**DIRECTORATE OF TOWN &  
COUNTRY PLANNING  
TIRUNELVELI REGION  
GOVERNMENT OF TAMIL NADU**

**ABSTRACT**

28730

Local Planning Area – Modified Master Plan for Kadayanallur Local Planning Area – Approval under section 28 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972) – Accorded.

**Housing and Urban Development [(UD4(2)] Department**

**G.O.Ms.No.249**

**Dated: 12.11.2010**

**Read:**

1. In G.O.Ms.No.494, Housing and Urban Development Department, dated.16.11.1999

**Read also:**

2. From the Director of Town and Country Planning, letter Roc. No.11085/2002 MP3, dated.29.01.2010.

=====

**ORDER:**

In the Government order first read above, the Government have accorded consent under sub-section (2) of section 24 of the Tamil Nadu Town and country Planning Act, 1971 (Tamil Nadu Act 35 of 1972) to the Kadayanallur Local Planning Authority to the publication of a notice of preparation of the modified master plan under section 26 of the said Act for Kadayanallur Local Planning Area. The Director of Town and Country Planning in his letter second read above has forwarded the draft modified master plan for the Kadayanallur Local Planning Area. He has requested the Government to accord approval to it under section 28 of the said Act.

2. The Government, after careful examination of the proposal of the Director of Town and Country Planning have decided to approve the draft modified master plan for the Kadayanallur Local Planning Area. Accordingly, in exercise of the powers conferred by section 28 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972), the Governor of Tamil Nadu, after consultation with the Director of Town and Country Planning, hereby approves the draft modified master plan for the Kadayanallur Local Planning Area. The copies of the modified master plan for the Kadayanallur Local Planning Area as approved by the Government are communicated to the Director of Town and Country Planning.

3. The following Notification will be published in the next issue of the Tamil Nadu Government Gazette. The Director of Town and Country Planning is requested to ensure that the Notification is republished in the manner prescribed in rules 12 and 15 of the Master Plan (Preparation, Publication and Sanction) Rules.

### **NOTIFICATION**

In exercise of the powers conferred by sub-section (1) of section 30 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972), the Governor of Tamil Nadu hereby publishes the approval of the Government under section 28 of the said Act for the draft modified master plan for the Kadayanallur Local Planning Area submitted by the Director of Town and Country Planning.

2. The approved modified master plan for the Kadayanallur Local Planning Area with all its enclosures shall be kept open to the inspection of the public in the office of the Kadayanallur Municipality during office hours.

(By Order of the Governor)

# KADAYANALLUR MASTER PLAN

## CHAPTER -1

### THE PHYSICAL ASPECT OF THE TOWN.

1.01 Kadayanallur is a Second Grade Municipal Town, situated about 16km on the north of Tenkasi and 47km in the south of Rajapalayam. The National Highway road No.208 Tenkasi - Tirumangalam passes through this Town. It is also well connected with Kovilpatti about 67kms away by major District road. It lies at 9 5' northern latitude and 77 22' on the eastern longitude. Kadayanallur Railway station is located just outside the Municipal limit at eastern fringe of the Town, on Chennai Kollam broad gauge. The nearest sea port is at Thoothukudi at a distance of 133km by road.

1.02 The Town is located on the foot of the Western Ghats in the east and has slope from west to East. The town in general is having dry climate except the monsoon period. The normal annual rainfall is 708.80mm. The mean maximum temperature is 38.3 C and the minimum temperature is 29.6 C. The rainfall is high during October, November and December months. Karuppanathi Dam is constructed at Vairavan Kulam Village bit No.11.in the northwest fringe of the Municipal limit near western Ghats.

1.03 All the important urban centres in Tirunelveli Region have been tested against a number of factors to fix up their hierarchy of the urban pattern of this region. The factors considered are (1) Population size (2) Administrative Status and (3) Scale of educational, medical recreational

and marketing facilities. Based on the above factors the Kadayanallur is a second order Town.

### **Population Pattern.**

1.04 The size of population of the Kadayanallur town in 1951 was 38,060 and it has increased to 68,919 during 1991. The maximum decadal variation of population is 21.93% experienced in between 1961 and 1971 and the decadal variation during the decade 1971-1981 was 19.90% and 1981-1991 was 14.12%. The average decadal variation of population from 1951 to 1991 is calculated as 16.08%. Among the total population, 37,588 were literates which constitute 54.62% as per 1991 census. The decadal variation of town population is furnished in the Table No. 1.1.

Table 1.1

Decadal variation of population

Year	Total Population	Decade Variation	% of Decade Variation
1951	38060	-	-
1961	41249	+3235	8.38%
1971	50295	+9000	21.93%
1981	60306	+10011	19.90%
1991	68819	+8513	14.12%

Source: District Census hand books of India, 1991

### **Occupational Pattern**

1.05 Out of the total population of 68819 in 1991, 27620 were in working force which constitute 40.14% of total population. Among the working population 12405 were in primary sector, 7961 were in secondary sector and 7254 were in tertiary sector, constituting of 44.92%, 28.82% and 26.6% respectively. The working force of the town population during the year 1991 is furnished in Table No. 1.2

Table 1.2

Working force 1991

Sector	No. of working force 1991	% of working force to the total working force in 1991
Primary Sector	12405	44.92%
Secondary Sector	7961	28.82%
Tertiary Sector	7254	26.26%
Total	27620	100.00

Source: District Census Hand Book of India 1991

### POPULATION DENSITY

1.06 The over all density of the town was 1089 persons per sq.km or 11 persons per Hectare. Out of 6318.02m hectares of land 358.56 hect were developed in the town. The gross density of the developed area was 192 persons per hectare.

### EXISTING LAND USE

1.07 As per land use survey conducted in the year 1999, a vast land of 1476.01 hectares (23.36%) of the area of the town were put under agricultural wet lands, 2073.35 hectares(32.82%) under agricultural dry lands. 1750.60 hectares(27.71%) under forest, Hillocks and quarries and 659.50 hectares(10.44%) under water bodies such as tanks and channels.

1.08 The Central business districts uses of the town such as Municipal office, Government and Quasi Government Offices, Educational Institutions, Religious Institutions markets and recreational facilities are

mainly concentrated along the Tenkasi-Puliangudi road and a few scattered in the developed area of the Town. The bus stand is located along the National Highway No.218 near Attakulam tank.

## RESIDENTIAL

1.09 Residential area including residential open spaces 68.63% of the developed area and 3.89% of the total area of the town. The development are concentrated at the eastern fringe of the Kadayanallur Municipal area, along the National Highway No.218 and also spreaded towards northern and southern direction.

## HOUSING

1.10 As per 1991 Census records there were 10942 households

## TOWN PLANNING SCHEME

1.11 In Kadayanallur Municipal area there is one Town Planning Scheme sanctioned by Government in G.O.Ms.No. 1513 RD&LA Dept. dated 22.07.72 under section 14(3) of Town planning Act, 1920 by name of Krishnapuram Planning Scheme.

## COMMERCIAL

1.12 The town is located on the Tenkasi-Tirumangalam National Highways No.208. The most important commodities such as handloom cloth, matches, aloe fibre and mud-pots are being manufactured in the town. The commodities such as Handloom, cloth, onion, matches and aloe-fibre are being marketed from this town.

1.13 The commercial establishments of the town are classified into two groups.

1. The retail shops
2. Whole sale trading and firms

The retailshops are mainly concentrated on both sides of Tenkasi-Puliankudi road, Bazar Road and at the four road junction of Panpozhi road, Mailampatti raod retail shops are located scatterly. There are about 517 retail shops and 62 wholesale commercial establishments and firms in the town. There are one weekly sandy convening on every Thursday and one daily market maintained by localbody. These serves the needs of the town and sourrounding hinter lands. The commercial area is 17.50 hect.

## INDUSTRIAL

1.14 The industrial development in this town is negligible. There are 28 food and service industries. 24 "D" Class match factories, 24 Rice mills, 22 Flour Mills and 4 Saw mills a number of handlooms, nine power loom factories, one Coir industry and one fibre industry located in this town.

1.15 Textile industries, match industries, fibre and Coir industries, saw mills, wooden furniture industries mudpot making may be developed to boost employment opportunity for the inhabitants. The industrial area was 9.75 hect.

## TRANSPORTATION

1.16 The town is served by both roads and rail transportation by National Highways and Railway Statio. The railway station is located

just on the outskirts of the town towards east. The mofussil and town bus services, train and goods services are sufficient for the mass transportation of passengers and as well as goods.

1.17 Roads can be classified into two broad categories (i) Arterial roads comprising of National highways and other highways roads (ii) internal circulation roads maintained by localbody.

1.18 A lenth of 8.50km of road with B.T.Surface withi Municipal limit has been maintained by State Highway Department. A length of 50.13km of roads and streets has been maintained by municipality out of which 26.91km of roads are B.T.Surface, 20.71km of roads and streets are Water bound macadam, 2.16km of streets are cement concrete and 0.346km of streets in Gravel and earth surface. These roads and streets serve the needs of public. The traffic on Tenkasi Puliyankudi road is very heavy when compared to the traffic on other roads.

#### WATER SUPPLY AND DRAINAGE

1.19 There is protected water supply scheme in the town from 1973. There are 3 overhead tanks and one ground level water tank storing and supplying water. The source of water supply is Karuppanathi channel. There are about 5300 water connections and 172 public tabs. One Karuppanathi dam is constructed at the north west fringe of the town near forest area. There is no proper drainage system available in this town. In some part of the town open drains are constructed by the Municipality.

## COMMUNITY FACILITIES

### EDUCATIONAL INSTITUTIONS

1.20 There are 4 higher secondary schools, 1 high school, 11 middle schools, 9 elementary schools, 1 private Industrial Training Institute and 1 Pharmacy institution in this town. The educational uses cover 5.0 hect.

### MEDICAL FACILITIES

1.21 There is one Government Hospital with a bed strength of 64. Besides there are 8 private hospitals functioning in this town.

### RELIGIOUS INSTITUTIONS

1.21 There are 37 Hindu religious institutions, 10 Mosques and 6 Churches in this town. There are 2 famous festivals namely Kanthuri Urchavam for Muslims and Muppudathi Amman koil Tiiruvila for Hindus being celebrated in this town during the months of April, May and June respectively. During this festival period 6000 pilgrims are gathering from the neighbouring villages.

### RECREATIONAL FACILITIES

1.22 There is one Government public library, 3 notified parks, in this town. Parks are maintained by municipality. There are 2 Cinema Theatres. The existing land use breakup is tabulated and given in Table No 1.3

Table No. 1.3

## Existing Land use of 1999

Sl.No	Land use	Area in Hectare	% to developed area	% to total area
1	Residential	246.07	68.63	3.89

The same area was confirmed under section 10(4) of T&C.P Act 1971, in G.O.Ms No 677, RD&LA Dept, dated 16.03.74. Kadayanallur Local Planning Authority was constituted under section 11(i) of T&C.P Act 1971 in G.O.Ms No 650 and 651 RD & LA Dept, dated 8.04.75. The Chairman, member and Commissioner of the Kadayanallur Municipality will be the Chairman, members, Member Secretary/Executive Authority for Kadayanallur Local Planning Authority.

## MASTER PLAN

1.25 Master Plan for Kadayanallur Local Planning Area was consented in G.O.Ms No 678, H & U.D Department, dated 11.07.85 and was approved in G.O Ms No 661, H & U.D Department, dated 24.09.92. Since more than five years have lapsed after approval of the Master Plan, review of approved Master Plan works was taken up as required under section 32(2)(b) of T & C.P Act 1971. The master plan (review consent) have been accorded vide section 24(2) of Act 1971 in G.O.Ms. No.494 H & U.D dept. dt.16.11.1999.

## CHAPTER II

### SCOPE FOR URBANISATION

2.01 Water courses such as Karuppanathi Dam Channel and tanks, forest and hillock area within the town limit are the limiting factors in the scope for urbanization.

2.02 Valuable fertile lands like paddy fields, coconut thope, plaintains, grapes, gardens, including reserve forest lies within the municipal limit of the town are the limiting factors for urbanization. The above said wet lands as well as dry lands, where coconut grove and grapes are cultivated adjoining to the existing development of the town, is also another limiting factor. The cost of wet lands is also high and is not advisable to convert them for urban uses.

2.03 The increase in population is the only factors for the additional development of the town.

2.04 Among the working force of the town 44.92% of the population were in primary activities such as cultivators and agricultural labourers and most of the land within the municipal limit are wet and forest with a rural atmosphere. There is least scope for urbanisation.

2.05 As per the working force of the Town in 1991 Census, 28.82% of population were in secondary activities such as industry, household industries and manufacturing processing and servicing etc., and 26.26% in tertiary activities such as trade and commerce, construction, transport, storage, communication and other services. These are the other factors for the additional development of the town.

2.06 It is expected that the future development may occur only in the vacant dry land in and around the existing development of the town.

### LIMITATION DUE TO ADMINISTRATIVE JURISDICTION

2.07 The fertile wet land, coconut garden, Karuppanathi Dam, etc, forest and hillock are the limiting factors for the development of the town.

## CHAPTER III

### OBJECTIVES

3.1 Kadayanallur is a second grade Municipal town and Second order town identified as growth pole in the Regional plan. The building developments are restricted by double crop fertile land. As per the present policy of the Government the land under wet irrigation are to be conserved. As per the population growth, there is sluggish growth of the town and tendency of under employment. The unemployed people were to migrate to major towns and cities. Some of the people in kadayanallur town especially Muslim have gone abroad like Arab Countries for their employment opportunity.

The main objective is to optimize the land use and resources and giving employment opportunities and arrest further migration. It is necessary to promote industries including cottage and rural industries such as spinning and weaving mills, coir and fibre industries, powerloom factories, dying factories, match industries, Handicrafts, dairy farming, livestock and poultry development and employment in construction of infrastructure facilities such as housing, farming and repairing of roads, maintenance irrigation works and trade and commerce. The objective also includes to change the social structure by improving infrastructure facilities and creating a better and healthy living environment. The object also include to improve the standards of living by optimum use of nature and human resources, to provide ample and attractive sites for housing for all the socio-economic groups especially to weaker sector of the society, to encourage the efficient and convenient distribution of shopping social, cultural and recreational facilities, to provide attractive sites for educational and medical intuitions and public offices etc., to

ensure that the people can easily travel about the area, to ensure that adequate sources are provided to the people to encourage the individuals to develop their full capabilities through provision of climate for expanding social and economic opportunities and to serve effectively as service center for the rural hinter land.

### **POPULATION FORECAST**

**3.02** Assessment of land requirements for various needs are worked out on the population projection. In the planning period 2011 the development of the town will expand beyond its present limit of development. Project the population for 2011, the past, present population of the town and its growth are considered generally.

**Table. 3.1 Decade population and growth rate 1951 to 1991**

YEAR	PUPULATION	INCREASE	VARIATION
1951	38060	---	---
1961	41249	3189	8.38%
1971	50295	9046	21.93%
1981	60306	10011	19.90%
1991	68819	8513	14.12%
TOTAL		30759	64.33%
AVERAGE		7690	16.08%

The Population Forecast is attempted by the following methods

- (i) Arithmetical increase method

Population forecast for the year 2001 is  $68819 + 7690 = 76509$

for the year 2011 is  $76509 + 7690 = 84199$

- (ii) Geometrical increase method

Population forecast for the year 2011 is  $68819 \times 1.1608 = 79885$

Population forecast for the year 2011 is  $79885 \times 1.1608 = 92731$

(ii) Incremental increase method:

Average incremental

$$1/3((9046 - 3189) + (10011 - 9046) + (8513 - 10011)) = 1775$$

Population forecast for the year 2001 is  $68819 + 7690 + (1 \times 1775) = 78284$

Population forecast for the year 2011 is  $68819 + 7690 + (2 \times 1775) = 89524$

Method	Future population for	
	2001	2011
Arithmetical increase	76509	84199
Geometrical increase	79885	92731
Incremental increase	78284	89524

Mid term population for 1998 is approximately 75000. Considering this trend of growth of population, the incremental increase method is found suitable for the projection of future population for this town. Hence, the future population for the year is assumed to be 2001-78000, 2011-90000

#### OCCUPATIONAL PATTERN:-

3.03 It is assumed that the future working force in various economic activities will more or less be same as existing. The working force has to be distributed over the various economic activity based on the present trend. It is from the existing structure of workers that primary activity is more in the town in 1991 and also keeping this point in Table No.3.2

TABLE  
OCCUPATIONAL BREAK UP

SECTOR	% OF WORKRES TO THE TOTAL WORKING FORCE 1991	SUGGESTED OCCUPATIONAL PATTERN IN 2011
Primary	44.92	40
Secondary	28.82	40
Teritary	26.28	20
Total	100.00	100.00

The ultimate population envisaged is 90000. It is assumed that the working age group constitute about workers 50% and will be 45000. The following Table No.3.3 gives the economic activity of working force anticipated.

TABLE 3.3  
Economic activity of working force anticipated – 2011

Economic Activity	% as per 1991 Census	Proposed Percentage	No. of workers anticipated
Agriculture	44.92	40	18000
Industry	28.82	40	18000
Commerce			
Transport & Services	26.28	20	9000
Total	100.00	100	45000

### Land use Requirements

3.04 Further land use requirements are assessed studying existing land use pattern of the town with similar population and also based on the

information furnished by the Directorate of Town and Country Planning, Chennai. The proposed land use breakeup standards are shown in Table 3.4

TABLE 3.4  
Percentage of proposed land use breakeup

S.No	Land Use	Land use breakeup suggested by Directorate to developed are in %	Proposed land use breakeup %
1.	Residential including Transportation	40% to 50% 14% to 17%	65
2.	Commercial	3% to 6%	10
3.	Industrial	10% to 15%	10
4.	Public & Semi public including Educational use	14% to 17%	15

Problems identified in Kadayanallur Town.

1. Agriculture is one of the predominant occupation; actually educated and excess population face under employment.
2. Tanks, wet lands, forest, hillocks, and quarries are restricting the building activities for urban uses.
3. Only a certain pocket of the town has been developed in a haphazard manner with narrow streets and small lanes.
4. Railway Station is located outside the municipal limit.
5. Poor financial condition of the local body.
6. Traffic conjection in Tenkasi – Rajapalayam Road.

**CHAPTER IV**  
**DEVELOPMENT PROPOSAL**

**Renewal areas or Redevelopment areas**

4.01 Renewal or redevelopment of areas have not been suggested due to socio – economic conditions of the town.

**Newly developing area**

4.02 Due to physical and topographical feature of the land within the Municipal limit such as forest, hillocks, karuppanathi dam and water courses, channels and tanks including wet lands, the possibility of proposing the land uses for the future development in the Master Plan is to be assessed carefully. Anyhow additional areas including residential, commercial, industrial, educational, public and Semi Public uses have been proposed in and around the existing development of the town and on both side of bye pass road to certain extent for this anticipated increase in population.

**RESIDENTIAL USES:-**

4.03 The land under residential area is about 246.07 Hectare. The gross density works out in the developed area to be 192 persons per hectare. Even though the residential density is high in the town, it is assumed that an average gross density of 170 persons per hectare may be a normal density expected in the town. For the anticipated population of 90000 in year 2011, the total residential area required is  $90000/175 = 529$  hectares. By deducting the existing residential area, mixed residential use is proposed in the following places based on trend of residential growth.

- 1) area in between hill and southern commercial belt of proposed bye pass road and eastern commercial belt of existing Panpozhi road.
- 2) Area in between south of Melakadayanallur and northern commercial belt of proposed bye pass road.
- 3) Area on the west in between proposed bye pass road and existing notham settlements of pettai.
- 4) Area west of Krishnapuram D.D. Plan upto proposed bye pass road.
- 5) Area on west of Komanthapuram natham settlement.

#### COMMERCIAL USE:-

4.04 The area to a depth of 15 metres along the both sides of Panpozhi road, 30 metre along Tenkasi-Puliangudi road and 15 metre along Bazaar road have been deleted from residential area for the purpose of allowing commercial activities.

4.05 Both sides of proposed bye pass road on south and north of L.P.A and Panpozhi road to a depth of 100m is proposed for commercial use. Based on the trend of commercial growth additional area proposed on southern side of Komanthapuram natham settlements along the National highway. Small scale industries with 50HP are permissible in commercial use zone.

#### INDUSTRIAL USE:-

4.06 Industrial areas have been notified by the Kadayanallur Localbody. When it was Kadayanallur Panchayat Board, based on G.O.Ms.No.515,516, RD&LA dated 24.03.1979 issued for the promotion

of Industrial activities. Certain additional area of Kadayanallur Municipality have been identified as industrial area.

The above said area are retained in the proposed industrial use except the subsequent residential, commercial and public use pockets. Controlled industrial use is proposed along Panpozhi road according to trend of industrial growth. General industrial use zone and special and Hazardous industrial use zone are not proposed.

#### **EDUCATIONAL, PUBLIC AND SEMI PUBLIC USES:-**

4.07 The main function of the town is secondary activities based on the functional classification of the town. Additional areas have been proposed for public and semi public uses and educational purposes including Park and Playfields, in the entrance of L.P. area on north and south. Park and play fields, open spaces notified under Tamil Nadu Park play field and open spaces (Preservation and Regulation) Act, 1959 vide G.O.Ms.No.261,MA & WS dated 22.11.1993 in three places of the Kadayanallur Minicipality namely Krishnapuram Municipal Park, Kadayanallur Park and Malakadayanallur Park are preserved.

#### **TRAFFIC AND TRANSPORTATION:-**

4.08 The existing net work of road consists of sub arterial and local roads developed in most haphazard manner. The internal street are too narrow and uneven in width in thickly built up area. Remodelling the entire road and street pattern even though ideal, is not feasible due to socio-economic condition of the local population and poor financial condition of the local body.

Hence the existing major traffic roads may be improved. To avoid the traffic conjesticn in the National Highways No.208 a new bypass

road "AA" of width of 24m is proposed. It starts from state Highways in S.No.853 part of Kadayanallur village on the south and passes through wet lands and ends in S.No.379 Bpt. Of Krishnapuram village on north with Rajapalayam Road.

Two bark roads are also proposed in continuation of existing roads of natham settlements in Melakadayanallur and Krishnapuram to approach the proposed bye pass road. Proposed land use for Kadayanallur L.P.Area is given below as Table No.4.1.

TABLE

**PROPOSED LAND USE OF KADAYANALLUR LOCAL PLANNING AREA 2011.**

S.No.	Land use	Area in Hectare	% to total developed area	% to total area of the town
	Residential use including Including Roads are streets	523.50	64.91	8.29
2.	Commercial	84.20	10.44	1.33
3.	Industrial	79.70	9.88	1.26
4.	Educational	19.60	2.14	0.31
5.	Public & Semi Public	99.50	12.63	1.57
SUB TOTAL		806.50	100.00	12.76
6.	Aricultural	5511.52	----	87.24
TOTAL		6318.02	100.00	100.00

4.09 Town planning schemes

There is one Town Planning Scheme sanctioned in the town in G.O.Ms.No. 1513 RD & LA dt. 22.7.72 by name of Krishnapuram Town Planning Scheme under section 14(3) of Act, 1920. In respect of

the areas comprised within the sanctioned town planning schemes, the rules and the provision contained in respect of Town Planning schemes shall prevail.

**Preservation of protected areas.**

4.10 The double crops wet lands are to be protected and preserved from building activities and other urban uses to the possible extent. Likewise the forest and hillock area and the lands around Karuppanathi Dam are also to be preserved from further building activities.

**CHAPTER V**  
**ZONING REGULATIONS AND CONTROLLING OF**  
**DEVELOPMENT**

- 5.01 In order to implement the proposals contained in the master plan, certain essential and important zoning regulations we have to be framed and enforced.
- 5.02 Every development within the area covered by the Master plan for Kadayanallur local planning area shall conform to the regulations prescribed hereunder.
- 5.03 Proposed land use zones are zoned in the proposed land use map itself. The uses permissible under the various use zone are given separately in the annexure A. As per G.O.Ms.No.1730 RD&LA dated 24.7.74.
- 5.04 The uses permissible in various location and its survey numbers are also given given in the Annexure A.
- i) All lands and premises in the use zone I(a) shall be deemed to be zoned under primary residential use zone (PR).
  - ii) All lands and premises in the use zone I(b) shall be deemed to be zoned under mixed residential use zone (MR)
  - iii) All lands and premises listed in use zone II shall be deemed to be zoned under commercial use zone (c)
  - iv) All lands and premises listed in use zone III(a) shall be deemed to be zoned under controlled industrial use zone (IC)
  - v) All lands and premises listed in use zone III(b) shall be deemed to be zoned under general industrial use zone (IG)

- vi) All lands and premises listed in use zone III(c) shall be deemed to be zoned under special industrial and hazardous use zone (IS)
- vii) All lands and premises listed in use zone IV shall be deemed to be zoned under Educational use zone (E).
- viii) All lands and premises listed in use zone V shall be deemed to be zoned under public and semi public use zone (PS).
- ix) All lands in use zone Vi shall be deemed to be zoned under Agricultural use zone (AG)

#### 5.05 PLANNING PERMISSION

For implementation of the plan by the local planning authority zoning regulations are absolutely essential. The already approved zone in regulations by the government in their G.O.Ms.No.1730 RD&LA dept. dated 24.7.74 and subsequent amendment to be made to this G.O. as given in the annexure and enclosed in this report shall apply for the local planning authority. The grant or refusal of planning permission shall be as per the above zoning regulations.

5.06 If any notification issued under the panchayat act/Tamil nadu District Municipalities Act 1920 delimiting areas for industrial use is in existence then may be allowed to develop as such except for the areas proposed for specific uses as contemplated in this Master plan proposals for which the zoning regulations as in the appendix shall apply.

5.07 No person shall carry out any development as defined in section 2(13) of the Town and Country Planning Act 1971 without the written permission of the local planning authority.

- 5.08 Any site approval or planning permission for any development under these rules regulation shall not absorb the applicant of his responsibility to get clearance or permission under other Acts, rules.
- 5.09 While granting permission the local planning authority may enforce such restrictions and conditions as may be necessary under the rules.
- 5.10 No development shall be in contravention of these rules.
- 5.11 No land premises for building shall be changed for put into a use not in conformity with the provisions of these rules.
- 5.12 In the case of an area comprised in a detailed development plan consented/approved under the Town and Country planning Act 1971 the developments in those areas shall be in conformity with the detailed development plan and regulations as per the provisions contained in the respective detailed development plans.
- 5.13 Where for an area detailed layout plan or land development has been approved by the local planning authority with the approval of the Director of Town and Country Planning the zone on such layout plan shall be applicable and development in the area shall be regulated according to the rules subject to such conditions as may be described in such layout conditions.
- 5.14 The permission for any layout shall be granted by the local planning authority with the prior approval of the Director or his authorised officer subject to such conditions and regulations as may be stipulated by him.

5.15 The multi storied building shall be permitted along the roads abutting the roads, having a minimum of 18m width by the local planning authority with the prior approval of the Director of Town and country planning subject to such conditions as may be prescribed by the Director of town and country planning.

5.16 The layout sub division of land for building purposes shall be carried out only in accordance with the provisions as specified in the approved layout.

### **Development Charge**

5.16 Every development intending to develop an area shall obtain planning permission from local planning authority on payment of developing charges at the rate fixed under the act and rules.

### **Exemptions**

5.18 The Director of Town and Country planning can relax any of the provisions covered in specific cases relating to (a) set back and open space requirements in plots. (b) permit any land and building use in any of the zones delineated or in any part of the local planning area prescribing such conditions as may be deemed necessary.

### **Variations**

5.19 Any variations to the zoning regulations are variation to any of the classes contained in the master plan regulation shall be effected as per the provisions under section 32 of the Town and Country Planning Act 1971.

5.20 In so far as the lands included in the master plan these shall be deemed to have been excluded from residential areas notified under section 89 of Tamil Nadu Public Health Act 1939 and also from

the industrial area notified under Panchayat Act and TamilNadu District Municipalities Act 1920 and the land and building uses shall be regulated under the Town and Country Planning Act Development plans.

5.21 The land use schedule as given in annexure is a final statement with respect to land use development irrespective of the colour indications as shown in the map which is only guidance.

5.22 Whereas residential area is to be developed around the industrial use zone, then for a radius for 300 feet from the boundary of such industrial use zone trees should be planted.

**GOVERNMENT OF TAMIL NADU**  
**ABSTRACT**

TOWN PLANNING – Preparation of Zonal Plans – Formulation of Draft regulations submitted by the Director of Town and Country Planning Approved.

**RURAL DEVELOPMENT AND LOCAL ADMINISTRATION**  
**DEPARTMENT**

---

G.O.MS.NO. 1730

Dated the 24<sup>th</sup> July 1974  
Read:

1. G.O.Lr.No. 28332/MD/73-1 RD & LA dt. 07.03.73.
2. From the Director of Town and Country Planning Lr. No. 10989/73 SM dt. 21.03.74.
3. From the Member – Secretary / Madras Metropolitan Development Authority D.O.Lr.No.1983/74-ADI Dt. 19-04-74.

**ORDER:**

The Director of Town and Country Planning submitted draft zoning regulations on use of land and buildings particulars in urban areas. These regulations list out the uses permissible in each of the use zones and the restrictions to be imposed. For the purpose of these regulations, it has been suggested that the urban areas may be divided into the following six major use zones.

1. Residential use zone
2. Commercial use zone
3. Industrial use zone
4. Educational use zone
5. Public and semi public use zone
6. Agricultural use zone

Of these, the Residential use zone has been further sub divided into two categories, namely: -

1. Primary Residential use zone
2. Mixed Residential use zone

The Industrial use zone has been similarly sub-divided into three categories namely:-

1. Controlled Industrial use zone
2. General Industrial use zone and
3. Special Industrial and Hazardous use zone

2. The Director has also stated that the Tamil Nadu Town and Country Planning Act 1971 provides for the zoning areas under section 17(i) and 20(g) through the Master Plans and detailed development Plans respectively. He has recommended that the draft zoning Regulations may be approved and communicated to the Local Planning Authorities for adopting as part of the Master Plan for proper land use planning and control in addition to other regulatory measures and that as for the Madras Metropolitan area, a copy of the regulations may be sent to the Member – Secretary, Madras Metropolitan Development Authority for adoption as part of the Metropolitan Development plan with such notification as may be necessary, in consultation with him (the Director) and the Government.

3. A copy of the draft regulations was sent to the Member Secretary Madras Metropolitan Development Authority for his views. He

has stated that the comprehensive land use proposals and zoning that the suggestion of the Town Planning Directorate will be considered and incorporated to the extent as may be necessary in the final proposals.

4. The Government have examined the suggestion. They accept the views of the Member-secretary, Madras Metropolitan Development Authority so far as it relates to the Madras Metropolitan Area and, as for other Urban areas of the state, the Government approve in principle, the draft zoning regulation submitted by the Director is requested to furnish copies of the draft zoning regulations to the Local Planning Authorities as soon as they are constituted.

5. The receipt of this order may be acknowledged by the Director of Town and Country Planning.

/ By order of the Governor /

MM. RAJENDRAN  
SECRETARY TO GOVERNMENT

/ TRUE COPY /

## ANNEXURE – B

### USE ZONE REGULATIONS

#### I (a) PRIMARY RESIDENTIAL USE ZONE (PR)

##### Uses permitted

1. All residential buildings including single and multi family dwellings, apartment dwellings and tenements together with appurtenances pertaining thereto.
2. Professional consulting offices of the residents and other incidental uses therefor.
3. Petty shops dealing with daily essentials including retail provisions, soft drinks, cigarettes, newspapers, milk kiosks, cycle repair shops and single person tailoring shops.
4. Hair dressing saloons and Beauty parlours.
5. Nursery and primary schools.
6. Taxi and Auto rickshaw stands and
7. Parks and Playfields.

## 1(b) Mixed Residential use zone. (MR)

### Uses Permitted

1. All uses permitted under use zone 1(a) ie., Primary Residential use zone.
2. Hostels and single person apartments.
3. Community halls, Kalyana mandapams, religious buildings welfare centres and gymnasia.
4. Recreation clubs, Libraries and Reading rooms.
5. Clinics, Dispensaries, and Nursing home.
6. Government, Municipal and other institutional sub offices.
7. Police stations, Post and Telegraph offices, Fire stations and Electric sub-stations.
8. Banks and Safe deposit vaults.
9. Educational Institutions excluding colleges.
10. Restaurants, Residential hostels and other board and lodging houses.
11. Petrol filling and service stations.
12. Departmental stores or stores or shops for the conduct of retail business.
13. Vegetable, fruit, flower, fish, eggs and meat shops.
14. Bakeries and confectionaries.
15. Laundry, tailoring and goldsmith shops and
16. Cottage industries permissible in residential areas under G.O. Ms.No. 566 dated 13.03.62.

## II. COMMERCIAL USE ZONE –Use Zone

### Uses Permitted

1. All uses permitted in use zones 1(a) and I(b) i.e. Residential use zones.
2. All commercial and business uses including all shops, stores, market and uses connected with the display and sale of merchandise, either wholesale or retail but excluding explosives, obnoxious products and other materials likely to cause health hazards.
3. Business offices and other commercial and financial institutions..
4. Warehouses, repositories and other uses connected with storage or wholesale trade, but excluding storage of explosives or products which are either obnoxious or likely to cause health hazards.
5. Cinemas, Theatres and other commercial entertainment.
6. Research, experimental and testing laboratories not involving danger of fire, explosion of health hazards.
7. Transportation terminals including bus stands, railway stations and organized parking lots.
8. Automobile repair shops and garages.
9. Small industries, using electric motors not exceeding 20HP and or employing not more than 25 workers, which are not noxious or

offensive due to odour, dust, smokegas, noise or vibration or otherwise dangerous to public health and safety and

10. Installation of electric motors not exceeding 50HP for use incidental to the commercial activities permissible in the zone. (As per the letter of Joint Secretary to Government, Housing and urban development department, Chennai, Letter No. 120/96, UD (i)93-4 dated 02.08.93 addressed to Director of Town and Country Planning, Chennai.

### III. INDUSTRIAL USE ZONE

#### Use zone III(a) controlled Industrial use zone (IC)

##### Use permitted

1. All commercial uses listed under use zone 1(a) 1(b) and 2 i.e., residential and commercial use zones.
2. Industries using electric power not exceeding 130HP (L.T maximum load) but excluding industries of abnoxious and hazardous nature by reason of odour, liquid effluent dust, smoke, gas, vibration etc, or otherwise likely to cause danger or nuisance to public health or amenity. Provided that these industries may use steam, oil or gas power during periods of power shortage or failure.
3. Hotels, restaurants, and clubs, places for social inter course, recreation and worship and dispensaries and clinics and
4. Residential buildings for caretakers, watchman and other essential staff required to be maintained in the promises.
5. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
6. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

## **USE ZONE III(b) GENERAL INDUSTRIAL USE ZONE:**

### **Uses permitted**

1. All commercial uses issued under use Zone 1(a) 1(b) and 2 ie. Residential and commercial use zones.
2. All industries without restrictions on the horsepower installed or type of motive power used excluding those of obnoxious hazardous nature by reason of odours liquid effluent dust smoke gas vibration etc. or otherwise likely to cause danger or nuisance to public health or amenity.
3. Hotels restaurants and clubs or places for social intercourses recreation and worship or for dispensaries and clinics and
4. Residential buildings for caretakers watchman and other essential staff required to be maintained in the premises.
5. Software development and training (Vide G.O Ms. No. 260 H & UD department dated.29.10.2002.)
6. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

## **III© SPECIAL AND HAZARDOUS INDUSTRIAL USE ZONE:-**

### **Uses permitted:**

1. All cCommercial uses listed under use zones 1 and 2 ie. Residential and commercial use zones.

2. All industries permissible in the use zone III(a) and III(b) ie. Controlled and general industrial use zones.
3. All uses involving storage handling manufacture or processing of highly combustible or explosive materials or products which are liable to burn with extreme rapidity and/ or which may produce poisonous fumes or explosion.
4. All uses involving storage handling manufacturing or processing which involve highly corrosive toxic or noxious alkalies acids or other liquids or chemicals producing flames fumes and explosive poisonous irritant or corrosive gases.
5. All uses involving storage handling or processing of any material producing explosive mixtures of dust or which result in the division of matter into fine particulars subject to a spontaneous ignition.
6. Processing or manufacturing anything from which offensive or unwholesome smells arise.
7. Melting or processing tallow or sulphur.
8. Storing handling or processing of manure offal blood bones rags hides fish horns or skin.
9. Washing or drying wool or hair.

10. Making fish oil.
11. Making soap boiling or pressing oil burning bricks tiles pottery or lime.
12. Manufacturing or distilling sago and artificial manure
13. Brewing beer manufacturing by distillation arrack or sprit containing alcohol whether denatured or not.
14. In general any industrial process which is likely to be dangerous to human life or health or amenity and not permissible in the use zones III(a) and III(b) ie. Controlled industrial and the general industrial use zones.
15. Hotels restaurants and clubs or places for social intercourse recreation and workshop or dispensaries and clinics and
16. Residential buildings for caretakers watchman and other essential staff required to be maintained in the premises.
17. Installation of Base Transreceiver Station Towers (Vide G.O.Ms. No. 302 H & UD department dated 12.12.2002).

#### **IV. EDUCATIONAL USE ZONE (E) – Use Zone**

##### **Uses Permitted**

1. Schools, Colleges and other higher education and training institutions and the uses connected therewith
2. All uses permitted in use zone 1(a) i.e., primary residential use zone.
3. Hostels and single person apartments.
4. Recreation clubs, libraries and reading rooms and
5. Restaurants.

## **V. PUBLIC AND SEMI PUBLIC USE ZONE (P.S)- Use zone**

### **Use Permitted**

1. Government and Quasi Government offices.
2. Art Galleries, Museums, aquararis and public libraries.
3. Hospitals, Sanitories and other medical and public health institutions.
4. Harbour, airport, and flying club.
5. Organized parking lots and bus and taxi stands.

**ABSTRACT**

Information Technology – Setting up of Base Tran receiver Station Towers and installation of equipment of telecommunication networks – Leasing of space on government offices on a non-exclusive basis to any licensed telecom company on certain prescribed terms and conditions – Orders-issued.

**INFORMATION TECHNOLOGY DEPARTMENT**

G.O.Ms.No.2

Dated: - 01.04.2002

Read:

1. G.O.Ms.No.7, information Technology department, dated 12.02.2001.
2. From Tvl. Reliance Infocom Limited, Chennai, letter Ref. No. 2375/ IT/ 2001-2002 dated 29.01.2002.

**ORDER:-**

In the G.O. first read above, consolidated policy guidelines were issued specifying terms and condition for the grant of centralized permission for the use of public right of way by any private or public vector applicant that proposes to lay optic fiber cable in the National and State Highways and other roads in Tamil Nadu.

2. Tvl. Reliance Infocom Limited, who have been given centralized permission to lay optic cables in Tamil Nadu, have indicated that in order to maximize the coverage throughout the State, permission is required for renting / leasing out Government land / Government buildings for putting up Base Trans receiver Station Tower (BTS Tower) at technically feasible locations. The company has also requested the Government to grant

exemption to it from observing side set back rules of Chennai Metropolitan Development Authority / Director of Town and Country Planning for the BTS towers which are only in the cases of construction of buildings for BTS equipment room, Diesel Generator Set room etc.,

3. The Government after careful consideration and detailed examination have decided to issue general permission to any licensed telecom company providing infocom services to the end users, on a non-exclusive basis subject to certain terms and conditions.
4. Accordingly, the Government hereby accord permission to any licensed telecom company and which is committed to the cause for Government of Tamil Nadu to install its Base Stations consisting of Tower, Equipment room and Generator room, on roof top or on the ground of premises and buildings belonging to Government of Tamil Nadu, subject to availability and technical feasibility, on a non-exclusive basis and also subject to the following terms and conditions.
  - i. Permission for installing towers, equipment and generator etc. on case - to - case basis will be issued by the district Collectors concerned in consultation with the district office concerned.
  - ii. Availability of space of 4.5 Mtrs. x 4.5 Mtrs.
  - iii. Technical feasibility - Building should be structurally strong to take a load of 3.5 MT to 6.0 MT depending on the height of tower.
  - iv. A Telecom company providing infocom services and is desirous of utilizing the Government premises / buildings for installing the base stations, should comply with all the regulations and stipulations including that of the Ministry of Civil Aviation, Government of India, in installation of the Base stations, All clearness / permissions, required in the

- process of establishing the base stations are to be obtained by such company.
- v. Permission may be given on non- exclusive basis.
  - vi. The future extension / expansion of building / premises may be kept in mind.
  - vii. Permission may be granted initially for a period of 10 (ten) years.
  - viii. Damages caused, if such company shall rectify any, and bring back to original condition and to the satisfaction of the authorities concerned.
  - ix. Leasing of the premises or buildings to such company should not be detrimental to the daily routine and activities of the Office or Offices concerned.
  - x. Appropriate rent shall be charged from such company.
  - xi. Exemption shall be given to the telecom Companies from side set back rules of Chennai Metropolitan Development Authority / Director of Town and Country Planning for the BTS Towers and the said rules shall be applicable only to the construction of buildings.
  - xii. This order issues with the concurrence of Housing & Urban Development, Revenue and Public Works departments.

-----

In G.O. First cited above, Government have accorded permission to license Companies to install Base Trans receiver Station Towers, equipment room and generator room on roof top or on the ground of premises and buildings belonging to Government of Tamil Nadu subject to certain terms and conditions mentioned there in.

2. In the reference second cited M/s. Reliance Infocom Limited has requested the Government to issue necessary amendments to G.O. first cited exempting from side set back rules of Chennai Metropolitan Development Authority/ Director of Town and Country Planning for the BTS Towers, erected or to be erected on Local bodies, Quasi Government, Public Sector Undertakings and Private lands and buildings. The requested of the above firm has been examined and the following amendments are issued to G.O. first cited above.

3 In para 4 of the G.O. first cited above, after the word Government of Tamil Nadu in the fourth line the words " Quasi Governments / Public Sector Undertaking / Local bodies / private lands and buildings" be added and after the eleventh terms and conditions mentioned in the same para at page two, the following shall be added as number twelve to sixteen:

- (i) Clearance from CRAC and Civil Aviation department for erection of towers shall have to be obtained before erection wherever required.
- (ii) The BTS room size shall not exceed 15 Sq.M. in floor area and it should not be more than 3.0 M. in height.
- (iii) The generator on plat form shall not cause noise and air pollution.
- (iv) These structures, shall not be erected on any unauthorized or deviated part of a building or layout, agricultural land and OSR use Zones.

- (v) These BTS structures shall be structurally sound and safe”.
- 4 The Municipal Administration and Water Supply Department and Rural Development department are directed to issue necessary orders exempting under Tamil Nadu District Municipalities Buildings Rules and Multistoried and public building Rules 1973, under G.O. 164 MAWS Department, dated 15.6.1994 and G.O.Ms. No.2 MAWS department dated 30.1.1997 against restricting the height of the Building/ structures / BTS Towers within the Heritage Towns and under G.O.Ms.No.1730 RD & LA department dated 24.7.1974 allowing the BTS Towers in all the land use Zones.
5. This letter issues with the concurrence of Municipal Administration and Water supply, Rural Development and Housing & Urban Development Departments.

In the G. O. first cited read above, orders were issued prescribing the norms governing Land Use Zoning in respect of areas coming under Local Planning Areas according to the orders issued in the above Government order, the Urban areas are divided into the following six major use zones.

1. Residential Use Zone
2. Commercial Use Zone
3. Industrial Use Zone
4. Educational Use Zone
5. Public and Semi Public Use Zone

## 6. Agricultural Use Zone

Of these, Residential Use Zone has been further sub – divided into two categories, Namely:

1. Primary residential Use Zone and
2. Mixed Residential Use Zone.

The Industrial Use Zone has been further similarly sub – divided into three categories, namely :

1. Controlled Industrial Use Zone
2. General Industrials Use Zone and
3. Special Industrial and Hazardous Use Zone

2. In the G.O. second read above, while announcing the information Technology industrial policy. It has been ordered that there will be no location restriction for setting up units exclusively engaged in software Development and Training.

3. In his letter third above, the special commissioner of Town and Country Planning has reported that software units exclusively engaged in software development and training, are considered to be non conflicting uses and therefore there will be no location restriction for setting up of these units in any land use classified, except those lands reserved for special and Hazardous and agricultural land use in the Master Plan, in line with the provisions of amended Development control Rules of Chennai Metropolitan Development Authority, and that the information technology industries also should not be permitted in areas prohibited by various Acts and Rules relating to Coastal Regulation zone, Archeological site, Heritage site, Airports, Burial ground, Quarry sites, railway properties etc. The Special commissioner of Town and Country Planning has

now requested the Government to effect changes to G.O.(Ms.) No. 1730 RD & LA Department dated 24.7.74 accordingly.

4. The Government after careful consideration accept the request of the special Commissioner of Town and Country Planning and effect Changes to the norms laid down in G.O.(Ms)No. 1730, RD & LA Dept. dated. 24.07.74 to the effect that units exclusively engaged in software development and Training be permitted to all land uses. Viz. residential (Primary and Mixed residential), Commercial, Public and Semi Public, Educational, industries (Controlled and General industries) except those lands that are earmarked for special and hazardous industries and agricultural land use in the Master Plan.

  5. Government Lr.No.237/IT/2002-7, Information Technology Department dated 18.09.2002.
- 

**ORDER :**

In the Government Order read above, the Information Technology Department had issued orders permitting any licensed telecom company to install Base Trans receiver Station Towers, equipment room and generator room on roof top or on the grounds of premises and building to belonging to Government on certain terms and conditions. Orders were also issued by the Government that exemption shall be given to such telecom companies form

following the side set back rules of Chennai Metropolitan Development Authority / Director of Town and Country Planning for installation of Base Trans receiver station Towers and applicability of the said rules only to the constructions of buildings.

2. Subsequently, in the Government letter third read above, the Information Technology Department has further clarified that the exemption given in G.O.(Ms.) Base Trans receiver Station Towers to be installed on roof top or on the ground of Premises and buildings belonging to Government of Tamil Nadu but also for the Base Trans receiver Station Towers to be installed on private land buildings.

3. In the letter fifth read above, the information Technology Department while issuing certain amendments to paras 4 and 5 of Government Order second read above has directed Municipal Administration and Water supply Department and Rural Development Department to issue necessary orders exempting under Tamil Nadu District Municipalities Buildings Rules and Multi stored and Public Buildings Rules 1973 under G.O.(Ms.) No.22 Municipal Administration and Water Supply Department, dated 15.06.1991 and G.O.(Ms) No.22, Municipal Administration and Water Supply Department dated 30.01.1997 against restricting the higher of the Buildings / structures/ Base Trans receiver Station Towers within the Heritage Zone of the Heritage Towns and under G.O.(Ms) No.1730, Rural Development and Local Administration Department dated 24.07.1974 allowing the Base Trans Receiver Station Towers in all the land use Zones.

4. As regards the issue of allowing of Base Trans Receiver Station Towers in all the land use zones, the Special Commissioner of Town and Country Planning in his letter fourth read above has reported that as per the Government Order first read above only permissible uses specified in each use zone as per the Master Plan can be permitted. He has requested that since there is no provision at present in the Master Plan for permitting the

Base Trans receiver Station Towers, a separate Government order for permitting Base Trans receiver Station Towers in all use zones in the master plan may be issued by the Government.

5. The Government after careful examination accepts the proposal of the Special Commissioner of Town and Country Planning and accordingly direct that the installation of Base Trans receiver station Towers shall be permitted in all the land use zone in the Master Plan.

GOVERNMENT OF TAMIL NADU

**ABSTRACT**

Environment Control – Control of Pollution of water sources – Location of industries within 1 KM from the embankments of rivers, streams, dams etc.,  
Imposition of restrictions – orders- Issued.

**ENVIRONMENT AND FOREST(EC-1) DEPARTMENT**

G.O.Ms.No.213

Dated: 30<sup>th</sup> March 1989

Read:

G.O.Ms.No.1 Environment Control dated 6.2.84

From the Member-Secretary, Tamil Nadu Pollution Control Board Lr.No.BMS (1)/15878/88 dt.23-8-88.

From the Chairman, Tamil Nadu Pollution Control Board Lr.BMS (1)/44365/88 dt 3.11.88 and letter of even No. dated 30.12.88.

**ORDER:**

In the Government Order first read above, the Government have ordered, among other things, that industry causing serious water pollution should be permitted within 1 KM from the embankments of rivers, streams, dams, etc. and that the Tamil Nadu Pollution Control Board should furnish list of such industries to all local bodies. It has been suggested that it is necessary to have a proper definition for water sources so that thermal water collections like rain water ponds, drains, sewerages (bio-degradable) etc. may be included from the purview of the above order. The chairman, Tamil Nadu Pollution Control Board has dated that the scope of the Government Order may be restricted to

reservoirs, rivers and public banking water resources. He has also stated that there should be a complete ban on location of highly polluting industries within 1 KM of certain water sources.

2. The Government have carefully examined the above suggestions. The Government imposed total ban on the setting up of the highly polluting within 1 KM from the embankments of the water sources mentioned in Annexure -II to this order.

3. The Government also direct that under any circumstances if any highly polluting industry is proposed to be set up within 1 KM from the embankments of water sources other than those mentioned in Annexure-I to this order, the Tamil Nadu Pollution Control Board should examine the case and obtain the approval of the Government for it.

4. The receipt of this order may be acknowledged.

(BY ORDER OF THE GOVERNOR)

ORDER:

In G. O. Ms. No. 1951, L. A. Dt. 10<sup>th</sup> December 1960 the Government ordered the publication in the Fort St. George Gazette of the draft Madras Cottage Industries construction and establishment ( Restrictions, Limitations and conditions) Rules under the proviso the clause (a) of section 92 of the Madras Public Health Act, 1939 ( Madras Act III of 1939) the Government have carefully considered the suggestions received. The draft rules as simplified with reference to the suggestions received are here by confirmed. The Appended notification will be published in the Fort St. George Gazette.

/ By order of the Governor/

Sd/- J. DEVA ANUGHRAHAM.

DEPUTY SECRETARY TO GOVERNMENT.

APPENDIX  
NOTIFICATION

In exercise of powers conferred by sub-section(10) of section 128 read with the proviso to clause (a) of Section 92 of the Madras Public Health Act, 1939 (Madras Act III of 1939), the Governor of Madras hereby makes the following rules, the same having been previously published; as required by sub-section (1) of section 130 of the said Act.

RULES.

1. SHORT TITLE: These rules may be called the Madras Cottage Industries Construction and Establishment ( Restrictions, Limitations and Conditions) Rules 1960.
2. DEFINITIONS: In these rules unless the context otherwise required:-
  - (1) 'Act' means the Madras Public Health Act, 1939 ( Madras Act III of 1939)
  - (2) 'Cottage Industry' means such cottage industry as the Government may, from time to time, by notification under the proviso to clause (a) of section 92, specify.
  - (3) 'Dwelling' means a dwelling house and includes a hut used or adopted to be used, wholly or principally for human habitation or in connection there with.
  - (4) 'Electrical Installation' means any machinery or manufacturing plants driven by electrical power not exceeding three horse power in the aggregate.
  - (5) 'Notified Area' means any locality, division, ward, street or portion of a street in the local area of an urban local authority notified in the prescribed manner by such local authority as being reserved for residential purpose under section 89:

- (6) 'Schedule' means a schedule appended to these rules:
  - (7) 'Section' a section of the Act:
  - (8) 'Site' means the land on which a dwelling stands and includes open yards and open spaces appurtenant to, or occupied and used in conjunction with, a dwelling.
- 
3. GENERAL: The restrictions, limitations and conditions subject to which the local authority may permit the construction or establishment of any new factory, workshop or work place for the purpose of carrying any cottage industry shall be those specified in the following rules.
  
  4. EMPLOYMENT OF POWER OTHER THAN ELECTRIC POWER: No such instruction or establishment as is referred to in rule 3 shall be permitted in any dwelling or site in a notified area, if any installation other than electric installation is to be employed in any such construction or establishment.
  
  5. PROHIBITION OR ELECTRIC INSTALLATION IN HUTS: No electric installation shall be permitted in a site of the dwelling thereon is a hut.
  
  6. SETTING A PART OF A ROOM FOR ELECTRIC INSTALLATION: No electric installation shall be permitted in a dwelling or in a site on which a dwelling is situate, unless the electric installation installed in a room or enclosure exclusively set apart for such installation and such installation conforms to these rules.
  
  7. ROOM OR ENCLOSURE CONTAINING THE ELECTRIC INSTALLATION TO SATISFY CERTAIN CONDITIONS: A room or

enclosure in which the electric installation is installed shall comply with the following requirements namely:-

- a) In respect of any installation for the industry referred to in schedule A, the room or enclosure shall be structurally detached by not less than five feet from any other dwelling.
- b) In respect of any installation for the industry referred to in schedule A or schedule B, the room or enclosure if attached to dwelling shall be directly accessible from any part of such dwelling.
- c) No part of the room or enclosure shall be used for residential purpose;
- d) The room or enclosure shall have a minimum floor area of eighty square feet and a width of not less than eight feet. The height of all main walls shall be not less than nine feet.
- e) Walls of the room or enclosure shall be of brick or rubble masonry built in chunam or cement mortar of such non-inflammable materials as may be approved by the Executive Authority.
- f) Roofing shall be of concrete or such hard material as may be approved by the Executive Authority.
- g) Roofing shall not be thatched or erected with mud or grass or leaves.
- h) The room or enclosure shall have windows, ventilators or roof ventilators opening directly to fresh air, the total area of such windows, ventilators or roof ventilators shall not be less than one-fifth of the floor area of the room or enclosures.
- i) There shall be at least one door may which shall open into a vacant space or open verandah and the size of such door way

shall not be less than three and a half feet in width and six feet in height.

- j) The basement shall not be less than one foot above the adjacent ground level.
- k) In respect of any installation of the industry referred to in schedule A, where any heating process or use of fire is involved the room or enclosure shall have such chimneys or smoke scares as are in the opinion of the health officer adequate.

Provided that the Director of Public Health any for persons to be recorded in writing, exempt any room or enclosure from the provisions of clauses (d), (h) and (i) subject to such conditions as he may think fit.

8. PERMISSIBLE NUMBER OF PERSONS TO BE EMPLOYED IN A ROOM OR ENCLOSURE: The number of persons who may be required or allowed to work at any one time in a room or enclosure shall not exceed four.
9. SPECIAL PROVISIONS REGARDING DHALL MILLING: The number of hand grinders that may be worked in a dhall mill at any one time of such dhall mill is situated in a dwelling shall not exceed four and the aggregate number of employees attending on each such grinder shall not exceed four. The dhall mill shall be worked subject to such restrictions, limitations and conditions as may be imposed by the Health Officer, for abatement of nuisance, if any, due to dust arising out of the process of decorticating dhall.

10. HOURS OF WORKING: No machinery or manufacturing plant shall be worked or operated between the hours of 6 P.M. and 6.30 A. M.
11. PRIOR APPROVAL OF AN OFFICER OF THE HEALTH DEPARTMENT TO BE OBTAINED: No such construction or establishment as is referred to in rule 3 shall be permitted.
- a) In any Municipal area, except with the prior approval of the Municipal Health Officer or in the absence of the Municipal Health Officer the District Health Officer concerned.
  - b) In other areas except with the prior approval of the District Health Officer.
12. PRECAUTIONS AGAINST FIRE: The permission granted by the local authority shall include such conditions as the executive authority may specify in this behalf in order to guard against the outbreak of any fire in the place concerned.
13. INSPECTION: The executive authority or any officer authorized by the executive authority in this behalf enter at all reasonable times into any place or premises in which a such construction or establishment as is referred in rule 3 has been permitted and inspect the same.
14. CLEANLINESS : (1) Rubbish, filth or debris shall not be accumulated or kept in any part of the dwelling for more than twenty four hours and shall be disposed off in the matter approved by the Health Officer. All filth and other decomposing matter shall be kept in covered receptacles.

- 2) All drains carrying waste or sullage water or sewage shall be constructed of masonry or other impermeable material and shall be regularly flushed at least twice daily and such drain shall be connected to recognized drainage line, if any.
- 3) The dwelling shall be maintained in a sanitary and clean condition. The floors shall be swept or otherwise cleaned at least once daily and the ceilings shall be dusted at least each a month.
- 4) There shall be sufficient latrine and urinal accommodations such places in the dwelling and such number and design as the Health Officer may direct. If any existing latrine or urinal in the dwelling is found to be injurious to the industry, the Health Officer shall have the power to direct the renewal of such latrine or urinal.
- 5) Latrines and urinals shall be properly maintained and pollution by excretion of urine on the surface of the ground in the vicinity of the latrine and urinal shall be prevented. Suitable arrangements shall be made for the regular cleaning and covering of the latrines and urinals to the satisfaction of the Health Officer.
- 6) The area around the place where drinking water is distributed to the workers shall be kept clean and properly drained.

GOVERNMENT OF TAMIL NADU  
Abstract

Local Planning Authorities - Composition of Local Planning Authorities which comprises of single local authority orderd.

RURAL DEVELOPMENT AND LOCAL ADMINISTRATION DEPARTMENT

G.O.Ms.No 651

Dated 8th April 1975

Read:

G.O.Ms.No 650 RD&LA Dated 8-4-1975.

ORDER:

In the G.O read above, Government have constituted Local Planning Authorities under the proviso to section 11(1) of the Tamilnadu Town and Country Planning Act 1971 in respect of Local Planning Areas declared under section 10 of the said Act.

2. According to the proviso to sub-section (1) of the section 11 of the Tamilnadu Town and Country Planning Act 1971(Tamilnadu Act 35 of 1972) in case where the local planning areas consist of the area under the jurisdiction of a single local authority, the Government may declare such local authority as the local planning authority for that area. Sub section (3) of the said section 11 provides for appointment of the Chairman, Member and Member secretary for the Local Planning Authority other than local authority which has been declared as the local planning authority under the said sub section (1).

3. The Government clarify that on the declaration by the Government of the single local authority as local planning authority under the proviso to section 11(1) of the act, the Chairman, Member and Executive authority of the local authority shall automatically become the chairman members and the executive authority of the local planning authority concerned.

4. A list of single local authorities which have been declared as local planning authorities under the act appended to this order.

5. The Director of stationary and printing is requested to publish this order in the Tamil Nadu Government Gazette.
