TENKASI MASTER PLAN

CHAPTER I

INTRODUCTION :-

Physical Aspects of the Town :-

1.01 Tenkasi is a first grade municipal town from 01.07.98 which is situated about 5 Km on north-east of Courtallam, 8 Km on south-east of Shengottai, 52 Km on north-west of Tirunelveli, 70 Km on south of Rajapalayam. It lies 9° northern latitude and 77° 20' on eastern longitude. The state highway which links Tirunelveli and Kollam passes through this town and is at a distance of 52 Km north-west of Tirunelveli and 95 Km east of Kollam in Kerala State. The Kollam Tirumangalam National Highway No.208 is linked with Tirunelveli-Kollam state highway No.39 in this town. The location of Town is shown in map No.1.

1.02 The functional category of the town is based on agricultural activities, commercial activities and administrative status.

1.03 Courtallam, a health resort, is at 5 Km south-west of the town. The town has a lubrious climate. Courtallam season from June to September is also enjoyable at Tenkasi. Generally this town has slope from west to east. Rainfall is high during October to December months. The annual rainfall varies from 12mm to 310mm and the minimum temperature is 29 C and maximum temperature is 39 C.

 PLANNING, TIRUNELVELI REGION
 TIRUNELVELI-2

1.04 The famous temple of Sri Lokambika Kasi Viswanatha Swami, is situated in the heart of the town and is built by Harikesari Parakrama Pandya in the year A.D. 1447. According to a legend God Viswanatha appeared before the king in a dream and ordered him to construct a temple as the permanent abode in the South for the God in Banaras. In front of the Gopuram, there is a four-sided pillar which contains inscription, relating to the construction of the temple.

The temple contains numerous Pandiyan inscriptions of the 15th and 16th centuries. The temple also contains sample of fine stone curving. As lightning attacked on the Gopuram, it stood as Mottai Gopuram upto A.D. 1983. After that, it was raised and renovated in the next 7 years. Maha Gumbabiseham was held on 25.06.1990. Now this Gopuram exhibits good pictursque to this town. Pilgrims make regular visit to this temple and Gopuram during Courtallam season.

1.05 The Tenkasi Town is the head quarters of Tenkasi Taluk & Revenue Division. Tenkasi Railway Junction where the Virudhunagar – Tenkasi Broad guage chord line meets with Tirunelveli – Kollam section of the main line is located at a distance of one Kilometre from the temple towards north.

Population Pattern

1.06 The population of the town during 1961 was 22862. The population has increased to 42627 during 1971, 49214 during 1981 and 55189 during 1991. The maximum decadal variation is 86.45% increase during the period 1961 to 1971. The rate of growth of

population of this town during last decade is 10.83% which is comparatively low and it is still in the status of first grade Municipality. Table No.1 shows the population variation during last three decades in the town.

Table No.1

Year	Population	Increase	Variation
1961	22862	-	-
1971	42627	19765	86.45%
1981	49214	6587	15.45%
1991	55189	5975	10.83%

Housing

1.07 The number of occupied residential houses were 11761 in 1991 and the number of house holds were 11779 in 1991.

Occupational pattern

1.08 Out of the total population of 55189 during the year 1991 in the town, 20866 were working force which constitutes 37.80% of total population. Among the working population, 4638 were in primary sector, 5549 were in secondary sector and 10679 were in tertiary sector, constituting of 22.22%, 24.20% and 53.18% respectively. The working force of the town population during the year 1991 is furnished below :-

Table No.2 Occupational Pattern

Category	No. of Workers	% to total workers	% to total population
Primary	4638	22.22	8.40
Secondary	5549	24.20	10.05
Tertiary	10679	53.18	19.35
Total Workers	20866	100.00	37.80
Non-Workers	34323	-	62.20
Total	55189	100.00	100.00

Existing Land Use :-

1.09 In order to assess the land use break up of the town, land use survey was conducted in 1998. The land use map was also prepared and presented as map No.2. The existing land use break up of the entire town is given below in Table No.3.

Table No.3 Land use break up for entire town

SL.No	Uses	Developed Area in Hectares	Percentage to developed area	Percentage to total area
1.	Residential	200.92	60.96	8.00
2.	Commercial	16.37	4.97	0.65
3.	Industrial	18.58	5.64	0.74
4.	Educational	50.11	15.20	1.99
5.	Public and Semi Public	43.59	13.23	1.73
	Total	329.57	100.00	13.11
6.	Water Bodies	166.80	-	6.64
7.	Transportation	95.95	-	3.82
8.	<u>Agricultural</u>			
	Wet	680.61	-	27.09
	Dry	1239.65	-	49.34
	Total	2512.58	100.00	100.00

Source: Field survey conducted by Town and Country Planning Department, Tirunelveli in 1998.

1.10 From the table it is seen that out of the total area of 2512.58 Hec of land only 329.57 Hec. of land constitutes developed area which works out to be 13.11% of the total area. The undeveloped area accounts to 2183.01 Hectares which works out to be 86.89% of total area.

Residential Use

1.11 Residential area including residential open spaces all round forms 60.96% in the developed area and 8% of the total area of the town. Residential developments are concentrated on south west quarter of Local Planning Area.

Commercial Use

1.12 The commercial activities of the town is concentrated around temple (i.e) Four car streets along Swami Sannathi Road, Madurai road and Tirunelveli road.

The commercial activities are divided as follows :-

- (i) Whole Sale establishments
- (ii) Retails shops

1.13 The retail shops are mainly concentrated in four car streets and Swami Sannathi road. The whole sale establishments are along Madurai road.

There are about 915 retail shops. There are only 126 whole sale commercial establishments in the town. There is one daily market at Haripukara Street and another daily market at weekly shandy premises. There is one weekly market is located at Tirunelveli road which serves for the town and surrounding hinter land. The weekly market is convened on every Wednesday.

Industrial Use

1.14 The industrial developments in the town are very poor. 65 units of services industries and 40 small scale industries with using less than 50 HP. 5 medium industries (using more than 50 HP) 28 rice mills, 13 flour mills and four power looms are located in this town.

1.15 The existing town is surrounded by fertile paddy fields towards south which are irrigated by perennial river, Chittar tank and channels. There is poor scope for industrialization due to non-availability of raw materials. But handloom weaving is predominant as a cottage industry which is providing employment opportunity to some extent.

Educational Use

1.15 There are 4 Higher Secondary Schools, 2 High Schools, 3 Middle Schools, 14 Primary Schools located in various parts of the town. There is one polytechnic (Private) on the northern part of this town. There is one Government I.T.I along Madurai road. There is no arts college in this town. But one arts college is functioning for women at Courtallam at a distance of 5 Km towards west of the town. Another one, namely Sattanathakaraiyalar college for

co-education is at Ilathur village, 7 Km away from this town. Both of the colleges are located outside the municipal area.

Public & Semi Public

Medical

1.17 There is one District Head Quarters Hospital with a bed strength of 90 located in this town. There are 3 maternity centres which are maintained by Municipality. There are 6 private hospitals, having average strength of 18 beds in each hospital. These facilities serves to the people in the town as well as the surrounding villages.

Religious Institutions

1.18 There are 155 small temples, 4 churches and 16 mosques in this town.

Recreations

1.19 There are 5 Permanent cinema theaters. Out of two libraries in this town, one is located in V.O.C. park which is maintained by municipality. Another library in Amman sannathi street is maintained by District Library Authority. There are 4 parks which are maintained by the municipality. One is located opposite to Padmam theatre, named V.O.C. park. Second one is located near of Thaibala cinema Theatre, named as Chinthamani park. Third one is located near daily market named as Melapuliyur park. Last one is located at heart of Keela Puliyur village. Radio room is constructed in all parks. As regards to play ground facilities, there is no separate playground in this town. Existing play grounds are attached with concerned schools.

Festival

1.20 Masi Maga Thiruvizha is held during February – March of every year.

Street Lights

1.21 There are 982 tube lights, 76 mercury vapour lights & 9 other lights maintained by the municipality.

Transportation

1.22 The town is served by both roads and rails. There are 245 buses plying through this town. These bus services and as well as Trains services are sufficient for the mass transportation for passenger as well as goods.

1.23 Roads can be classified into two broad categories.

1. Arterial roads comprising State highways, Major District roads and other District roads.
2. Internal circulation roads maintained by Municipality.

1.24 Following details are, roads maintained by Municipality and Highways Department.

<u>By Municipality</u>		<u>By Highways Department</u>	
Bitumen tar Road	24.505 Km	Tar Road	15.3 Km
Cement Road	5.443 Km		
Metal Road	6.740 Km		
Earth Road	8.744 Km		

	45.432 Km		

1.25 The traffic in Kollam – Tirunelveli road and Madurai road is very heavy when compared to the traffic in other roads. During Courtallam seasonal times, the traffic in these roads is comparatively higher than other period.

1.26 The existing bus stand is functioning in Ward B, Block 4, S.No.3 to 8 which is inadequate for free movement of buses. So it is used as main bus stop. A new bus stand is constructed on Madurai road in S.No.196/1,2,3 197/1,2 of Ward B, Block 4 and is functioned from June 2003.

Water Supply and Drainage

1.27 There is protected water supply system available in this town. Water is drawn from Chittar River. There are 6 over head tanks. Additionally, two service reservoirs are also functioning, one for serving low level pockets and other for high level area in this town with a capacity of 5.687 lakhs litres and 3.64 lakhs litres respectively. They are filled by gravitation system through conveying main from off take point of Thengal Channel in Thalaiyani at Kuttalam hills. There is summer storage tank in which the drinking water is pumped out during summer period.

1.28 There are 104 Public water mains, 121 borewells, and 37 open wells, maintained by municipality. 2301 tap connections are given to houses.

1.29 Besides, combined water supply scheme was executed by TWAD Board. This serves to Tenkasi Municipal area, Courttalam Township and Ilangi, Melakaram Town panchayat areas. Total quantity of water pumped is 15 lakhs litres per day.

There is no proper drainage system in this town. Only open drains are constructed in this town.

Administrative Set Up

1.30 Tenkasi town was upgraded as First Grade Municipality from 01.07.98 vide G.O.Ms.No.85 Rd & LA Department dated 22.05.98. This town comprises two revenue villages namely Tenkasi and Puliur. In the town, streetwise election ward system is enforced. The area of the town has been divided into 33 wards vide G.O.Ms.No.135 MA & WS dated 11.06.96. There are six revenue wards namely A,B,C,D,E and F under town survey system. The revenue wards are taken into account for the preparation of master plan for the town.

Tenkasi Municipal area was declared as Local Planning Area under section 10(1) of T & C P Act 1971 in G.O.Ms.No.2018 RD & LA Department date 20.09.73. The notification was confirmed under section 10(4) vide G.O.Ms.No.640 RD & LA department dated 16.03.74. Tenkasi Local Planning Authority was constituted under section 11(1) of T & C P Act 1971 vide G.O.Ms.No.650 and 651 RD & LA Department dated 08.04.1975. The Chairman Members and Commissioner of the Tenkasi Municipality will be the Chairman Members and Members Secretary / Executive Authority for Tenkasi Local Planning authority.

1.31 Master plan for Tenkasi L.P.Area was consented in G.O.Ms.No.815 H & UD Department dated 24.09.84 and was subsequently sanctioned in G.O.Ms.No.9 H & UD Department dated 09.01.1992. The review master plan was consented under section 24(2) of the Act 1971 vide G.O.Ms No.217 H & UD Department dated.19.5.2000.

1.32 Two detailed Development Plans were prepared for this town namely DD Plan I and DD Plan II with an extent of 136.97 Acres and 166.20 Acres respectively. These two DD Plans were sanctioned vide proceedings of Director of Town and Country Planning RoC.No.16915/87 DDP2 dated 30.09.87 and RoC.No.27183/87 DDP2 dated 30.09.87 respectively. Since more than 10 years passed after sanctioned the Detailed Development Plans, Comprehensive variations have been prepared under section 33(1) of the Act 1971. These are approved by the Director of Town & Country Planning vide proceeding Letter No.9771/2000 DP2 dated. 16.7.2001 and Letter No. 28371/2001 DP3 dated. 31.1.2005 respectively.

CHAPTER – II

SCOPE FOR URBANISATION

2.01 Water courses such as River Chittar a Perennial river, Channels, Tanks rocky and hillock area within existing town limit are the limiting factors in the scope for urbanization.

2.02 Fertile paddy fields having two or three crops plantation like good yielding coconuts etc. on the southern part of the existing development, of the town are the limiting factors in the scope of urbanization. The cost of the wet land is high so it is not advisable to use the fertile lands for building construction. The northern part of the existing development is the scope for urbanization.

2.03 The people in the neighboring villages are immigrating to this town due to non availability of medical educational and recreational facilities, protected water supply which leads a little scope for the future development of the town.

2.04 It is expected that the future developments may occur outside of employment oriental industries restrict the scope of development. the municipal limit along the side of Madurai road, Shenkottai road and Courtallam road to a certain extent. The future development will be occurred in the northern portion of the existing town where dry lands are available. Absence of employment oriental industries restrict the scope of development.

2.05 Limitation due to administrative jurisdiction . The southern part of the present administrative jurisdiction is a good fertile land with two irrigation tanks by name Sivalaperikulam and Puliyur periakulam . The existing quarries and hillocks area in the north east part of the town is also the limiting factor for the development of the town .if the neighboring developing area of the Melagaram, Kuthukalvalasai and Ilanji villages along Courtallam, Quilon and Kadayanallur road (Madurai road) has to be merged with the Municipality it will get good revenue and thereby infrastructure facilities such as water supply, roads etc., can be improved.

CHAPTER III

ANALYSIS AND ASSESMENT

OBJECTIVE

3.01 Tenkasi is a first grade Municipal town identified as a service centre in the Regional Plan. The building developments in the southern part of the town is restricted by fertile paddy fields irrigated by river, channels and tanks. As per the present policy of the government the lands under wet irrigation are to be conserved. Kitchengardens and coconut and fine fruit growing trees are to be encouraged in the urban areas. As per the population growth in the previous decades, there is sluggish growth of the town and tendency of under employment. The unemployment people were to migrate to major towns and cities.

3.02 Our objective is to optimise the land use and resources and giving employment potential so that we can generate more employment opportunities and assets further migration to major towns. It is necessary to promote cottage and rural industries such as handloom and powerloom industries, handicrafts, Dairy forming, live stock and poultry development and employment in construction of infrastructure facilities such as housing forming and repairing of roads, maintenance of irrigation works and trade and commerce.

3.03 The objectives also includes to change the social structure by improving infrastructure facilities and creating a better and healthy living environments. To improve the standard of living by optimum use of nature and human resources, to provide amble and attractive sites,

housing for all the socio-economic groups especially to weaker section of the society to encourage the efficient and convenient distribution of shopping, social, cultural and recreational facilities to provide attractive sites for educational and medical institutions and public offices, etc., to ensure that people can easily travel about the area, to ensure that adequate services are provided to the people to encourage individuals to develop their full capabilities through provision of climates for expanding social and economic opportunities to serve effectively as service centre for rural hinter land.

Population Forecast

3.04 Assessment of land requirements for various urban needs are assessed based on the population projection. In the assumed planning period of 2011, the development of the town may expand beyond its present limit of development. So, to arrive at the population in 2011, the present population of the town and its growth are considered generally.

Table 3.1

Year	Population	Increase	Variation
1961	22862	-	-
1971	42627	19765	86.45%
1981	49214	6587	15.45%
1991	55189	5975	10.83%
Total		39327	112.73%

Population projection is attempted by the following three methods

(i) ~~By Arithmetical Method~~

$$\text{Average Increase} : \frac{32327}{3} = 10776$$

Population forecast for the year

$$\begin{aligned} 2001 & : 55189 + 10776 = 65965 \\ 2011 & : 65965 + 10776 = 76741 \end{aligned}$$

(ii) By Geometrical Increase Method

$$\text{Average Increase} : 112.73/3 = 37.57\%$$

Population for the year

$$\begin{aligned} 2001 & : 55189 \times 1.3757 = 75924 \\ 2011 & : 75924 \times 1.3757 = 104449 \end{aligned}$$

(iii) By Incremental Increase Method

$$\text{Average Incremental} : (13178 + 612) \times \frac{1}{2} = 6895$$

$$\text{Average arithmetical increase} : = 10776$$

Future Population for the year

$$\begin{aligned} 2001 & : 55189 + 6895 + 10776 = 72860 \\ 2011 & : 55189 + (2 \times 6895) + 10776 = 79755 \end{aligned}$$

Table 3.2

		Future population for	
S.No	By Method of	2001	2011
1.	Arithmetical Method	65965	76741
2.	Geometrical increase method	75924	104449
3.	Incremental increase method	72860	79755

Population for 1998 is 59876

3.05 Considering the present trend of growth of population, the future population for the year

2001 will be 66,000

2011 will be 77,000

Occupational Pattern

3.06 It is assumed that the future working force in various economic activities will more or less be same as existing. The working force has to be distributed over the various economic activity based on the present trend. It is found from the existing structure of workers that tertiary activity is more in the town in 1999 and also keeping there, pointly the suggested working forces in 2011 is furnished below in Table No.3.3

Table 3.3

Occupational Breakup

Sector	Percentage of workers to the total working force 1991	Suggested Occupational pattern in 2011
Primary	22.22	25
Secondary	24.20	25
Tertiary	53.18	50
Total	100.00	100

3.06 The ultimate population envisaged is 77,000. It is assumed that the working age group constitute about 60% and workers assumed as 46200. The following table gives the economic activity of working force anticipated.

Table 3.4 Economic activity of working force anticipated 2011

Economic activity	% as per 1991 census	Proposed Percentage	No. of workers anticipated
Agriculture	22.22	25	11550
Industry	24.20	25	11550
Commerce, Transport & Services	53.18	50	23100
Total	100.00	100	46200

Land Use Requirements

3.08 Further land use requirements are made studying existing land use pattern of the town similar population and also based on the information furnished by the Directorate of Town and Country Planning, Chennai. The Proposed land use breakup standards are shown in Table 3.5

Table 3.5

Proposed Land use breakup based on Urban Land use standard

S.No	Land Use	Land use breakup suggested by Directorate to developed area in percentage	Proposed land use breakup percentage
1.	Residential including Transportation	40% to 50% 14% to 17%	70%
2.	Commercial	3% to 6%	6%
3.	Industrial	10% to 15%	10%
4.	Public and semi public including educational use	14% to 17%	14%

3.09 Some of the problems of Tenkasi Town :-

1. Agriculture and handloom weaving as predominant occupation actually educated and excess population find it very difficult for employment.
2. Wet lands, hillocks and quarries are restricting the building activities.
3. Town is developed in a hapazard manner with narrow roads and streets and cracked lanes. The main through fares are passing through the thickly developed area and also the central area of the town.
4. Railway junction is located in the middle of the administrative town limit.
5. Lack of sufficient protected water supply throughout the year especially in summer season.
6. Open spaces and areas around water ponds and river bed area are being used on open air latrines.
7. Mosquitos and house fly nuisance, sewage and waste water disposed from residences and commercial establishments stagnated in open cess pools are breeding places of mosquitoes and flies.
8. Poor financial condition of the local body.

CHAPTER IV
DEVELOPMENT PROPOSAL

Proposed land Use Zone

Residential Use Zone

4.01 Residentail part of Tenkasi town has developed around the temple, in the area between Madurai road and railway line and in the Puliur Natham area. The residential development has been developed with different uses mingled with one another. Considering the present trend of growth and the area for preserving the wet lands, the remaining dry land close to existing residential area, the vast area in between east of Madurai road up to eastern boundary of LPA, both sides of southern proposed by-pass road and eastern side of Puliur Railway Station, have been earmarked as mixed residential use zone. All the residential area are classified as Mixed Residential use. The area for residential use allocated is 1257.07 Hectares.

Commercial Use Zone

4.02 Existing development of commercial area is not organised one of these are concentrated in the east of temple area, along the main road of the town viz., Tirunelveli road, Madurai road and Courtallam road.

4.03 The town serves the shopping needs of the town and hinter land around the town. Additional commercial areas 30m wide have been proposed on both sides of Tirunelveli road, Courtallam road along proposed bye-pass road near the junctions with main roads and buffer zone between the proposed residential and industrial use along the

Ayikudi road, and marked in the proposed land use map. Local shopping area and retail shops in existing residential area are not taken into account.

Industrial Use Zone

4.04 From the exist developments, it is found that there is no major industries in this town. Considering the present trend, controlled industrial use zone is proposed on eastern side of Madurai railway line and around the hillock along the proposed bye-pass road and northern side of Ilanji road.

4.05 The raw materials such as timber, bamboo, forest products clay available in plenty and services of skilled workers in the town, can be exploited to a greater advantage. Unemployment problem of local people and outward migration of working place can be controlled to some extent by establishing power loom industries, spinning mills, weaving mills, availing the good climatical condition for some industries.

Educational Use Zone

4.06 There is no arts and science college located within the Municipal limit. Considering the trend of growth of literacy standards of population, educational use zone is proposed along Madurai road, and adjoining the Polytechnic and Bible college and Southern side of east west proposed byepass road DD in ward B block 7.

Public and Semi Public Use Zone

4.07 The main function of the town is primary activities cum trade and commerce. It is growing as administrative centre under public and private sector. Based on the functional classification of the town, additional areas have been proposed for public and semi public use zone around the hillock in block 6,7 of ward B and along Mangammal road and proposed bypass road DD at northern side.

Traffic and Transportation

4.08 The existing net work of road consists of arterial roads, sub-arterial roads and local road developed in a most haphazard manner. The local roads are too narrow, cracked and uneven in width with thickly built up area.

4.09 Remodelling the entire road and street pattern even though ideal is not feasible due to socio economic condition of the local population and poor financial condition of the local body. Hence major circular roads are proposed.

4.10 To reduce congestion in the heart of the town new bye-pass roads and link roads are proposed as detailed below :-

- i) 24m wide east west bye-pass road starts from Mangammal road on west ends with Sundarapandiapuram road on east named as AA.

- ii) 24m wide bye-pass road starts from Madurai road crossings through Ilanji road, Railway line, Courtalam road, runs along southern side of Chittar river & ends with Tirunelveli road, named as BB.
- iii) 24m wide north-south bye-pass road starts from Tirunelveli road on south crosses through Sundarapandiapuram road and ends at L.P.A. northern boundary named as CC.
- iv) 24m wide east west link road starts from Madurai road on west and as continuation of proposed road on north in DD plan I & II and ends at north-south bye-pass road, 'CC' on east named as 'DD'.
- v) 18m wide 'I' shaped link road starts from existing Ayikudi road on west and ends at 24m wide bye-pass road DD on south named as EE.
- vi) The road indicated as double dotted line in ward A block 2 and block 4 connecting Madurai road on west and Mangammal road on east is now formed. So it is not treated as proposed road.

Final Land Allocation

4.11 The area required for different uses calculated based on the urban land standard are given in table 4.1 the table highlights the percentage of various urban areas to the developed area and total area.

Table 4.1
Proposed Land Use 2011

S.No	Use	Extent in Hec.	% to Developed area	% to Total area
1.	a. Residentail	1257.07	69.70	55.71
	b. Transportation	142.59		
		1399.66		
2.	Commercial	123.50	6.15	4.92
3.	Industrial	199.50	9.95	7.94
4.	Educational	160.80	8.00	6.40
5.	Public and Semi Public	124.54	6.20	4.96
Total		2008.00	100.00	79.93
6.	Agriculture	504.58	-	20.07
Total		2512.58	100.00	100.00

Detailed Development Plans

4.12 There are two sanctioned detailed development plans north of railway junction and along Madurai road. They are Detailed Development Plan No.I, Detailed Development Plan No.II. In respect of these areas developments are regulated through the rules and the provision contained in respective of Town Planning Schemes.

Preservation of Protected Areas

4.13 The fertile wet lands which are irrigated by perernial river an tank irrigation are to be protected and preserved from building activities and other urban uses.

CHAPTER V
ZONING REGULATIONS AND CONTROLLING OF
DEVELOPMENT

5.01 In order to implement the proposals contained in the master plan, certain essential and important zoning regulations we have to be framed and enforced.

5.02 Every development within the area covered by the Master plan for Tenkasi local planning area shall conform to the regulations prescribed hereunder.

5.03 Proposed land use zones are zoned in the proposed land use map itself. The uses permissible under the various use zone are given separately in the annexure. As per G.O.Ms.No.1730 RD&LA dated 24.7.74.

5.04 The uses permissible in various location and its survey numbers are also given separately given in the Annexure.

5.05 For implementation of the plan by the local planning authority zoning regulations are absolutely essential. the already approved zone in regulations by the government in their G.O.Ms.No.1730 RD&LA dept. dated 24.7.74 and subsequent amendment to be made to this G.O. as given in the annexure and enclosed in this report shall apply for the local planning authority. The grant or refusal of planning permission shall be as per the above zoning regulations.

5.06 If any notification issued under the panchayat act/Tamil nadu District Municipalities Act 1920 deleniating areas for industrial use is in existence then may be allowed to develop as such except for the areas proposed for specific uses as contemplated in this Master plan proposals for which the zoning regulations as in the ´appendix shall apply.

5.07 No person shall carry out any development as defined in section 2(13) of the Town and Country Planning Act 1971 without the written permission of the local planning authority.

5.08 Any site approval or planning permission for any development under these rules regulation shall not absorb the applicant of his responsibility to get clearance or permission under other acts, rules.

5.09 While granting permission the local planning authority may enforce such restrictions and conditions as may be necessary under the rules.

5.10 No development shall be in contravention of these rules.

5.11 No land premises for building shall be changed for put into a use not inconformity with the provisions of these rules.

5.12 In the case of an area comprised in a detailed development plan consented/approved under the Town and Country planning Act 1971 the developments to those areas shall be in confirmity with the detailed

development plan and regulations as per the provisions contained in the respective detailed development plans.

5.13 Where for an area detailed layout plan or land development has been approved by the local planning authority with the approval of the Commissioner of Town and Country Planning the zone on such layout plan shall be applicable and development in the area shall be regulated according to the rules subject to such conditions as may be described in such layout conditions.

5.14 The permission for any layout shall be granted by the local planning authority with the prior approval of the Director or his authorised officer subject to such conditions and regulations as may be stipulated by him.

5.15 The multi storied building shall be permitted along the roads abutting the roads, having a minimum of 18m width by the local planning authority with the prior approval of the Commissioner of Town and country planning subject to such conditions as may be prescribed by the Commissioner of town and country planning.

5.16 The layout sub division of land for building purposes shall be carried out only in accordance with the provisions as specified in the approved layout.

Development Charge

5.16 Every development intending to develop an area shall obtain planning permission from local planning authority on payment of developing charges at the rate fixed under the act and rules.

Exemptions

5.18 The Commissioner of Town and Country planning can relax any of the provisions covered in specific cases relating to (a) set back and open space requirements in plots.(b) permit any land and building use in any of the zones delineated or in any part of the local planning area prescribing such conditions as may be deemed necessary.

Variations

5.19 Any variations to the zoning regulations are variation to any of the classes contained in the master plan regulation shall be effected as per the provisions under section 32 of the Town and Country Planning Act 1971.

5.20 In so far as the lands included in the master plan these shall be deemed to have been excluded from residential areas notified under section 89 of Tamil Nadu Public Health Act 1939 and also from the industrial area notified under Panchayat Act and TamilNadu District Municipalities Act 1920 and the land and building uses shall be regulated under the Town and Country Planning Act Development plans.

5.21 The land use schedule as given in annexure is a final statement with respect to land use development irrespective of the colour indications as shown in the map which is only guidance.

Executive Authority
Tenkasi Local Planning Authority,
Tenkasi.
18/4/05

Regional Deputy Director of
Town and Country Planning
Tirunelveli - 2.
18/4/05

Of these, the Residential use zone has been further sub divided into two categories, namely :

1. Primary Residential use zone and
2. Mixed residential use zone

The industrial use zone has been similarly sub-divided into three categories namely:

1. Controlled Industrial use zone
2. General Industrial use zone and
3. Special Industrial and Hazardous use zone

2. The Director has also stated that the Tamil Nadu Town and Country Planning Act 1971 provides for the zoning of areas under section 17(1) and 20(2) (g) through the master plans and detailed development plans respectively. He has recommended that the draft zoning regulations may be approved and communicated to the Local Planning Authorities for adopting as part of the Master Plan for proper land use planning and control in addition to other regulatory measures and that as for the Madras Metropolitan area, a copy of the regulations may be sent to the Member –Secretary, Madras Metropolitan Development Authority for adoption as part of the Metropolitan Development plan with such notification as may be necessary, in consultation with him (the Director) and the Government.

3. A copy of the draft regulations was sent to the Member Secretary Madras Metropolitan Development Authority for his views. He has stated that the comprehensive land use proposals and zoning regulations for Madras Metropolitan Area are under preparation and that the suggestion of the Town Planning Directorate will be considered and incorporated to the extent as may be necessary in the final proposals.

4. The Government have examined the suggestions. They accept the views of the Member-Secretary, Madras Metropolitan Development Authority so far as it relates to the Madras Metropolitan Area and, as for other Urban areas of the state, the Government approve in principle, the draft zoning regulation submitted by the Director is requested to furnish copies of the draft zoning regulations to the Local Planning Authorities as soon as they are constituted.

5. The receipt of this order may be acknowledged by the Director of Town and Country Planning.

/By order of the Governor/

MM. RAJENDRAN
SECRETARY TO GOVERNMENT

/TRUE COPY/

ANNEXURE – B
USE ZONE REGULATIONS

1(a) PRIMARY RESIDENTIAL USE ZONE (PR)

Uses Permitted:-

1. All residential buildings including single and multifamily dwellings, apartment dwellings and tenements together with appurtenances pertaining there to.
2. Professional consulting offices of the residents and other incidental uses there for.
3. Petty shops dealing with daily essentials including retail provisions, soft drinks, cigarettes, newspapers, milk kiosks, cycle repair shops and single person tailoring shops.
4. Hair dressing saloons and Beauty parlours
5. Nursery and Primary schools
6. Taxi and Auto rickshaw stands and
7. Parks and Playfields.
8. Storage of domestic cooking gas cylinders (Vide G.O.Ms.No.457H & UD Dept. Dated. 01.06.1989)
9. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
10. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

I(b) Mixed Residential use zone . (MR)

Uses Permitted

1. All uses permitted under use zone I(a) ie., Primary residential use zone.
2. Hostels and single person apartments.
3. Community halls, kalyana Mandapams, religious buildings welfare centres and gymnasia.
4. Recreation clubs, Libraries and Reading rooms.
5. Clinics, Dispensaries, and nursing homes.
6. Government, Municipal and other institutional sub-offices.
7. Police stations, Post & Telegraph offices, Fire stations and Electric sub stations.
8. Banks and Safe deposit vaults.
9. Educational Institutions excluding colleges.
10. Restaurants, residential hostels and other board and lodging houses.
11. Petrol filling and service stations.

12. Departmental stores or stores or shops for the conduct of retail business.
13. Vegetable, fruit, flower, fish, eggs and meat shops.
14. Bakeries and confectionaries.
15. Laundry, tailoring and goldsmith shops and
16. Cottage industries permissible in residential areas under G.O.Ms. No. 566 dated 13.3.62.
17. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
18. Installation of Base Transceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

II. COMMERCIAL USE ZONE: -

Uses permitted

1. All uses permitted in use zone 1(a) and 1(b) (ie) residential use zones.
2. All commercial and business uses including all shops, stores, market and uses connected with the display and sale of merchandise, either wholesale or retail but excluding explosives, obnoxious products and other materials likely to causes health hazards.

3. Business offices and other commercial and financial institutions.
4. Warehouses, repositories and other uses connected with storage or wholesale trade, but excluding storage of explosives or products which are either obnoxious or likely to cause health hazards.
5. Cinemas, Theatres and other commercial entertainment.
6. Research, experimental and testing laboratories not involving danger of fire, explosion or health hazards.
7. Transportation terminals including bus stands, railway stations and organised parking lots.
8. Automobile repair shops and garages.
9. Small industries, using electric motors not exceeding 20 HP and or employing not more than 25 workers, which are not noxious or offensive due to odour, dust, smokegas. noise or vibration or otherwise dangerous to public health and safety and
10. Manufacturing and service establishments and commercial uses using electric motors not exceeding

50HP for use incidental to the commercial activities permissible in the zone. (As per the letter of joint Secretary to Government Housing and Urban Development Department, Chennai Letter No.12096 UD IV (i) 93-4 dated 2.8.93 addressed to Director of Town and Country Planning, Chennai.)

11. Restaurants with or without boarding and lodging houses, star hotels and non star hotels (Vide amendment issued in Government letter No. 69759/UD IV 288/11 dated 22.6.1992).
12. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
13. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

III. INDUSTRIAL USE ZONE

Use zone III(a) controlled Industrial use zone (IC)

Use permitted

1. All commercial uses listed under use zone 1(a) 1(b) and 2 ie., residential and commercial use zones.

2. Industries using electric power not exceeding 130HP (L.T maximum load) but excluding industries of abnoxious and hazardous nature by reason of odour, liquid effluent dust, smoke, gas, vibration etc, or otherwise likely to cause danger or nuisance to public health or amenity. Provided that these industries may use steam, oil or gas power during periods of power shortage or failure.

3. Hotels, restaurants, and clubs, places for social inter course, recreation and worship and dispensaries and clinics and

4. Residential buildings for caretakers, watchman and other essential staff required to be maintained in the promises.

5. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)

6. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

USE ZONE III(b) GENERAL INDUSTRIAL USE ZONE:

Uses permitted

1. All commercial uses issued under use Zone 1(a) 1(b) and 2 ie. Residential and commercial use zones.

2. All industries without restrictions on the horsepower installed or type of motive power used excluding those of obnoxious hazardous nature by reason of odours liquid effluent dust smoke gas vibration etc. or otherwise likely to cause danger or nuisance to public health or amenity.
3. Hotels restaurants and clubs or places for social intercourses recreation and worship or for dispensaries and clinics and
4. Residential buildings for caretakers watchman and other essential staff required to be maintained in the premises.
5. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
6. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

III© SPECIAL AND HAZARDOUS INDUSTRIAL USE

ZONE:-

Uses permitted:

1. All cCommercial uses listed under use zones 1 and 2 ie. Residential and commercial use zones.
2. All industries permissible in the use zone III(a) and III(b) ie. Controlled and general industrial use zones.

3. All uses involving storage handling manufacture or processing of highly combustible or explosive materials or products which are liable to burn with extreme rapidity and/ or which may produce poisonous fumes or explosion.
4. All uses involving storage handling manufacturing or processing which involve highly corrosive toxic or noxious alkalies acids or other liquids or chemicals producing flames fumes and explosive poisonous irritant or corrosive gases.
5. All uses involving storage handling or processing of any material producing explosive mixtures of dust or which result in the division of matter into fine particulars subject to a spontaneous ignition.
6. Processing or manufacturing anything from which offensive or unwholesome smells arise.
7. Melting or processing tallow or sulphur.
8. Storing handling or processing of manure offal blood bones rags hides fish horns or skin.
9. Washing or drying wool or hair.

10. Making fish oil.
11. Making soap boiling or pressing oil burning bricks tiles pottery or lime.
12. Manufacturing or distilling sago and artificial manure
13. Brewing beer manufacturing by distillation arrack or sprit containing alcohol whether denatured or not.
14. In general any industrial process which is likely to be dangerous to human life or health or amenity and not permissible in the use zones III(a) and III(b) ie. Controlled industrial and the general industrial use zones.
15. Hotels restaurants and clubs or places for social intercourse recreation and workship or dispensaries and clinics and
16. Residential buildings for caretakers watchman and other essential staff required to be maintained in the premises.

17. Installation of Base Transceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

IV. EDUCATIONAL USE ZONE (E) -

Uses permitted

1. Schools, colleges and other higher education and training institutions and the uses connected therewith
2. All uses permitted in use zone 1(a) ie., primary residential use zone.
3. Hostels and single person apartments.
4. Recreation clubs, libraries and reading rooms and
5. Restaurants
6. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
7. Installation of Base Transceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

V. PUBLIC AND SEMI PUBLIC USE ZONE (P&S) Use zone

Uses permitted

1. Government and Quasi Government offices
2. Art galleries, museums, acqaris and public libraries
3. Hospitals, sanitories and other medical and public health institutions
4. Harbour, airport, and flying club
5. Organised parking lots and bus and taxi stands
6. Parks, playfields, swimming pools, stadium, zoological gardens,exhibition grounds and other public and semi public open spaces
7. All uses permitted in the use zones 1(a) and 1(b) ie., the residential use zones.
8. Software development and training (Vide G.O Ms. No.260 H & UD department dated.29.10.2002.)
9. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

VI. AGRICULTURAL USE ZONE (AG)

Uses permitted

1. All agricultural uses
2. Farm houses and building for agricultural activities //
3. Rural settlements with allied uses
4. Public and private parks, playfields, gardens, caravan and camping sites and other recreational uses. //
5. Diary and cattle farms
6. Piggeries and Poultry farms
7. Water tanks and reservoirs
8. Sewage farms and garbage dumps
9. Airports and broad coasting installations
10. Forestry
11. Cemeteries, crematoria and burning and burial grounds
12. Storing and drying of fertilisers //
13. Fish curing
14. Salt manufacturing
15. Brick, tile or pottery manufacture
16. Stone crushing and quarrying and
17. Sand, clay and gravel quarrying
18. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

ABSTRACT

Information Technology – Setting up of Base Transceiver Station Towers and installation of equipment of telecommunication networks – Leasing of space in government offices on a non-exclusive basis to any licensed telecom company on certain prescribed terms and conditions – Orders-issued.

INFORMATION TECHNOLOGY DEPARTMENT

G.O.Ms.No.2

Dated: - 01.04.2002

Read:

1. G.O.Ms. No.7, information Technology department, dated 12.02.2001.
2. From Tvl. Reliance Infocom Limited, Chennai, letter Ref.No.2375/IT/2001-2002 dated 29.01.2002.

ORDER:-

In the G.O first read above, consolidated policy guidelines were issued specifying terms and conditions terms and condition for the grant of centralized permission for the use of public right of way by any private or public sector applicant that proposes to lay optic fibre cable in the National and State Highways and other roads in Tamil Nadu.

2.Tvl. Reliance Infocom Limited, who have been given centralized permission to lay optic cables in Tamil Nadu, have indicated that in order to maximize the coverage throughout the State, permission is required for rening/leasing out Government land/Government buildings for putting up Base Transreceiver Station Tower (BTS Tower) at technically feasible locations. The company has also requested the Government to grant exemption to it from observing side set back rules of Chennai Metropolitan Development Authority/ Directorate of Town and Country Planning for the BTS towers which are only temporary structures and to apply the rules only in the cases of construction of buildings for BTS equipment room, Diesel Generator Set room etc.,

3. The Government after careful consideration and detailed examination have decided to issue general permission to any licenced telecom company providing infocom services to the end users, on a non-exclusive basis subject to certain terms and conditions.
4. Accordingly, the Government hereby accord permission to any licensed telecom company and which is committed to the cause for Government of Tamil Nadu to install its Base Stations consisting of Tower, Equipment room and

Generator room, on roof top or on the ground of premises and buildings belonging to Government of Tamil Nadu, subject to availability and technical feasibility, on a non-exclusive basis and also subject to the following terms and conditions.

- i) Permission for installing towers, equipment and generator etc. on case-to-case basis will be issued by the district Collectors concerned in consultation with the district office concerned.
- ii) Availability of space of 4.5 Mtrs x 4.5 Mtrs.
- iii) Technical feasibility – Building should be structurally strong to take a load of 3.5 MT to 6.0 MT depending on the height of tower.
- iv) A Telecom company providing infocom services and is desirous of utilizing the Government premises / buildings for installing the base stations, should comply with all the regulations and stipulations including that of the Ministry of Civil Aviation, Government of India, in installation of the Base

stations, All clearness / permissions, required in the process of establishing the base stations are to be obtained by such company.

5. Permission may be given on non-exclusive basis
6. The future extension/expansion of building/ premises may be kept in mind.
7. Permission may be granted initially for a period of 10 (ten) years.

viii) Damages caused, if such company shall rectify any, and bring back to original condition and to the satisfaction of the authorities concerned.

ix) Leasing of the premises or buildings to such company should not be detrimental to the daily routine and activities of the office or Offices concerned.

ix) Appropriate rent shall be charged from such company.

x) Exemption shall be given to the telecom Companies from side set back rules of Chennai Metropolitan Development Authority/Directorate of Town and Country Planning for the

BTS Towers and the said rules shall be applicable only to the construction of buildings.

8. This order issues with the concurrence of Housing & Urban development, Revenue and Public Works departments.

(BY ORDER OF THE GOVERNOR)

accorded permission to license Companies to install Base
Trans receiver Station Towers, equipment room and

generator room on roof top or on the ground of premises and buildings belonging to Government of Tamil Nadu subject to certain terms and conditions mentioned there in.

2. In the reference second cited M/s.Reliance Infocom Limited has requested the Government to issue necessary amendments to G.O. first cited exempting from side set back rules of Chennai Metropolitan Development Authority /Directorate of Town and Country Planning for the BTS Towers, erected or to be erected on Local bodies, Quasi Government, Public Sector Undertakings and Private Lands and buildings. The request of the above firm has been examined and the following amendments are issued to G.O. first cited above.

3. In para 4 of the G.O. first cited above, after the word Government of Tamil Nadu in the fourth line the words “ Quasi Governments/Public Sector Undertaking /Local bodies/private lands and buildings” be added and after the eleventh terms and conditions mentioned in the same para at page two, the following shall be added as number twelve to sixteen:

- (xii) Clearance from CRAC and Civil Aviation department for erection of towers shall have to be obtained before crection wherever required.

- (xiii) The BTS room size shall not exceed 15 Sq.M. in floor area and it should not be more than 3.0 M.in height.
- (xiv) The generator on plat form shall not cause noise and air pollution.
- (xv) These structures, shall not be erected on any unauthorised or deviated part of a building or layout, agricultural land and OSR use Zones.
- (xvi) These BTS structures shall be structurally sound and safe”.

4.The Municipal Administration and Water Supply Department and Rural Development department are directed to issue necessary orders exempting under Tamil nadu District Municipalities Building Rules and Multistoried and public building Rules 1973, under G.O.164 MAWS Department, dated 15.6.1994 and G.O.Ms. No.2 MAWS department dated 30.1.1997 against restricting the height of the Building/ structures/BTS Towers within the Heritage Towns and under G.O.Ms.No.1730 RD&LA department dated 24.7.1974 allowing the BTS Towers in all the land use Zones.

5.This letter issues with the concurrence of Municipal Administration and Water supply, Rural Development and Housing & Urban Development Departments.

Yours faithfully,
Sd/ T.Anwer Basha,
For Secretary to Government

GOVERNMENT OF TAMIL NADU

ABSTRACT

Land Use Zoning – Master Plan Locational restriction software units –
Removal – orders – issued

Housing and Urban Development (UD IV (2) Department

G.O.Ms.No.260

Dated the 29.10.2002

- 1.G.O.Ms.No.1730 Rural Development and Local
Administration and acquisition Department
dated. 24.7.74.
2. G.O.Ms No. 300, IMD (ME2) dated 3.11.97.
- 3.From the special Commissioner of Town and country
Planning is order No.6336/2002/T dated 13.3.2002.

ORDER:-

In the G.O first cited read above, orders were issued prescribing the norms governing land use Zoning in respect of areas coming under Local Planning areas according to the orders issued in the above Government order,the Urban areas are divided into the following six major use zones

1. Residential Use Zone
2. Commercial Use Zone
3. Industrial Use Zone
4. Educational Use Zone
5. Public and Semi Public Use Zone
6. Agricultural Use Zone

Of these, the Residential Use Zone has been further sub – Divided into two categories, namely:

1. Primary Residential Use zone and
2. Mixed Residential Use Zone

The Industrial Use Zone has been further similarly sub – Divided into three categories, namely

1. Controlled Industrial Use Zone
2. General Industrial Use Zone and
3. Special Industrial and Hazardous use Zone.

2. In the G.O second read above, while announcing the information Technology industrial policy. It has been ordered that there will be no locational restriction for setting up units exclusively engaged in software Development and Training.

3. In his letter third read above, the special commissioner of Town and Country Planning has reported that software units exclusively engaged in software development and training, are considered to be non conflicting uses and therefore there will be no locational restriction for setting up of these units in any land use classified, except those lands reserved for special and Hazardous and agricultural land use in the Master Plan, in line with the provisions of amended Development control Rules of Chennai Metropolitan Development Authority, and that the information technology industries also should not be permitted in areas prohibited by various Acts and Rules relating to Coastal Regulation zone, Archalological site, Heritage site, Airports, Burial ground, Quarry sites, railway properties

etc. The Special commissioner of Town and Country Planning has now requested the Government to effect changes to G.O.(Ms.) No.1730 RD&LA Department dated.24.7.74 accordingly

4. The Government after careful consideration accept the request of the special Commissioner of Town and Country Planning and effect Changes to the norms laid down in G.O.(Ms)No.1730,RD&LA Dept. dated.24.07.74 to the effect that units exclusively engaged in software development and Training be permitted to all land uses. Viz. residential (Primary and Mixed residential), Commercial,Public and Semi Public,Educational,industries (Controlled and General industries) except those lands that are earmarked for special and hazardous industries and agricultural land use in the Master Plan.

ABSTRACT

Urban Development-Installation of the Base-Transreceiver Station Towers in all the land use, zones in the Master Plan-Permission – orders – issued.

HOUSING AND URBAN DEVELOPMENT(UD4.2) DEPARTMENT

G.O.(Ms.) No.302

Dated :- 12.12.2002

READ:-

1. G.O.(Ms)No. 1730, Rural Development and Local Administration Department, dated 24.07.1974.
2. G.O.(Ms) No. 2, Information and Technology Dept. dated 01.04.2002.
3. Government Lr.No.237/TST/2002-2, Information Technology Dept., dated 09.05.2002.
4. From the Special Commissioner of Town and Country Planning Lr.Roc.No.13287/2002/BAI, dated 03.06.2002 and 17.07.2002.
5. Government Lr.No.237/IT/2002-7, Information Technology Department dated 18.09.2002.

ORDER:

In the Government Order second read above, the Information Technology Department had issued orders permitting any licenced telecom company to install Base Transreceiver Station Towers, equipment room and generator room on roof top or on the grounds of premises and building to belonging to Government on certain terms and conditions. Orders were also issued by the Government that exemption shall be given to such telecom companies from following the side set back rules of Chennai Metropolitan Development Authority/Director of Town and Country Planning for installation of Base Transreceiver station Towers and applicability of the said rules only to the construction of buildings.

2. Subsequently, in the Government letter third read above, the Information Technology Department has further clarified that the exemption given in G.O.(Ms.) No.2, dated 01.04.2002 will be applicable not only for the Base Transreceiver Station Towers to be installed on roof top or on the ground of Premises and buildings belonging to Government of Tamilnadu but also for the Base Trans receiver Station Towers to be installed on private land buildings.

3. In the letter fifth read above, the information Technology Department while issuing certain amendments to paras 4 and 5 of Government Order second read above has directed

Municipal Administration and Water Supply Department and Rural Development Department to issue necessary orders exempting under Tamilnadu District Municipalities Building Rules and Multi stored and Public Buildings Rules 1973 under G.O.(Ms) No.22 Municipal Administration and Water Supply Department, dated 15.06.1991 and G.O.(Ms) No.22, Municipal Administration and Water Supply Department dated 30.01.1997 against restricting the higher of the Buildings/structures / Base Trans Receiver Station Towers within the Heritage Zone of the Heritage Towns and under G.O.(Ms) No.1730, Rural Development and Local Administration Department dated 24.07.1974 allowing the Base Trans Receiver Station Towers in all the land use Zones.

4.As regards the issue of allowing of Base Trans Receiver Station Towers in all the land use zones, the Special Commissioner of Town and Country Planning in his letter fourth read above has reported that as per the Government Order first read above only permissible uses specified in each use zone as per the Master Plan can be permitted. He has requested that since there is no provision at present in the Master Plan for permitting the Base Trans receiver Station Towers, a separate Government order for permitting Base Trans Receiver Station Towers in all use zone in the master plan may be issued by the Government.

5. The Government after careful examination accept the proposal of the Special Commissioner of Town and Country Planning and accordingly direct that the installation of Base Transreceiver station Towers shall be permitted in all the land use zone in the master plan.

ABSTRACT

Master Plan – Tenkasi Local Planning Area – Consent of the Government to the Publication of a notice of the preparation of the modified master plan – Accorded.

=====

HOUSING ANDL URBAN DEVELOPMENT (UD4.2.) DEPARTMENT

G.O.Ms. No.217

Dated :- 19.05.2000

READ:

1. G.O.Ms. No.9, Housing and Urban Development Department dated 09.01.92.
2. From the Special Commissioner of Town and Country Planning Letter Roc.No.9958/99 Mp3 dated 23.02.2000.

ORDER:-

In the Government Order first read above, the Government accorded approval under section 28 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972) to the master plan of the Tenkasi Local Planning area and the same was published in the Tamil Nadu Government Gazette, dated the 5th February 1992,. As per the provisions contained under clause (b) of Sub-section (2) of section 32 of the said Act, once in every five years, after the date on which the master plan for an area comes into operation, the local planning authority, may and if so directed by the Government, shall after carrying out such fresh surveys as may be considered necessary and in consultation with the regional authority and the local authorities concerned, review the master plan and make such modifications in such plan wherever necessary and submit the modified plan for the approval of the Government.

2.The Special Commissioner of Town and Country planning in his letter second read above, has stated that by virtue of the provisions contained under clause(b) of sub-section(2) of section 32 of the said Act, the Tenkasi local planning authority has reviewed the existing approved

master plan for the planning area on its own accord and prepared a draft modified master plan for the Tenkasi local planning area in consultation with the Regional Deputy Director of Tirunelveli after taking into account of the latest developments and actuals at site. The Special Commissioner of Town and Country Planning has requested the Government to accord consents to the modified master plan of the Tenkasi local planning area.

3. Under sub-section(2) of section 24 of Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972) the Governor of Tamil Nadu hereby gives her consent to the Tenkasi local planning authority to the publication , of a notice under section 26 of the said Act for the preparation of the modified master plan for the Tenkasi local planning area.

4. The draft modified master plan for the Tenkasi local planning area as consented to by the Government under sub-section (2) of the said section 24 of the said Act, is returned to the Special Commissioner of Town and Country Planning and he is requested to acknowledge its receipt. The Special Commissioner of Town and Country Planning, is requested to ensure that the various requirements specified in the said Act and in the Master Plan (Preparation, publication and sanction) Rules are strictly adhered to by the Tenkasi local planning authority, before the modified master plan is resubmitted to the Government for their approval under section 28 of the said Act.
