No.913, Revenue, dated:30.9.95.
3. From the Director of Town and Country Planning Letter Roc.No.42593/95/MP3, dated:2.1.96.

-----  
ORDER:

In the Government order first read above, the Government have constituted the Kagithapuram new town development authority for the Kagithapuram new town and the Collector of Tiruchirappalli district was appointed as the Chairman of the said Authority and the District Town Panchayat Officer and Personal Assistant to Collector (Town Panchayat), Tiruchirappalli was appointed one among the members under sub-section (4) of section 11 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972). In the Government Order second read above, the Government have trifurcated the erstwhile Tiruchirappalli district. In his letter third read above, the director of Town and Country Planning, has reported that the Kagithapuram new town comes under the jurisdiction of the newly formed "Karur Dheeran Chinnamalai Gounder district". Hence the Director of Town and Country Planning has suggested that it would be more appropriate to nominate the collector of Karur Dheeran Chinnamalai Gounder district as Chairman in the place of Collector of Tiruchirappalli district and also to nominate Assistant Director of Town Panchayat, Karur Dheeran Chinnamalai Gounder district in the place of District Town Panchayat Officer and Personal Assistant to Collector (Town Panchayat), Tiruchirappalli. The Government have accepted the above suggestion of the Director of Town and Country Planning.
