5.06 Considering the present trend of development and land classification, pockets of lands are earmarked for residential use in the vacant lands within the developed area and pockets of dry lands in Uthamapuram and Cumbum villages (Part) Total land set apart under this use zone is 412 hectares. The old core

residential pockets and adjoining areas are grouped under "Mixed Residential Zone" and the newly developing areas now contemplated under this plan are classified as "Primary Residential Zone". The uses permissible in these zones are given in the zoning regulations.

COMMERCIAL

5.07 The existing linear Commercial activities along the Local Fund Road (L.F. road) will be allowed to continue upto a depth of 30 metres on both side of the L.F. road from Konarmadam street junction to Park road and Board School street junction, the core area on the junction of Mariamman koil street, Odakkari street and Board school street. Besides these the lands upto a depth of 15 metres.

1. On both sides of Old Agraharam street.
2. On both sides of Board school street upto Gandhi street.
3. On both sides of Gandhi street in between the old Agraharam street and Board school street.
4. On both sides of the Thathappan koil street from L.F. road at Kombai street are also reserved for commercial use

Industrial:

5.08. Medium Scale Rice mill and Saw mill only form Major Industrial Units of this Town. In this Town industrial area has been declared already for about 85 Hectares. Actually as per the standard only 15.2 hectare are needed. Eventhough, industrial area has already been declared considering the industrial developement which is not encouraging for the last 40 years, and also the trend of Industrial development is poor. The area is reduced to an extent of 67 hectare only, in the Master Plan Proposals.

Educational:

5.09. The present educational institutions will cope with the demand upto Higher Secondary level. There is one Arts College at Uthamapalayam ^{and other college at Sri Athi Sunjanagiri} which will serve Collegiate Education use. For future requirement an area of about 10 Hectares is provided in Kamayakoundanpatti road. ^{College for women at kumb road, 4 km from Cumbum}

Public and Semi Public:

5.10. Public and Semi Public uses includes Government Offices, Medical institutions and Bus stand. This town serves the needs of local and rural population in the vicinity. The town, when developed as expected, will have to accomodate additional public institutions. As such pockets of lands are earmarked.

1. Adjoining to Government Hospital and
2. North of Kamayakoundanpatti road.

Transportation:

5.11. The present L.F. road has to be widened. The existing Bus stand is very small and also located on a private land. It is insufficient to handle the increased traffic due to lack of space and inadequate facilities. In order to overcome these difficulties ^{1.5 Acres land acquired by municipality} and alternate site ~~has been suggested~~ along the Periakulam road. ^{and constructed new bus stand}

Water Supply and Drainage:

5.12. Water supply for this town is adequate for the present and also there is future expansion proposals by TWAD Board. A comprehensive proposal for the improvement of water supply for Cumbum, Gudalur, Pudupatti, Hanumandanpatti, Chinnamanur and Markayankottai have been worked out at a cost of 141.40 lakhs.

CHAPTER VI.

Such zoning regulations will give essential powers to the Local Planning Authority for implementing the plan. What is provided in this chapter are regulating which are general in character and applicable universally within the "Local Planning Area". These regulating facilitate implementation of the land use zoning contemplated in the Master Plan. Every development within the area covered by the Master Plan shall conform to the zoning regulations prescribed hereunder. These regulations shall guide the grant or refusal of permissions and shall be enforced.

6.02 The land use zoning for Cumbum Local Planning Area is shown in the Map.5 The uses that are permissible in various zones are listed in the zoning regulations appended.

6.03 In as far as the areas covered by sanctioned Detailed Development Plans, the respective rules and regulations of the sanctioned Detailed Development Plans alone will prevail.

CORRELATION STATEMENT

The Cumbum Master Plan was already prepared with village maps containing revenue survey numbers (based on old survey) Accordingly the land use schedules were also prepared indicating the revenue survey numbers. Subsequently the Cumbum area is resurveyed. The block maps are prepared with town survey numbers.

A correlation statement is prepared for the corresponding revenue survey numbers to the new town survey numbers.
