ORDER :

In the Government order first read above. the Government have accorded consent to the publication of a notice of preparation of the modified master plan for the Dindigul local planning area. The Special Commissioner of Town and Country Planning in his letter second read above, has forwarded the modified master plan for the Dindigul localplanning area and requested the Government to accord approval to the said modified master plan under section 28 of the Tamil Nadu Town and Country Planning Act, 1971.

A. The Government after careful examination of the proposal of the Special Commissioner of Town and Country Planning referred to in paragraph 1 above, have decided to approve the modified master plan for the Dindigul local planning area. Accordingly, under section 28 of the Tamil Nadu Town and Country Planning Act,1971, (Tamil Nadu Act 35 of 1972), the Governor of Tamil Nadu hereby approves the modified master plan for the Dindigul local planning area. The copies of the modified master plan for the Dindigul local planning approved by the Government are communicated to the Special Commissioner of Town and Country Planning.

3. The following notification will be published in the next issue of the Tamil Nadu Government Gazette. The Special Commissioner of Town and Country Planning is requested to ensure that the Notification is republished in the manner prescribed in rules 12 and 15 of the Master Plan (Preparation. publication and Sanction) Rules.

NOTIFICATION

In exercise of the powers conferred by sub-section (1) of section 30 of the Tamil Nadu Town and Country Planning Act, 1971, (Tamil Nadu Act 35 of 1972) the Governor of Tamil Nadu hereby publishes the approval of the Government under section 28 of the

said Act for modified master plan for the Dindigul local planning area submitted by the Special Commissioner of Town and Country Planning.

2. The modified master plan for Dindigul local planning area with all its enclosures shall be kept open to the inspection of the public, in the office of the Dindigul Municipality during office hours.

(BY ORDER OF THE GOVERNOR)

A. Nagarajan,  
Secretary to Government.

# CHAPTER I

## I. INTRODUCTION

- 1.01 Cities play important role in the economic dependence in the gathering of resources from the rural and the remaining areas in the distribution of goods produced abroad, but also partly in producing specific industrial goods. Hence Town but dependence is inter spread.
- 1.02 It is now realized the need for providing employment opportunities to the Urban Labour force since Urban Dwellers cannot migrate to the villages.
- 1.03 Hence the development of intermediate level Urban Centre would have strong Regional Ramification and would assist in strengthening the economy at the Regional level. These towns also need assistance in maintaining the existing Infrastructure and augmenting it to a level where they become more efficient Urban entities. One reason why the existing town need support is that as much as 40 % of increase in urban why the existing town need support is that as much as birth and migration in India. Even if existing urban settlement ate not to cater for migration they will certainly have to develop on activity to atleast to provide for natural increase in population.
- 1.04 Particular town should be studied within the wider context which are relevant to them. They will then be seen as fields of action integrated to some larger world or within which the interaction and contradiction of that larger world ate displayed with special clarity.
- 1.05 Hence Dindigul town has to be studied with wider context of Dindigul District which ate relevant to the positive growth of the town. The town is identified as growth pole if impetus an assistance ate extended to exploit available natural and human resources, industrial base and capital resources.
- 1.06 The review of master plan is aimed at achieving a proper integration of economic and spatial plan for this growth Centre.
- 1.07 The review of master plan is taken up due to the following reasons:
1. Establishment of Collectorate complex Housing neighbourhoods and police Office with housing Complex at Chettinaickenpatti Village, adjacent to the town.
  2. Opening of ring road (bye pass road) connecting NH.45, NH.7, SH.10 and other Major District Road.
  3. Declaration of adjacent Taluks as Industrially backward and most backward taluk by the State Government.

4. Liberalised economy has brought various means of economic development for agro-based, animal based, food processing industrial development thereby providing opportunities for formal and informal labour force.
  5. Construction of modern effluent treatment plant for tanneries, leading to development of new tanneries and finishing units.
  6. Modernization of present tannery units both in processing and manufacturing limiting to less pollution and least water consumption.
  7. Expectation of coming up of finishing unit along with existing tannery units.
  8. Modernisation of metal industries, like lock and safe units.
  9. Encouraging horticulture, Kitchen Garden and Medicinal Plants cultivation, Preservation Catagerisation of produces, attractive packages to meet the export market.
  10. Expectation of domestic air service between Trichy / Madurai and Trivandrum / Madras airport linking international flight.
  11. Expected new units on Spinning using labourer and cotton grown in the districts.
  12. Expected growth in food processing industries to meet our export market for Vermicelli products.
  13. All these activities almost taking place along the national highways NH.45, NH.7, SH.10, and Major District roads around the town are aiding special Development haphazardly.
- 1.08 The scope and contents of Master plan are given below:
1. The manner in which this Urban Centre is Capable of generating economic growth in sustained manner.
  2. The prospects of formal and informal sector of economic activities.
  3. Suitable infrastructure and their activities to a more well balanced combination of Industry, commerce and services.
  4. Multi functional use of land as suggested in line with prevailing Socio-economic factor.
  5. Evolved spatial planning minimizing the present ills of Urbanisation and paving the way for era of human cities.
  6. Liberal land use regulation, suiting the need of the town with respect to major urban functions to prevent unauthorized development.
  7. The stages by which the Master plan shall be carried out.
  8. Programme of action with respect to economic activities.
  9. Programme of action with respect to Social Sector.
- 1.09. An attempt is being made prepare physical planning, integrating economic and spatial planning. This forms the basic document for the development of the growth centre from more administrative cum commercial centre to industrial cum service town.

## CHAPTER – II

### 2. SITE CHARACTERISTICS

#### 2.01. Location :

Dindigul is located at 10° 55' north latitude and 77° 50' east longitude. It is 150 K.M. South of Salem 160 K.M. South east of Coimbatore, 100 K.M. South West of Trichy. It is well connected to major cities through NH 7 (Banaras – Cape Camarin) NH.45 (Madras, Trichy – Dindigul) and SH.10 (Dindigul, Coimbatore) and both Metre gauge and broad gauge line. This town is now having economic ties with Karur, Thiruppur, Bangalore and Madras with a limited extend to Ahamadabad and Bombay.

#### 2.02. Climate :

The town is situated at the foot of Sirumalai hills, at an elevation of 265 Metre, above mean sea level. The town has fairly dry but healthy climate. The maximum temperature during summer is 37° C and in winter is 29° C. The mean temperature are 26° C and 20° C respectively. The town gets major rainfall during northeast monsoon. The average rainfall is 856 mm.

#### 2.03. Physical characteristic :

Dindigul Taluk is an undulating plains. The red Varsity soil is predominant.

#### 2.04. Historical background:

This town and adjacent Thadicombu were invaded first by Moguls and latter by British. The impact of the invasions and renaissance of their rules are still available in the town and its surrounding.

#### 2.05. Planning Area:

The Government of Tamilnadu in G.O. Ms No. 1864 RDLA DT : 17-8-1974 declared Dindigul Municipal area and its surrounding area of 21 village as Dindigul Local Planning Area. The total extent of the planning Area is 198.81 Sq.K.M. The name of the revenue villages included in the planning area and Extent of villages and town are given in Table 1 below:

Table : 1

Town and village included in Dindigul Local Planning Area.

SI.No.	Name of Town / Village	Area in Sq.Km
1.	Dindigul Municipality	14.01
2.	Adiyanoothu	19.18
3.	Alukkuvarpatty	6.03
4.	Alamarathupatty	3.18
5.	Anaipatty	2.47

2.06. Administrative setup :

The local planning area is now having administrative control by Dindigul Municipal Council and Dindigul, Author, and Roddiarchatram Panchayat Union Council. The regulatory, preparation and execution of development plans prepared under Town and Country Planning Act 1971 are carried out by Dindigul Local Planning Authority, which functions at Dindigul with Collector as a Chairman, under Section 1 (4) (a) of the T & C.P. Act 1971 from 01.09.1993 on words.

Cont..5.

### CHAPTER – III

#### 3. DEMOGRAPHY

##### 3.01. Population:

The population growth of Dindigul Town from 1971 to 1991 is given below:

Table :- 2

Year	Population	Percentage of Growth
1971	1, 28,429	+ 38.17
1981	1, 64,103	+ 27.79
1991	1, 82,477	+ 11.08

The Dindigul town has shown the growth rate in 1971 and 1981 but declined in growth rate in between 1971 and 1981 but declined in growth rate in between 1981 and 1991. This may be due to exodus of population to other major cities mainly for economic opportunities. The central part of the town has the highest growth rate.

##### 3.02. The population growth of cillages within Dindigul Local Planning area is given Below:

Sl.No.	Village Name	1971	1981	1991
1.	Adiyanoothu	5596	7711	10438
2.	Balakrishnapuram	4932	6673	9201
3.	Kurumbapatty	2627	2185	3940
4.	Pallapatty	5621	7503	8069
5.	Mullipadi	4370	4919	5785
6.	Seelapadi	4361	5688	11365
7.	Chettynaickanpatty	4360	6186	8183
8.	Thottanoothu	5600	6560	7114
9.	Alamarathupatty	1912	2130	2407
10.	Alukkuvarpatty	2093	1342	825
11.	Anaipatty	663	755	2251
12.	Kummampatty	1147	1132	393
13.	Munnilaikottai	2646	2568	3128
14.	N.Panjampatty	4722	5325	6162
15.	Pillayarnatham	1318	1555	1746
16.	Pithalaipatty	1196	1531	1971

17.	Sindalagundu	5687	4301	7862
18.	Tamaraikulam	773	810	2089
19.	Vakkampatty	2248	2365	2454
20.	A. Vellodu	10340	10994	11810
21.	Kalikampatty	1540	1500	1735

---

		78152	83763	108928
--	--	-------	-------	--------

---

This shows rise to population in rural areas only marginally and almost static in population growth. The growth rate is 13% for entire rural areas from 1971 to 1991.

3.03. Sex Ratio :

Sex ratio of Dindigul for 1991 is 1036 Females for thousand males.

3.04. Population density:

The overall population density for the town in 1991 census is 130 person per hector.

## CHAPTER – IV

### 4. ECONOMIC ACTIVITIES

- 4.01. The positive roll Urbanisation can materialize only if the cities are economically viable and capable of generating economic growth in a sustained manner. Urbanisation can make positive contribution to economic growth only when cities generate economic moments. If the administrative capitals are provided with suitable infrastructure and their activities are diversified from measly administrative to more well balance combination of appropriate industries, Commerce and Services they would become growth Centres of development especially in the backward region. The existence and continuing expansion of the informal sector are increasingly being accepted as enviable phase in the development process. With this back round the existing potentials of Dindigul and its environs are explained in details below.

4.02. Mineral deposit in Dindigul District:

The following table shows the available deposits and its present exploitation.

Name of Mineral	Village in View the Mineral occur.	Taluk	Probable Reserves Depth of persistence	Proved Probable	Quantity and Usage	Remarks
Lime stone  s.	Alambodi Mallapuram Karakali Dhdippatty Palayam.	Vedasandur	93.51 Million Tonnes	Proved depth 50m.	Cement grade the reserves are being exploited by M/s. Chettinad Cements Corporation Limited for Manufacture of cement.	Lease hold areas of M/s. Chettinad Cements and other Private lessee.
	Rangappanya- kkanpatty	Nilakottai	7.2 Lakhs Tonnes	Proved depth 20 metres.	Cement grade to Sub Cement grade.	Lease hole area of M/s. Duraiappa Chemical
	Panrimalaipatti Patti, Nadumandalam, Sirugudi	Nilakottai  Natham	1.2 Million Tonnes	30 metres	High Magnesia Grade Limestone used for the Manufacture of filler materials.	Leasehold use of M/s. Balaji Minerals S.elangovan and A.Asai Alagaram.

4.04. Details of block viz. Registered S.S.I Units classified under growth categories as on 31-3-92 are given in taluk wise below :

Table 6 :-

Category	No. of Units	
	Dindigul	Authoor
Food based	172	10
Forest base	37	4
Animal husbandry	165	3
Textile based Industry	90	26
Chemical based Industries	122	11
Building Material and Ceramic based industries	45	4
Engineering allied industries	386	47
Electrical and Electronic based Industries	49	1
Miscellaneous industries	167	14
Block Total	= 1231	120

Source : Factory Inspector / Dindigul.

The above table shows the existence of small industries within Local Planning Area.

4.05 Some of the large and Medium Scale Industries that are within Local Planning Authority are given in Table below:

TABLE 7 : The Large and Medium Scale Industries :-

S.No.	Name and Address	Line of activity
1.	Sri.Annamalaiyar Mills (P) Ltd., Dindigul	Cotton Yarn
2.	Soundaraja Mills (P) Limited, Dindigul.	Spinning Yarn
3.	Vijayashree Spinning Mills (P) Ltd., Trichy Road Dindigul.	Cotton Yarn
4.	Embee Textiles (P) Ltd., N.Paraipatty, Dindigul	Cotton Yarn
5.	Sri Annamalaiyar Textiles (P) Ltd., Madurai Road, Begambur P.O, Dindigul.	Cotton Yarn
6.	Thiruchandur Murugan Spinning Mills (P) Ltd., N. Paraipatty, R.V. Nagar, Karur Road, Dindigul – 4.	Cotton Yarn Bran Oil
7.	Kamala Salvent, Karur Road, Dindigul	De-Oiled Cake

11.	Saravana Spinning Mills (P) Limited Pithalapatti P.O. Vathalagundu Road.	

Source : Action Plan – D.I.C.

4.06. Leather Industry :

The Indian Leather Industry present a spectrum with various facets that remains in different stages of growth. Harmonious integrated growth of leather industry is really stupendous task, which called for detailed long term and short term planning. The industry has a wide geographical spread through out rural and urban India with small sized units and technology ranging from primitive to sophisticated.

- 4.07. The leather industry is in the threshold of modernisation, expansion and technological advancement. Our exports are mainly on leather finished goods and garments. The Government of India have identified this industry as thrust industry mainly from the point of view of enhancing our foreign exchange.
- 4.08. The Government of India have made series of concession to leather industries all aimed at making available to the industry, machinery equipments, raw materials and consumables not available in adequate quantity and requisite quality like simplification of import matters, reduction of duty on machineries chemical and raw materials. Special subsidy and power subsidy are also given to this industrial units.
- 4.09. The E.I. leathers manufactured by the tanneries around Dindigul Town are in great demand in Ranipet, Vaniyambodi, Ambur and Madras Finishing Units.
- 4.10. The curing of leather is a traditional art in Tamilnadu. The availability of avaram, Konam and myrobalam as well as skilled labour and availability of water kodaganaru river hides from near by shanties are some of the reasons for concentration of tanneries around Dindigul Town especially in Pallapatty, Pilliyar Natham, Sinthalagundu Villages, Dindigul town is a Centralised area from which raw hides are supplied to various Tanneries and tanned leather units to distant places. The tanners are purchasing required hides from maundies located in Begampur area in South-West end of the town. The highest number of tanneries are concentrated in Pallapatty Village which is adjacent to Begampur.

TAABLE 8 : Number of Units in Villages :-

	Village Name	Existing Units	Under Construction	Production Kg / Day
1.	Sinthalagundu	9	3	19200
2.	Pilliyarnatham	3	2	6000
3.	Adiyanoothu	6	2	14500
4.	Pallapatty	37	11	73500

- 4.11. This industry gives employment to about 4000 skilled labours indirectly and about 6000 labours. Each skilled labour is getting a daily wages of Rs.68/- day. In term of value these units are having an annual turn over of Rs.250 Lakhs.

- 4.12. The maundies receive the hides from the following shandies which are listed below :

Day	Place	No. of Pieces
Monday	Samayanallur	10,000 to 12,000
Tuesday	Tiruchencoso	40,000
Wednesday	Pollachi	5,000
Thursday	Pudukittai	50,000
Saturday	Samayanallur	2,000

Besides, hides are received daily from Kerala, Hyderabad and Northern India. The necessary ingredients like lime and other chemicals are supplied by Yutocorin Alkalies and Rajapalayam mills. Imported Chemical is being supplied to tanneries by the Tanners Association. Around 3 lorries of 30 tonnes each, carries tanned leather to Madras Market daily.

- 4.13. The Dindigul Leather finishing service Industries Co-operative society limited, with an investment of Rs.200 Lakhs is now recovering from Non-operational to functional one through the good offices of Tanners Association.
- 4.14. This export-oriented industry earns valuable foreign exchange and revenue to government besides giving employment to economically weaker sections of society. Fortunately in this part E.I. tanning are dominant and hence effluent pollution is not so injurious or harm to health but to an extent affected Agricultural operation.
- 4.15. In order to find solution to this perennial problem, common effluent treatment plant has been evolved and is now under execution by DINTECH Pvt. Limited. The Common effluent treatment is to deal with 42 Lakhs litres of effluent water / day. It covers 56 units in these villages with waste generation of 4200 cum / day.
- 4.16. The pretreated effluent water from the tanneries will be collected and transported through net work of collection system to the plant site at defendant Sengulam S.No. 562 Pallapatti Village at the junction of Bye Pass Road. The treated effluent will be stored in the adjoining Sengulam tank for irrigational use and disposal.
- 4.17. The following are some of the measures to prevent pollution of water, emanated from Tanneries

1. Freeze drying instead of application of salts by tanners, to minimize the salt Content in effluent water.
2. Employing Enzymes developed by C.L.R.I. to loosen up the hair instead of Sodium Sulphate and lime mixture. This reduces the land and ground water Pollution to great extent.
3. Multi stage soaking operation, recovery of water during Solar evaporation of Sock liquor, application of membrane technologies for water recycling and Changes in process with the use of loss water are some new direction for minimizing the water use in tanneries.

Source : Secretary, Tanners Association, Dindigul.

4.18. Handloom industry:

The three prominent communities that engaged in this industry are

- (1) Pattunool Karers
- (2) Kaikollurs – Weavers of course varieties of handloom &
- (3) Devangar – Weavers of fine varieties of sarees an dhotis.

This industry produces about 6 million-metre length of cloth valuing Rs.20 crores. This handloom industries employs 135 master weavers. 125 petty master weavers, and 50 independent weaves. Around 5000 workers are engaged in this industry. Industries ate mostly located in residences. Cloths Specially Kailies are exported to Ceylon, South East Asian countries. These industries are located in Nagal Nagar, within Town and rural villages.

4.19. The table below gives the industrial units categories that are functioning with in Local Planning Area.

Table 9 : Industrial Unit Categories :-

	Category	No.of units
1.	Food based industries	90
2.	Textile based industries	31
3.	Animal Husbandry based units	68
4.	Engineering and allied industries	28
5.	Chemical based industries	3
6.	Micellaneous (Others)	42
	Total	262

Source : Inspector of Factories Zone 1 & 2, Dindigul.

- 4.20. These units give an employment for about 2400 labours daily excluding casual labourers.
- 4.21. Lock, safe and Metal industry for which once this Town was famous, was loosing its grand due to lack of parents, risk taking entrepreneurs with modernization of plant, machinery and manufacturing process to suit the present day innovative and competitive market.
- 4.22. Lock industry in Dindigul Town :
- At present there are only 165 industries in Dindigul town padlocks, drawer locks, almirah locks and cupboard locks are the important type of lock that are manufactured in the lock industries in this town.
- 4.23. Dindigul lock workers Co-operative Industrial Society has shown a considerable increase in the production of locks of higher quality, Dindigul is specialized in making circular shape locks. In 1948 – 85 this society produced Rs. 6.00 Lakhs worth locks.
- 4.24. Agro products :
- This Town is Centre for wholesale trading and exporting onion to Ceylon, and other foreign countries. It is centre for tamarind and send to all over India Market. Besides varieties of fruits like Sirumalai plantain, Orange, Pineapple, Sapotta, Guava and Papaya, Mango are marketed in this Town. These fruits have get good export market to Japan, Singapore and other European Countries who likes fresh fruits than canned or tinned varieties. Tomatoes and other vegetables are grown plenty in villages and these too can be preserved, graded and packed in a way to capture the foreign markets. Around 1000 Tones of onion / month are exported to Ceylon by NAFED.
- 4.25. The Town is having one flour mill, and semiya products besides rice bran oil mill. Professional expertise and entrepreneurs are available. Needed only know how of foreign market trend, its prospects and requirements.

Source : Secretary Chamber of Commerce, Dindigul.

4.26. Administrative services:

There are about 8000 Central, State Government employees and about 200 Bank employees in the entire planning area.

4.27. Transport Service:

Tamilnadu Government Transport Corporation employ about 3000 persons other private operators, Taxi, Auto, Commercial Vans, Lorries etc., give an employment to around 1000 persons within the town.

4.28. Other Services:

Other Professional Commercial establishments, and daily wage earners depending on market, maundies etc. are around 3000 persons in the Town. About 500 skilled and semi skilled construction workers are available in the Town.

Source : Structure Plan Report – Madurai Region Office.

4.29. Participation rate :

**Town:** The percentage of main workers, cultivators agricultural labourers, household industry and other workers to total main workers in 1981 & 1991 are given in table below:

Table 10 : percentage of Main Workers:

Women	Cultivators		Agri Labourers		Household Industries		Other Workers	
	1981	1991	1981	1991	1981	1991	1981	1991
Year %	2.11	1.64	0.74	0.73	6.80	8.97	90.35	88.86

Source : Census of Tamilnadu 1991.

The following Table shows the percentage of total workers, main workers, and Marginal workers to total population in 1981 and 1991.

Table 11 : percentage of Main Workers:

Workers	Total		Main		Marginal	
	1981	1991	1981	1991	1981	1991
Year	28.46	32.65	28.15	32.55	0.31	0.06
%						

Source : Census ' 1991.

The work force constitutes about 30% of the population of town.

## CHAPTER – V

### 5. PRESENT SITUATION

#### 5.01. Land use – Dindigul Town:-

Table 12 : Existing land use :-

	Name of land use	Area in hectares	% to the total developed area	% to total town area
1.	Residential	486.72	63.60	37.74
2.	Commercial	24.65	3.22	1.76
3.	Industrial	50.07	6.54	3.57
4.	Educational	36.05	4.71	2.57
5.	Public and Semi Public	55.32	7.23	3.95
6.	Road and Railways	112.44	14.70	8.03
7.	Non-Urban area	242.05	--	17.27
8.	Vacant	322.60	--	23.04
9.	Land under water	43.10	--	3.07
10.	Hillock	28.00	--	2.00
	Total	1401.00	100.00	100.00

- 5.02. The existing land use pattern of Dindigul Town shows clearly the constraints, Core activity area, and development around the existing old – settlements and trend of spatial developments. Major economic activities are west Car Road, pockets enclosed by Taluk Office Road, Palani Road, East and West Car Road, Main Road, Solai Hall Road, South Car Road and Thadicombu Road.
- 5.10. Institutional activities are concentrated in and around St. Mary’s High School, Dudly High School, St.Jeseph’s Higher Secondary School, Government Hospital, District Court, Block Development Office and D.D. Office complex etc., near Bus stand. This resulted in development of the town towards North all along the main arterial roads – NH 45 and NH 7.. Minor service industries and Agro based Centre Business District. Private Nursing home, dispensaries are all located around Government hospital and few are in Railway station road.
- 5.04. Existing land use in Rural areas :
- Town. The Local Planning Area covers 21 villages besides Dindigul Municipal. The total extent of rural areas covered is 181.61 Sq.Km.
- Table 13 : Land use rural areas :-

No.	Name of land use	Area in Hectare.
1.	Residential	772
2.	Commercial	16
3.	Industrial	262
4.	Educational	96
5.	Public and Semi Public	100
6.	Road and Railways	653
7.	Agriculture:	
	Wet	1752
	Dry	13147
8.	Land under water	1363
Total		= 18161 Hectare (181.61 Sq.m.)

5.05. Consequent to formation of Bye-Pass road which form partial circular inner ring road, linking Madurai Road, Vathalagundu Road, Palani Road, Karur road and Tiruchy road, just outside the Town, the developments are taking place along Tiruchy road, Karur Road in Cheeinaickanpatty, Balakrishnapuram, Thottanoothu and Adiyanoothu villages. The tanneries and its allied industrial units are located in Pallapatty, Pillaiyar Natham, Sithalangundu and Alamarathi Patti villages, South of the Town, in between Madurai road and Sempatti – Nilakottai Road, Collectrate, Police Offices with Police Housing Colony, TNGTC Administrative Office Complex are all located in Cjettinaickanpatty and Balakrishnapuram Villages. Government Women College, Higher Secondary School (Angu Vilas Trust), I.T.I, Oriental School, Teacher’s Training School are locates-outside the Town but within the Local Planning Authority. One Engineering College is located in Koluthur Village abutting Northern boundary of Local Planning Area.

Due to declaration of Vedasanthur Taluk as industrially backward Taluk and Nilakottai Taluk as most backward Taluk, now units of Spinning Mills are all coming up along Karur Road NH 7 just outside the local lanning Area but attracts labour force from Local Planning Area and also have impact on Urban Services.

5.06. Land Ownership in the Town :

Out of total incorporated area of Dindigul Town 5.09 % is owned by Local body

18.34% owned by Government and the remaining is owned by private persons. The Government owner land constitutes the area of waste lands, certain roads and Government buildings.

5.07. Housing :

According to 1991 census the total number jof houses in the Town was 25,790 and the total number of household was 36,000/-. According to sample household survey census in 1961, average household size was 4.88 persons for urban area and 4.65 persons are rural area in Dindigul Taluk. This clearly shows the existence of mulfamily dwellings in residential buildings. In a year about 280 building licenses are issue by Municipal authorities. This clearly shows the existence of multifamily dwelling in residential building. In a year about 100 building licenses were issued by the Municipality while about 480 unauthorised construction are carried on in Municipal area. About 500 of licenses are issued by Panchayat Union in a year.

- 5.08. The Tamilnadu Housing Board so far constructed about 2250 building catering to various income people in Dindigul Town and Balakrishnapuram Village, constructing Rental Houses numbering about 96 acre under TNHB. Proposal. Besides, the Tamil Nadu Housing Broad is developing neighborhood scheme in Collectorate complex and opposite to Women College in Chettinaickanpatti Village Rani Mangammal Transport Corporation Colony is a Spinning Example of developed neighborhood for 183 houses by Tamilnadu House Board within the Town.
- 5.09. The private builders are adding about 400 houses annually in Town area.
- 5.10. Dindigul Co-operative Housing Society and Dindigul Co-operative House Building Society are assisting in increasing housing stock by selling developed Plots as well as financial assistance for construction building to it members. Some of the Colonies developed by the Housing Societies are Pandian Nagar, Vivekananda Nagar, Nehruji Nagar, Society Nagar, Nagal Nagar. The D.T.C.P. so far approved about 80 layout thereby about 6000 developed plots in 240 acres are created for Housing development within the Town.
- 5.11. Slums:
- There are undeclared slums 15 in Dindigul Town. The total extent of slum encroachment is about 10 hectares. Population in the slum ranges from 159 to 1700 persons. About 80% of the slum population reside on Government lands and The rest in Municipal lands. Most of the slum dwellers are daily coolies solely depend on daily Market, maundies and tanneries godown.
- 5.12. Commerce:
- The Town's Commercial activities are grouped under the following three major Classifications namely:
- 1.The retail shops
  - 2.The wholesale trading Centre.
  - 3.Commercial Offices and firms.

5.13. The break up of the retail shops in the Town is given in Table below :-

Table 14 : Details of Shops :-

S.No.	Classification	No. of Shops
1.	Petty Shops	800
2.	Essential goods	1200
3.	General goods	1000
4.	Public services	700
5.	Textiles and allied goods	500
6.	Building Materials	250
Total		= 3500

5.14. Whole Sale Trading Centre :

The Whole Sale Trading Centres are classified into five classes namely these, which are dealing in essential goods, general goods, textile and allied goods, building materials and whole sale markets.

5.15. The breakup of Whole Sale Trading Centres in the Town are given in table below:

Table 15 : Sale Trading Centres :-

S.No.	Classification	No. of Shops
1.	Essential goods	300
2.	General goods	150
3.	Textile and allied goods	20
4.	Buildings materials	30
5.	Daily Markets (Nagal Nagar, Begampur, Bengali Street)	3
Total		= 503

5.16. Commercial Offices and Firms :

Under this category all private and public commercial offices and firms including banking institutions are included. The break up of commercial establishment in the Town are given in table below:

Table 16 : No. of Establishments :-

S.No.	Classification	Nos
1.	Banks	26
2.	Other Commercial Offices	100
Total		126

Source : Chamber of Commerce, Dindigul.

5.17. The Weekly Market of Shandy:

Dindigul Shandy located on Nagal Naickanpatti Road, meet once in a week and attracts animals, vegetables and other materials. The Shandy is owned by Municipality. There is one regulated market, 1 Super Market, 2 Mini super Market. One warehouse with storage facility are conducting commercial activities of the Town.

SERVICES:

Water Supply & Sanitation:

5.18. Water supply:

The source of drinking water supply for Dindigul Town is Kamarajar Sager reservoir (Earthern dam) at Authoor, which is about 20 km from the Town and infiltration, wells on the Vaigai River bed at Peranai 40 km from the Town. The total water supply is 10.95 m.l.d and per Capita supply is 73 l.p.d

5.19. The water is treated at source itself and pumped to the elevated reservoirs situated At various places of the Town,

Table 17 : Location and Capacity of Reservoir:-

	Location	Capacity (in Lakhs litres)
1.	Mettupatti	10.00
2.	Sandaipettai	10.00
3.	Old Bus stand	10.00
4.	Near New Bus Stand	2.25
5.	Round Road	15.00
6.	Kullenampatti	5.00
Total		52.25

5.20. The transmission and distribution lines are about 62 km and 130 km long respectively. There are 11802 . house service connection of which 3566 are metred.

5.21. There are also 371 public fountains. The Town is divided into 7 zones and water supplied to each zone for about 2 hours on alternative days. There are 260 public bore wells and 3 public open and well. The extended area with a population of about 15,000 is yet to be covered by water scheme.

5.22. As against the desired water supply of 130 I.p.c.d. the present supply is 73 I.P.C.D. Further augmentation of drinking water supply is suggested.

Sanitation :

5.23. The Town does not have any under ground drainage night soil disposal is attended through manual and flush out latrine directly to street drain out of 29650 houses, 5090 houses have flush out latrine and 5189 houses have dry latrine. In addition to the above here are 71 dry type community latrines and 10 flush outs. There are 15 public latrines and 8 bathroom. Municipality has taken up the construction of 1265 latrines under low cost sanitation scheme at an estimated cost of Rs.135.70 lakhs.

5.24. There is no pucca drainage in the Town. The total length of the drain is 1840 metres.

- 5.25. There are four minor tanks within the Town into which masonry drain and storm water drains empty. The four tanks are Aranmanaikulam, Ayyankulam Gopaldaswamykulam, and peekulam out of which Aranmanaikulam and Ayyankulam are irrigation tanks.

Solid Waste Disposal:

- 5.26. The amount of solid waste collected per day in the Town is about 30 tones. This is disposed off at a compost yard 3 km. Away located in S.No: 777/29B, 30, 33, 34 of Chettinaickanpatty village at an extent of 5.00 hectares from the town.  
Collection of solid waste is done by using 2 lorries, 3 trailers, 80- rubbish carts, and 26 night soil carts. The disposal of 30 tonnes of solid waste is inadequate as compared to the estimated generation of 63 tonnes (assumed at 350 / person / day) by individual households, commercial establishments and others.

Education : Town

- 5.27. The enrolled pupil strength of all educational institution in Dindigul Town is 60119. According to the records available in education department.

Table 18 : Students Strength in Schools : Dindigul Town – 1994 :-

S.No.	Classification	No.	Male	Female	Total
1.	Primary	36	7845	5070	12915
2.	Higher elementary school	117	7819	7262	15081
3.	Higher School	4	1830	1030	2860
4.	Higher Secondary school	8	19805	9458	29263
Total		= 165	37299	22820	60119

- 5.28. There are two colleges within Local Planning Area, a Women's College is at Kurumbapatti Village and a Gents College is at Seelapadi Village. There is one I.T.I at Adiyanothu Village and two Polytechnic and one Engineering College is at Koluthur, which is abutting the northern boundary of Local Planning Area. The student strength in Arts College is 1668 of which 1058 are women. The student strength in professional colleges and institutes is 1246 in which 180 are women.

Source : District Statistical Handbook.

Public Health :

- 5.29. Medical facilities :

Dindigul Town has get moderate medical facilities. It lacks in specialization in cardio, neurology, urology, virology etc., The Government District Headquarters Hospital is having a total bed strength of 345. It treaties allopathically inpatient of 1,65,948 and 1,54,345 outpatient annually. Besides this hospital is having one Siddha, Ayurvedic, and Homeopathy treatment units treating 5,315 inpatients and 52,875 outpatients annually 26 beds are exclusively for non-allopathic treatment.

The Municipality run 4 Dispensaries, 5 Maternity, 8 Family Planning centre besides 3 Siddha and 1 Ayurvedic Centre. It treats on allopathic medicine 9,165 out patients annually and by a indigenou system treat 94,089 out patients annually. In addition the Town has got private hospital 35 maternity centre 15 labs, one blood bank catering to the medical needs of the district. The famous St.Joseph Mission Hospital at Tiruchy Road with a bed strength of 250 is also catering to the needs the people.

There is one veterinary Hospital at Dindigul.

Source : Assistant Director of Statistics, Dindigul.

RECREATION :

Parks :

- 5.30. There are three Municipality parks within the Town. Out of which one Kumaren park is improved with I.U.D.P. grant and loan assistance.

5.31. Play Ground :

The District sports club maintain Kittikulam playground with an extent of 1.8206 Hectares. Other Playgrounds are attached with schools. Union club, Ladies club, Cosmopolitan club also maintain recreation centres for their members.

Govindapuram radio ground is maintained by Municipality.

5.32. Cinema theatres:

There are 12 permanent Cinema theatres in this town.

5.33. Libraries:

The District Library Authority run one Central Library and three branch libraries serving for about 5000 members besides daily readers. All are located in rented building and not at Centralised place.

5.34. Fairs and festivals:

The following are the four usual local festivals, which are conducted by the local temple authorities.

1. Kottai Mariamman Festival during Thai (January – February).
2. Vadamadurai – Alaghar Festival.
3. East Festival.
4. Chitra Festival (Thadicombu Alaghar Festival)

The Town were festive look during Thaipooosam festival at Palani Hill Temple and Marambadi Punitha Anthoniar festival during January.

5.35. TRANSPORTATION AND COMMUNICATION:

The studies with regard to transportation would seek to establish the relative connections of the Town with the rest of the hinterland on one hand and to provide facilities for internal circulation systems in the Town namely roads and railways. There is no airport. The nearest airport is at Madurai and Trichy, which are at a distance of about 65 km and 85 km from this town.

Roads:

5.36. There may be classified under two broad heads namely:-

1. Main Arterial Roads linking the Town with other Urban Centres.
2. The road pattern providing for the movement and circulation within the Town.  
Main Arterial Roads comprise of National Highway, State Highway and Major District Roads.

5.37. National Highway:

There are two national highways, which meets together. One is N.H.45, Grand Southern Trunk Road. This Highway enters, Dindigul Town in North East direction from Tiruchirapalli. The other Highway NH.7 Benaras – Kanyakumari enters Dindigul Town in South West direction from Madurai and passes out to Karur and Salem.

5.38. State Highway:

There is one state highway, SH 10, which starts from this Town. It is Dindigul Palani Road, which leaves the Town towards west.

Major District Roads and other District Roads.

5.39. The following are major and other district roads originate from this Town.

- |             |   |                           |
|-------------|---|---------------------------|
| 1. Dindigul | - | Natham Road (M.D.R)       |
| 2. Dindigul | - | Vathalagundu Road (M.D.R) |
| 3. Dindigul | - | Karur Road (M.D.R)        |
| 4. Dindigul | - | Sirumalai Road (M.D.R)    |

Circulation Pattern:

5.40. NH 7. Benaras – Kanyakumari Highway enters the Town in south western direction through Madurai Road which then runs straight towards east through Gandhiji Road, Railways Station Road, Solai Road, Trichy Road, Pensioner Road and leaves through Thadicombu Road Northern direction.

- 5.41. NH. 45. Grand Trunk road, Chennai - Dindigul Road enters the Town in North East direction through Trichy Road.
- 5.42. Palani Road is a state highway enters the Town in west direction and run straight towards east leaving the Town in North – East direction through Tichy road.
- 5.43. From the South East of the Town enters the Natham Road, which runs through Railway Station Road, Salai Road reaches the junction of Palani Road and Trichy Road, Main Bazaar Road, Pensioner Street, Taluk Office Road, West Car Street and East Car Street are some of the nerve Centre of the Town.
- 5.44. Vathalagundu Road enters from South West of the Town and join with Madurai Road NH. 7 at Begampur.
- 5.45. Siluvathir Road enters the Town in North Westerly direction and passes through Peekulam Road, Sub Collecteur Office road and joins with tiruchy Karura Road at North Polices Station.
- 5.46. The following table gives the classification right of way and carriageway of roads within the Town.

Table 19 : Classification of Roads :-

S.No.	Classification	Right of Way (in Metres)	Length (in km)	Carriage Way (in Metres)
1.	National Highway NH. 7 (Benaras – KanyaKumarai Road)	13.40	3.80	6.00
2.	National Highway NH 45 (Grand Southern Trunk Road)	33.40	2.20	6.00
3.	State Highway SH 10 (Coimbator, Dindigul Road)	13.40	1.884	5.40
4.	Major District Road (Vathalagundu – Dindigul Road)	13.40	0.479	3.40
5.	Manjor District road (Natham – Dindigul Road)	24.00	5.78	3.40

6.	Major District and (Karur – Gujiliamparai, Dindigul Road)	13.40	0.565	3.40
7.	Other District Road (Siluvathur – Dindigul Road)	13.40	2.00	3.40
8.	Other Roads (Sirumalai Pudur – Dindigul Road)	8.00	-	3.00

5.47. The following table gives the surface type of roads within the town area.

Table 20 : Type of roads:-

Surface	Length in Kms.	% of total Length
Block Topped	72.42	55.41
Metalled	14.45	11.08
Concrete	19.78	15.14
Graveled	23.51	18.37
	130.16	100.00

Source : Dindigul Municipality.

#### TRAFFIC VOLUME:

5.48. One reconnaissance survey it was found that intensity of mixed traffic is relatively more on Pensioner Road, Palani Road, Thadicombu Road, Madurai Road, Tiruchy Road, Railway Station Road, Salai Road, Scheme Road, Arathi Theatre Road and Siluvathur Road. In Central Business District area, Cycles, hand carts, two wheelers are more than car and other veicles.

5.49. There is a Bye – pass connecting NH. 7 NH. 45 SH. 10 and Vathalagundu Road, Gujiliamparai and Karur Road passing through Pallapatti, Kurumbapatti, Chettinaickanpatti and Seelapadi Village within the Local Planning Area. This serve as inner ring road.

Bye – Passable Traffic:

5.50. The table below shows the number of Vehicles passing through the Bye Pass Road at various destinations. It can be seen from the table that traffic from Madurai Road to Palani, Karur and Tiruchy Roads Vice are more than the other roads.

Table 21 : Traffic Volume :-

S. No.	Roads through Which vehicles enters the town.	No of vehicles entered which Left the town within half – an hour total.	No. of vehicles and road through which vehicles left the Town within half – an hour.					
			Palani Road	Karur Road	Trichy Road	Natham Road	Madurai Road	Batlagundu Road

MASS TRANSPORTATION:

5.51. Buses:

Dindigul town is well connected to rural areas through town services run by Tamil Nadu Government Transport Corporation and private operators. About 150 Town Bus services are operated in 128 routes. The heaviest flow of Town Bus service is found along Dindigul – Chinnalapatti, Sempatti Routes.

5.52. During Peak hours the buses are run over loaded. The T.N.G.T.C. and other Corporation are operating buses from Dindigul as well as touching buses to almost all major urban Centres in Tamilnadu besides Tirupathy, Bangalore, Trivandram etc., Tamil Nadu Government Transport Corporation runs about 450 buses to different urban Centres. Around 7 Lakhs passengers are traveling through these buses / day.

5.53. RAILWAYS:

All South bound train from Chennai passes, through this Railway junction. In Broad gauge track, Bangalore – Madurai, Chennai, Kanyakumari Express and Erode – Madurai, Passengers trains are passing through this Town junction. This Town has trade connection with Bangalore resulting higher mobility of people through his express trains. Local trains are run between tiruchy – Dindigul, Madurai – Dindigul (Broad gauge). This helps the Government servants and students, goods viz. flowers, Butter, fruits are transported to various destination from this Railway junction.

5.54. Other Modes of Transport:

Taxis	-	75
Auto	-	200
Horse drawn Cart	-	75
Cycle Rickshaws	-	50
By –cycles	-	5000
Human drawn	-	100
Vans	-	100

5.55. Communication:

Post and Telegraph Service:

The Town is served with 14 post and telegraph offices. 19 Post offices and one telephone Exchange. About 5000 telephones, 100 public telephone booths are serving the people.

Vehicular Terminals and Parking:

5.56. Buses:

There is one Municipal Bus stand in T.S.No. 1471, 1472, 1473/1, 1111/2 of word 6 with an extent of 5.30 hectares in Dindigul Town, opposite to Collector's Bungalow. This is ideally located with an extent of 5.00 hectares. It is A Class Bus stand. It is under construction in phased manner by Municipal Authorities with assistance of I.U.D.P.

The Tamil Nadu Government Transport Corporation has got depots, Dindigul, I, II, III besides Tyre plant at Dindigul. It has its administrative office in Dindigul at an extent of 1176.16m<sup>2</sup>.

Source : Managing Director T.N.G.T.C.

5.57. The following are the authorized parking lots:

Taxi Stand – Municipal Bus stand, Government Hospital, Railway Station, Mission Hospital, Municipal, Municipal Office Road, Railway Station near T.N.G.T.C. Depot, Siluvathur Road, Railway Gate.

Jutkha Stand - New R.C. Church Main Road,  
T.N.G.T.C. Depot – Natham Road.

Commercial Vehicle - Chatram Road, Bus stand, Palani Road.

Lorry Stand - Near Sakthi Talkies, Palani Road.

5.58. SUMMARY AND CONCLUSIONS:

i) Dindigul Town is a growing mosel groth pole. It has got high potential in terms of experienced labour, entrepraneures, hard working farming community. Besides probabilities and opportunities are bright for agricultural produces like vegetables, fruits and flowers, Cottonseeds and processed foods like semia to be exported to foreign countries. Likelihood if attracting foreign Traders to place orders for finished leather goods by likelihood of air link services to Madurai, Trichy to International flight at Madras and Bangalore and Trivandrum. Airport with comfortable short stay at Kodai resorts to the taste of foreigners.

ii) Likelihood of rising up of new tanneries spinning mills, finished leather goods due to the liberal industrial policy of the Government, Tanneries are expected in course of time to adopt freeze drying instead of application of salt, to

Adopt C.L.R.I. solution of enzymes based debarring method besides multistage so aking: recovery of water during solar evaporation of soak liquor, application of membrane technologies for water recycling and changes in process with the use of less water to minimize usage of water. They have to undertake modernization of plant an also have to step up integrated finished good leather unit to become economically viable one in the course of long run.

iii) The Town as well as the envirous have a entirely now look on social, Economic activities in future which rests on the rising enterprenurship on import oriented industrial establishment on textiles, Agricultural raw products food processing units. Expecting such trend in future course of years, the land uses and other allied services are suggested in Master plan.

iv) Lielihood of opening of new unit by experts and professionals on manufacturing dye units, Cattle feed form tamarind nuts and cotton seed and also from pineapple leaves (fibre yarn mixer with cotton) for manufacturing costly – export oriented – Curtain cloths.

v) The industrial units are expected to be established as Pallapatti, Sinthalagundu, Pillayat natham. Adiyanoothu, A.Vellodu, Chettinayakkanpatti, along Madurai Road and Karur Road, NH. 7 while the connected residential suburbs etc., are expected to be developed on Madurai, Karur Road incidentally due to influence of town services and industrial service.

vi) The development of the Town is of intermixture of land and building uses, a typical Indian Town. This has to be encourages to minimize travel distance as well as strain in Traffic and transportation system.

vii) There is a sort of ribbon development along the major roads radiating from the centre of the Town. Now the Centre of activities are carried forward from new Bus stand.

viii) The intermediate parts in between Arterial roads are being developed by Co-operative Housing Society, Tamil Nadu Housing Board and private layouts.

ix) Natham road Railway crossing causes bottleneck.

x). Town service both incoming and outgoing are not touching important landmarks like daily market and Government Hospital.

xi) Bus stand to be made fully functional by construction of paved riding surface, vehicular movement spaces, drains around road etc., The entire area except passengers waiting shed cement concerted. Adequate parking spaces be Car marked or Autos, Taxi, Cycles Rickshaw.

xiii) Existing facilities imparting minimum education to vulnerable section be proved with Pucca building, furniture, Blank board etc., atleast for Municipal run school and Panchayat Union School.

xiv) Phased programs of taking over of Municipal run dispensaries, maternity Centres by the government to serve the weaker section of societies. The Government Hospital need specialists on, cardio vascular on disease and Virology. Blood Bank is needed. ESI Hospital may be opened for industrial laborers. Further opening of medical institution by private practices be encouraged.

xv) To minimize the sanitation problem, all channels to main tanks be desilted and tanks to be deepened.

xvi) Phased programs of action to re-house the slum dwellers now residing at Channels, Tank Poramboke, Road Poramboke and Railway Poramboke.

xvii) Regulating measures to prevent haphazard residential units in rural areas, adjoining the Town.

xviii) Development of residential plots; construction of building through Co-Operative Housing Society through Detailed Development Plan may be encouraged since a cooperative plan may be encouraged since a cooperative movement has a solid base in this district.

xix) All arterial roads, Palani Road, Siluvathir Road, Karur Road Via, Kuziliamparai, Natham Road, Sirumalai Pudur Road need strengthening and improvements, Roads within the Town especially developed by T.N.H.B., Societies need remetalling and forming.

## PART – II

### Chapter-VI

#### 6. TREND OF LAND DEVELOPMENT: DINDIGUL TOWNS:

- 6.01. The total extent of the Town is 1401 Hectors of which 564.65 Hectares i e about 41% constitute agricultural and vacant lands. Major parts of agricultural lands are around irrigation tanks within the Town. Vacant lands are within the layout and the extended area of the extended area of the Town.

Rural areas included in Dindigul Local Planning Area:

- 6.02. The total extent of 21 villages is 18,161 Hectares of which 14,899 Hectares i.e. about 80% is under agricultural operation. Hence this lands are viable for Urban Development.

The development policy will have to improve the following:

1. Preservation of potential agricultural lands.
2. Regulating the growth of the Town on vacant lands dry lands with minimum strain on urban services.

- 6.03. The lands around Dindigul Town in the following villages are identified as vulnerable for development. The villages are;

- a. Kurumbapatti.
- b. Chettinayakkanpatti.
- c. Seelapadi.
- d. Balakrishnapuram.
- e. Adiyanoothu.
- f. Thottanoothi.
- g. Mullipadi.
- h. A. Vellodu.

- 6.04. Accelerating the development for Dindigul environs the lands identified for Immediate development for residential uses are along Karur Road, Tiruchy Road and Madurai Road, all development along a major arterial roads and bye-pass roads passing through Chettinayakkanpatti, Seelapadi and Balakrishnapuram Villages.

- 6.05. The lands in Pallapatti, Adyanoothu, Pillayarnatham and Sinthalagundu Villages in and around existing tanneries are retained for tanneries and their allied uses for away from tannery lands alone are suggested for other uses, in phased manner.
- 6.06. Keeping the trend of industrial activities on Karur Road in adjacent Taluks, the Industrial uses are suggested on this arterial road (NH.7).
- 6.07. The existing Public, Educational activities adjacent to the Town area in rural pockets are retained an allowance for its expansion and allied activities are also suggested in the plan.
- 6.08. The lands around the Town abutting major arterial roads are suggested for regulated developments through Detailed Development Plan which are to be followed up on approval of Master Plan.

## **Chapter – VII**

### **7. ASSESSMENT OF LAND REQUIRMMENTS:**

- 7.01. Population projection:

According to 1991 census the population of Dindigul Town was 1,82,293 and of 21 villages of Local Planning Area was 1,08,928.

- 7.02. On analysis of figures, the average annual growth rate of Town was 1.1% during 1981 and 1991, according to census 1991 which cannot be taken as basis.
- 7.03. The all India Urban annual growth rate of population of 2.3% may be taken as an average annual growth rate for future growth of population for Town.
- 7.04. The rural decade's growth rate from 1971 to 1991 population showed a growth rate of 20%. Hence 15% future population growth of rural areas.
- 7.05. Thus it is assumed that, the Town will register on an average, annual growth rate of population of 2.5% for the period 199 –2021, 2.25% for 2001-2011 and 2% for 2011-2012 and of rural area of 21 villages shall register as an average 2% of annual growth rate for 1991-2001, 1.75% for 2001-2011 and 1.5% for 2011 – 2021.
- 7.06. Population projection for Dindigul Town and 21 Villages using exponential curve and given below:

Table 22 : Population Projection

Year	Estimated population for		Total population of L.P.A.
	Town	Rural	
2001	2,19,592	1,10,300	3,29,892
2011	2,63,509	1,20,500	3,90,000
2021	3,16,201	1,44,575	4,61,776

Land Requirements:

7.07. Assessment of land requirement for various uses for Dindigul Town is based on the study of existing land use pattern and population density.

Residential:

7.08. The residential area required to accommodate the future population of 4.60 Lakhs of the Planning Area has been worked out assuming gross density of 200 persons/Hectares i.e 2300 Hectares. This includes residential use also. The existing percentage of residential use for Dindigul Town is 65%. However the area assumed does not include arterial roads and major roads. Hence to be on safer side taking a higher percentage of 65% for the residential development and 12% of the area for major arterial the residential area assumed is 2400 Hectares. It is expected to form 60% of the total area needed for Urban use in 2012.

Commercial:

7.09. There is intense commercial activities in the Town. The present land use of the Town shows 3% of the developed area of the Town as commercial use. In the Master plan proposals only lands for major commercial activities alone are assigned. Hence 6% (240 Hectares) is suggested and to be provided for commercial use in the proposal.

Industrial:

7.10. The occupational pattern of the population reveals that 33% of the population are engaged in industrial activities.

7.11. The land use under this need is 6.5% of the developed area. However this Town has very of the developed as district growth Centre with a grow animal based Industrial activities in future die to liberalized economy and governmental encouragement.

7.12. The future needs under this economic activity is expected to be around 10% to the total assumed land needs for urban activities i.e. 400 hectares. The Provision of 400 hectares are therefore be made in the proposed Master Plan.

Education:

7.13. The present land use break up for the Town indicates 4.5% of the developed area comes this use. The same tempo be retained by providing 4% of future assessed land needs viz. 160 hectares in Master Plan proposal.

Public Semi Public:

7.14. The present land use breakup of the developed area of the Town indicate Just above 7% of the developed area under this use. This includes Hospitals, Government, Quasi Government Offices, Bus stand and Railway Terminals, etc.,

7.15. As the District Collectorate is located just outside the Town and further privatization of economy limited Government institutional activity in social sector in future course of time. 20% of future needed land area, 800 hectares are earmarked for this purpose. In this land use major ring, arterial roads truck terminals, weekly and daily markets, fairs and festival ground, burial and burning grounds, Railway, Bus Terminals, Government Offices are included.

7.16. Abstract of Land use requirements:-

Table 23 : Land use requirement:-

Land use	%	Area in Hectares
Residential	60	2400
Commercial	6	240
Industrial	10	400
Education	4	160
Public and Semi Public	20	800
Total	= 100%	4000 Hectares

## CHAPTER – VIII

### 8. ABOUT THE PLAN

#### Introduction:

- 8.01. Urban settlement is a collection of people who have come together to earn aliving. Employment is therefore, the major function of the Town. Land must be provided for this purpose. A plan is suggested for the use of urban land with the ways and means for livelihood, for residence and other social needs. Present multifunctional use of land are taken care of while suggesting development and regulation through Development Control Rules annexed with this report.
- 8.02. The plan indicate different use zones and the manner in which the use Zones are interlocked with the object of yielding maximum benefits for the people. It also illustrates how the different parts of the Town and other areas ensuring and convenient circulation.
- 8.03. The distribution of land uses and other salient features of the plan are Described in detail in the flowing paragraphs.

#### Residential:

- 8.04. The residential uses within the Town are mostly covered by layouts approved by Director of Town and Country Planning and executed by Dindigul Co-operative Housing Society and Tamilnadu Housing Board. Left out portion are suggested to be regulated by Detailed Development Plans. The identified units to be regulated by Detailed Development Plans are furnished in the Table below:

Table : 24 Sanctioned / Approved Detailed Development Plans:

SL.No.	Name of D.D. Plan		Extent in hectares
1.	Pensioner's Street North	DD Plan	40.6435
2.	Balakrishnapuram Race Course Part-I	DD Plan	46.6435
3.	Balakrishnapuram Race Course Part-II	DD Plan	75.8900
4.	Boodinaickenpatti	DD Plan	52.0203
5.	Gandhiji	DD Plan	49.4577
6.	Thiruvalluvar	DD Plan	29.1542
7.	Sowrashtra puram	DD Plan	15.4860

8.	Paraikulam	DD Plan	24,4050
9.	Aranmanaikulam	DD Plan	8,6570
10.	Bharathipuram	DD Plan	64,1735
11.	Mettupatti	DD Plan	54,1282
12.	Dindigul West	DD Plan	23,4848
13.	Rock Fort area	DD Plan	52,2266

---

Suggested New D.D.P:

1.	Poochinaicken patti	DD Plan	41.01
2.	Parappapillaikulam	DD Plan	152.39

8.05. Commercial:

The sector of activities shall play, a dominant role in this Town. The possibilities of whole sale activity, warehouse, godowns, maundies with cold storage facilities are expected to be developed to meet export oriented marketing for vegetables, fruits and flower, food products utilizing governmental encouragement and assistance. Hence to meet out the needs, a slightly higher land areas are suggested in the proposals. Activities around the core of the present activities are retained and improved. Whole sale maundies with cold storage be constructed by Co-operative marketing society, to be formed by the Merchant Association.

Industrial:

8.06. The major economic activity of the Town is still services like commercial and other services with limited industrial labour force. Major industrial activities and outside the Town. Agro based i.e food processing, spinning, textiles, ginning and oils mills, rice mills and animal based i.e. tanneries are all situated around and fringe of the Town, except few old rice mills and textile mills. Activities are expected to be on finishing goods through modernization of existing plants and machinery, packaging and other manufacturing units etc., to be springing up near Dindigul Town, along the arterial roads. The future needs in this sector are allocated almost around the existing units.

Educational:

- 8.07. The existing Higher Secondary educational Institutions within Town are Serving the needs of the entire union. But the institutions are already reached saturation point regarding classroom accommodations, play ground, lab etc., In order to meet out the future needs these institutions now run mostly by missionaries have to open out new branches outside the Town to cope up the future needs. Professional institutions are already in existence near the western boundary of the Local Planning Authority. Future needs are marked around the existing institution areas, lying outside the town.

Public & Semi Public:

- 8.08. As per the assessment, the total extent proposed in this plan works out to 800 hectares. Under this category it is proposed to include the land requirement for the following public uses namely.

- i. All Government and Quasi Government Offices.
- ii. Health Institutions
- iii. Public utilities and services.

- 8.09. In this existing Collectorate complex, Public offices like B.D.O., D.D.O., R.D.O., Municipal Office, Taluk Office, Court, P.W.D., Post and Telegraphs, Telephones, Government Hospital; Municipal Dispensaries; Private Hospital; Railway Terminal, Bus terminal, Bus Depots, Temples and its grounds where annual festivals are conducted, play ground maintained by sports Authority burial grounds are all included. A link to existing ring road is suggested for which land is assigned. Sewage Cum rubbish farm with an extent of 30 hectares has been allocated giving due consideration to the topography and contour of the land. As the surface slope is towards south-east from North west the Sewage farm has been suggested in South and east periphery of the Town in addition to Ayyankulam and Aranmanaikulam.

- 8.10. For this purpose, all the Channels may be desilted, encroachments be removed so as to facilitate easy and smooth flow of sullies drain and storm water. Masonry drain for the entire Town be constructed in phased manner with proper link to the pond for disposal. The bullock cart / hand collecting the garbage be ceased out with power tillers.

Transport and Communication:

- 8.11. Existing Bus stand be improved with cement concrete Bus bays, riding Surface, runway separate parking lots for Auto's, Taxis, Tourist Vans, Cycles, rickshaws, separate space for vendors, entry and exit for town services. Pucca drainage be provided or easy run of rainwater. A rise in level above the existing road is suggested. A space be allotted for stationary Buses and break down services for short duration. Cement concrete road be laid atleast for approach road to bus stand.
- 8.12. The recommendations regarding programme of works on social services are given in annexure – 1.

Deffered Area:

- 8.13. Provision of deffered area to an extent of 400 hectare have been made on Southwest, north east and north-west side of the Town beyond proposed urban uses. This area may be utilized in future date depending on urbanization taken towards those direction. It is decided to differ developments at present, so that the deffered area could act as buffer zone between urban and agricultural track. These areas may be put into urban uses as and when demand arises with the approval of the Director of Town an Country Planning on the recommendation of the Local Planning Authority.

## CHAPTER – IX

### 9. IMPLIMENTATION OF THE PLAN

- 9.01. Implementation of the plan involves two aspects viz.
1. Development
  2. Control.

The word development, very much restricted here because it refers only to the development of certain selected areas by the Local Planning Authority, through Detailed Development Plan by itself or with the agreement with the Co-operative Housing Society in accordance with Section 49 of the T & CP Act 1971. The word control means “The Planning Control“ to be exercise by the Local Planning Authority on all developments within Local Planning Area under the section 48 of the Town and Country Planning Act 1971.

Implimenting Authority:

The reconstituted Dindigul Local Planning Authority, Vide G.O.M.S. 759 H & U.D. Department dt: 01-9-93 is the responsible Authority for the implementation under section 12 of the Town and Country Planning Act 1971.

9.02. The Action programme is essential for success of implementation of master plan. The main activities of the Local Planning Authority.

- i. To prepare Urban Development projects and to get them implemented.
- ii. To regulate development in accordance with statutory plans and regulation / rules.

The above activities are to be carried out as a follow up action to this master plan.

Hence the Local Planning Authority has to evaluate are action programmers after making detailed study and preparing Detailed Development Plans. The task of implementation of Detailed Development Plan shall be taken by Dindigul Local Planning Authority, after approval of this revised master plan U/S.28 of Town and Country Planning Act 1971.

Control:

9.03. The planning Control shall be exercise by the Local Planning Authority Over the developments in the Planning Area. The developments are regulated through a proposed land use-plan which are presented a map and the Map numbered as D.T.C.P / D.L.P.A.M.P. (M.R) No. 95/1995 and land use zones.

The grant of planning permission within Dindigul Local Planning Area is being regulated in accordance with Development Control Rules, forming part of Dindigul Master Plan is given under chapter X.

9.04. Regulation and Control :

The zoning regulations and the sites comprised under each zone have been Prescribed as part of this Master plan and all the developments within the Planning Area, shall be in conformity with the zoning regulations and the planning permission shall also be regulated accordingly by the Local Planning Authority However in respect of the areas comprised within the sanctioned Town Planning scheme areas and approved Detailed Development Plans under section 29 of the Town and Country Planning Act 1971, the zoning and the provisions contained in the respective Detailed Development Plans shall prevail.

In respect of the rest of the Local Planning Area, the developments within the existing Natham area alone will be permitted.

ANNEXURE – 1

SUMMARY OF RECOMMENDATIONS

Leather Units:

1. Supporting infrastructure to produce various components and production aides needed by the industry such as lasts, cutting dies, soles, insoles, counter too, puffs etc., by the industrial units with the assistance guidance of Footwear Design and Development Institute Noida may be examined.
2. The existing tanneries are entirely owner managed Professional management is suggested for owner managed units.
3. Finishing units be opened on trial basis atleast by the Dindigul leather finishing services industrial cooperative society Ltd., The society may entrust to run the units with the tanners association on long term lease or rental basis.
4. The main markets for leather goods are foreign countries. The infrastructure facilities likes quick, easy air services, Hotel of international standard are needed to attract the foreign buyers to place the bulk of orders. In this Connection domestic air services linking international, flights at Chennai, Bangalore with Madurai, Tichy airports may be examined and encouraged.
5. Effluent problem including sludge removal be effectively solved to create Confidence on the residential settlements in near by villages.
6. Impoverished sheds are replace in phased manner by the tannery units.
7. Freeze drying instead of salt application at tannery unit be tried on experimental basis and based on its effectiveness, economy; the system may be enlarged to other units. This will help to minimize salt effluent problem.
8. Employing enzymes developed by C.L.R.I. to remove the hair instead of sodium sulphate and lime mixture be tried on trial basis in Tannery units.
9. Entrepreneurs are encouraged to adopt Agricultural Commercialisation and enter price programmer operated by the industrial credit and Investment Corporation of India. Utilising abundant growth of vegetable and fruits in this area and food processing units farmers are suggested to form primary Co-Operative in similar lines of Horticultural Producers marketing and processing society (HOPCOMS) Bangalore, or Nilgris Co-Operative marketing Society or Nilgirls Vegatable grower, Co-operative Society. The Societies may be suggested to utilize the services of central food technological research Institute for preservation packaging and storage to catch exports markets.

SOCIAL SECTOR:

10. Housing:

Rehabilitation of slum dwellers now living in tank Poramboke, channel, Road, Rail Poramboke be taken up in phased manner by TNSCB and other agencies.

11. Co-operative Housing Society may be suggested for programming their course of action in the direction of proposed residential development suggested in the Master plan. Rental Housing apartment by TNHB for employees may be taken up in phased manner.

12. Housing development for the laborers employed in leather industry is taken up With the assistance of HUDCO by TNHB or by Co-operative Housing Society in Pillayarnatham or in Pallapatti Village.

13. Education:

For High schools and Higher secondary schools run by Government and Municipalities, School buildings be improved, added with equipment, lab, Library, furniture, class room accommodation with better environs and aesthetics to become effective institution for weaker section of society. Primary School building be constructed or repaired and furniture is provided.

14. Medical Hospital:

Existing Government Hospital be provided with specialist in Heart, Nouro, Child and women health, virology, etc., Hospital need expansion. The Gopalamudram Tank, which is a source of mosquito breeding and probable misuse of encroachment, may be put into effective use for Hospital expansion E.S.I. unit is opened up.

15. Water Supply:

The water supply to the Town and villages are not quite satisfactory. Further augmentation of water supply through new sources is a must. Feasibility of storing the rainwater through percolation pond at the food hills of Sirumalai, may be examined. Remote sensing pictures be used for locating new source of good ground water course. The existing two tanks Iyyankulam, Aranmanaikulam may be utilized for storing rainwater during the monsoon periods.

16. Drainage:

Proper outlet and disposal of sludge and drainage water are to be identified and storm, sludge, drain shall be constructed in phased programme within Town and other areas by the concerned local bodies.

17. Garbage disposal is made a regular with the usage of lorries and tillers instead of bullock carts. Dry latrine be replaced by flush out latrine with septic tank. Desilting of major channels shall be attended on priority basis. Wherever necessary masonry drains be constructed for these natural channels.

Roads:

18. The existing roads in East west – North and South Car Street, Big Bazaar street be cement concreted Taluk Office Road, Pensioner Road, Palani Road to be improved with relayed surface and provision of masonry storm water, drainage. Palani Road, Siluvathur Road, Sirumalai Road, Sempatti, Chinnalapatty Roads are improved and made as motorable road.

19. 80' Housing Board road linking, Trichy road and Karur road, and 60' T.N.H.B. road passing through Nehruji Nagar needs improvement. Relaying and resurfacing as suggested so as to function as diversion routes.

20. All Town services routes in rural areas connecting main settlement be relayed and resurfaced with B.T. surface.

21. Transport:

- i. Frequency of Town services using in peak hours be increased.
- ii. Town service Buses are of low rise steps, wide entry and exit space.
- iii. Passenger train / fast passenger train between Erode - Madurai, Trichy Madurai in broad gauge and metre gauge are suggested to be operated atleast during office and school hours and to connect express up and down trains at Erode junction. This will increase marketing of goods besides mobility of People.
- iv. Bus stand be improved with cement concrete pavement for bus runway, bays provisions for stationary and sick buses, separate space for long distance buses and space for taxi, Auto rickshaw stands, pavement vendors etc., the roads approaching to bus inlet be cement concreted and masonry drain to be

Constructed with proper outlet for all roads around bus stand. The Link road Running in the western side of bus stand leading to Ganesh theatre be formed to class "A" status shelter be provided for Town bus commuters. The transport Corporations are the major operators of the Buses. It is suggested for better that improvement, maintenance the entire has stand be put under corporation an after paying annual Bus fee amount to local body in one Lump sum leaving the Commercial building at the custody or Municipality.

v. Bye pass road connection Trichy road with Madurai Road

As per the recommendations of Pallavan Transport consultancy services Ltd., Chennai, a new Bye Pass Road connecting Trichy road with Madurai Road.

Trichy road and Madurai Road are National Highway roads carrying considerable volume of Traffic, National Highway Bye Pass skirts the Town in north-west side connecting NH 7 (Karur Road) SH 8 (Palani Road) and Vathalagundu road. Most of the bye passable traffic utilized NH Bye Pass Road. Origin and destination survey indicate that as low as over four percent of Bye Pass traffic passes through the Town. Proposals could be formulated for providing a Bye Pass Road connecting Trichy Road and Madurai Road in Southern side crossing Natham road and Siluvathur road, considering the need to meet the traffic requirements over the next decades.

22. Compost depot, Sewage form etc.:

Garbage removal and disposal shall be made through lorries and power tillers slowly replacing the bullock carts vehicles. The garbage shall be taken by Municipal lorries and dumped in their compost yard only. Sewage form thought Of once all natural drainage system-start functioning effectively. The Town has natural gradient and surrounded with Kulams even filled with water to its full capacity, which can be used for disposal of sullage and drainage water from the Town and after preliminary treatment removing sullage it can used for farm operation.

23. Remunerative enterprises:

- a. Bunk size permanent stalls be constructed with cement concrete pavement for customers, and Bins for putting waste perishables at Gandhi Maiden.
- b. Office complex in existing flower market area.
- c. Library cum show room in Anna Shopping Complex adjacent to O.H.T.

### DEVELOPMENT CONTROL RULES:

These rules may be called “Development Control Rules” which form part of Master Plan prepared for Dindigul Local Planning Area under section 17 of Town and Country Planning Act 1971 (Tamil Nadu Act 34 of 1972). These rules are to be made for the regulation of various Land uses which are grouped use zone wise (Vide G.O. 1730 R.D. & L.A, dated 24.7.1974). For this purpose of regulation of uses, the areas in the proposed land use plan has been divided into a number of use-zones. Such Zoning regulation would, by this very nature, promote orderly development on the best interest of the urban community. Each use zone has its special regulations because a single set of regulation cannot be applied to the entire town, as the different use zones vary in their character and function.

### CODE FOR USE ZONES:

The various uses are grouped in the following codes in addition to the colour notations.

(I)	RESIDENTIAL USE ZONE		Colour Reference
	(a) Primary Residential Use Zone	-	YELLOW
	(b) Mixed Residential Use Zone	-	YELLOW
(II)	COMMERCIAL USE ZONE	-	DARK BLUE
(III)	INDUSTRIAL USE ZONE		
	(a) Controlled Industrial Use Zone	-	VIOLET
	(b) General Industrial Use Zone	-	VIOLET
	(c) Special Industrial and Hazardous Use Zone	-	VIOLET
(IV)	EDUCATIONAL USE ZONE	-	ORANGE
(V)	PUBLIC AND SEMIPUBLIC USE ZONE	-	RED
(VI)	AGRICULTURE USE ZONE	-	GREEN

Permissible Uses in Use Zone:

The uses permitted in different use zones are given in the following Table:

(1) Residential Use Zones:

(a) Primary Residential Use Zone –

Uses permitted –

- 1). All residential buildings including single and Multi – family dwellings, and apartment dwelling and tenements together with appurtenances pertaining thereto;
- 2). Professional consulting offices of the residents and other incidental uses therefore:
- 3). Petty shops dealing with daily essentials including retail Provisions, soft drinks, cigarettes, newspapers, milk-kiosks, cycle repair shops and single person tailoring shops;
- 4). Hair dressing saloons and Beauty parloures;
- 5). Nursery and Primary Schools;
- 6). Taxi and Auto – Rickshaw stands; and
- 7). Park and Play fields.

(b) Mixed Residential Use zone –

Uses permitted -

- 1). All uses permitted under Use zone (a) i.e. Primary Residential use zones;
- 2). Hostels and single person apartments;
- 3). Community Halls, Kalyana Mandapams, Religious Buildings, Welfare Centres and Gymnasia;
- 4). Recreation Clubs, Libraries and Reading Rooms;
- 5). Clinics, Dispensaries and Nursing Homes;
- 6). Government, Municipal and other Institutional sub-offices;
- 7). Police Stations, Post & Telegraph Offices, Fire Station and Electric sub-stations.

- 8). Banks and Safe Deposit Vaults;
- 9). Educational Institutions excluding Colleges;
- 10). Without residential accommodation, eating and Restaurants, Residential Hotel and catering houses and Lodging houses for less than twenty occupants.
- 11). Petrol filling and service station; L.P. Gas storing and distribution.
- 12). Departmental stores or Stores or shops for the conduct of retail Business;
- 13). Vegetable, Fruit, Flower, Fish, Eggs and Meat shops.
- 14). Bakeries and Confectionaries;
- 15). Laundry, Tailoring and Gold Smith Shops and
- 16). Cottage Industries permissible in residential areas under G.O.Ms.No. 566 dated 13.3.1962.

(II) Commercial Use Zone :

Uses permitted –

- 1). All uses permitted in use zones I(a) and I(b) i.e. Residential use zones.
- 2). All Commercial and Business uses including all Shops, Stores, market and uses, connected with the display of merchandise, either whole-sale or retail trade excluding explosives, obnoxious products and other materials likely to cause health hazards;
- 3). Business offices and other commercial and financial institutions;
- 4). Cold Storage, Ware-houses, Repositories and other uses connected with storage or whole-sale trade, but excluding storage of explosives or products which are either obnoxious or likely to cause health hazards;
- 5). Cinemas, theatres and other commercial entertainment centres;

- 6). Research, experimental and Testing Laboratories not involving Danger of fire, explosion or health hazards;
- 7). Transportation terminals including Bus stands, Railway station and organized parking lots;
- 8). Automobile repair shops and garages;
- 9). Small industries, using electric motors not exceeding 50 HP and /or employing no more than 25 workers, which are not noxious or offensive due to odour, dust, smoke gas, noise or vibration or otherwise dangerous to public health and safety; and
- 10). Installation of electric motors not exceeding 50 HP for use incidental to the commercial activities permissible in the Zone.
- 11). Restaurants without boarding and lodging houses, Star Hotels and Non-Stars Hotels.

(III) Industrial Use Zone:

- (a). Controlled Industrial Use zone;
- (b). General Industrial & Hazardous Use zones;
- (c). Special Industrial Use Zone;

III(a). Controlled Industrial Use Zone;

Uses permitted-

- 1). All commercial uses listed under use zone I(a), I(b) and II (i.e) Residential and Commercial use zones;
- 2). Industries using electronic power not exceeding 130 HP. (LT maximum Load) but excluding industries of obnoxious and hazardous nature by reason of odour, liquid effluent, dust, smoke, gas, vibration etc., or otherwise likely to cause danger or nuisance to public health or amenity;

Provided that these industries may use steam, oil or gas power during periods of power shortage or failure;

3).Hotels, Restaurants and dispensaries and clinics; and Recreation and worship and dispensaries and clinics; and

4).Residential buildings for care-takers, watchman and other essential staff required to be maintained in the premises.

III(b) General Industrial use zone:

Uses permitted-

1). All commercial uses listed under use zones I(a), I(b) and II (i.e) Residential and commercial use zones;

2). All industries without restrictions on the horse power installed or type of motive power used excluding these of obnoxious hazardous nature by reason of odour, Liquid effluent, dust, smoke gas, vibration etc., otherwise likely to cause danger or nuisance to public health and amenity;

3). Hotels, Restaurants and Clubs, or places for social intercourse, recreation and worship for dispensaries and clinics; and

4). Residential buildings for care-takers, watchman and other essential staff required to be maintained in the premises.

III(c) Special Industrial and Hazardous Use Zone:

Uses permitted—

1). All commercial uses listed under use zones I and II (i.e) residential and commercial use zones;

2). All Industries permissible in the use zones III (a) and III (b) (i.e) the controlled and general industrial use zones;

- 3). All uses involving storage, handling, manufacture or processing of highly combustible or explosive materials or products which are liable to burn with extreme rapidity and / or which may produce
- 4). All uses involving storage, handling, manufacture or processing Which involve highly corrosive, toxic or noxious alkalies, acids or other liquids or chemicals producing flames, fumes and explosive, poisonous, irritant or corrosive gases;
- 5). All Uses involving storage, handling or processing of any material producing explosive mixtures of dust or which result in the division of matter into five particles subject to a spontaneous ignition;
- 6). Processing or manufacturing anything from which offensive Unwholesome smells arise,
- 7). Melting or processing tallow or sulphur;
- 8). Storing, handling or processing of manure, offal, blood, bones, Rags, hides, fish, horns or skin;
- 9). Washing or drying wool or hair;
- 10). Making fish oil.
- 11). Making soap, boiling or pressing oil burning bricks, tiles, pottery or lime;
- 12). Manufacturing or distilling stage and artificial;
- 13). Brewin beer, manufacturing by distillation attack or spirit Containing alcohol, whether denatured or
- 14) In general, any industrial process which is likely to be dangerous to human life or health or amenity and not permissible in the Use zones III(a) and III(b) (i.e) controlled industrial and the general industrial use zones.

15). Hotels, restaurants and clubs or places for social intercourse,

Recreation and worship or dispensaries and clinics; and

16). Residential buildings for caretakers, watchman and other essential staff required to be maintained in the premises.

(IV). Educational Use Zones:

Uses permitted-

- 1). Schools, colleges and other higher education and training Institutions and the uses connected therewith;
- 2). All uses permitted in use zone I(a) i.e. Primary residential use zones;
- 3). Hostels and single person apartments;
- 4). Recreation clubs, Libraries and Reading rooms and
- 5). Restaurants.

(V). Public and Semi Public Use Zone :

Uses permitted-

- 1). Government and Quasi – Government offices;
- 2). Art Galleries, Museums, Acquaris and Public Libraries;
- 3). Hospitals, Sanitoria and other medical and public health institutions.
- 4). Harbour, Airport and Flying club, Bus terminals, Railway station;
- 5). Organised parking lots and Bus and Taxi stands;
- 6). Parks, Play-fields, Swimming Pools, Stadia, Zoological Gardens, Exhibition grounds and other Public and Semi-public open spaces; and
- 7). All uses permitted in the use zones I(a) and I(b) (i.e) the residential use zones.

(VI) Agricultural Use Zone:

Uses permitted –

- 1). All agricultural uses;
- 2). Farm houses and buildings for agricultural activities.
- 3). Rural settlements with allied uses;
- 4). Public and Private parks, Play-fields, Gardens, Caravan and Camping sites and other recreational uses;
- 5). Dairy and Cattle farms;
- 6). Piggeries and Polultry farms;
- 7). Water tanks and Reservoirs;
- 8). Sewage farm and garbage dumps;
- 9). Airports and Broadcasting Installations;
- 10). Forestry;
- 11). Cemeteries, Cremateries and Burning and burial grounds.
- 12). Storing and Drying of Fertilizers;
- 13). Fish curing;
- 14). Salt manufacturing;
- 15). Brick, Tile or Pottery manufacture;
- 16). Stone crushing and quarrying; and
- 17). Sand, Clay and Gravel quarrying.

**HOUSING AND URBAN DEVELOPMENT (UD. IV.2)  
DEPARTMENT**

G.O.Ms. No. 122

Dated : 16.4.1998.

Read :-

1. G.O.MS. No. 1014, Housing and Urban Development Department, dated 3.12.84.
2. From the Director of Town and Country Planning, Letter Roc. No. 21498/95/ MP2, dated 4.4.96 and 9.12.96.

**ORDER:**

1. In the Government Order first and read above the Government accorded approval under section 28 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972), to the Master Plan for the Dindigul Local Planning Area and the same was published in the Tamil Nadu Government Gazette dated the 19<sup>th</sup> January 1985. As per the provision contained in clause (b) of sub-section (2) of section 32 of the said Act, Once in every five year after the date on which the Master Plan for an area comes into operation, the Local Planning Authority may, and if so directed by the Government shall, after carrying out such fresh surveys as may be considered necessary and in consultation with the regional planning authority and the local authority concerned, review the Master Plan and make such modifications in such plan wherever necessary and submit the modified Master Plan for the approval of the Government.

2. In his letter second read above, the Director of Town and Country Planning has reported that the Dindigul Local Planning Authority has reviewed the existing Master Plan for Dindigul Local Planning Area and prepared a modified Master Plan for the Dindigul Local Planning Area under clause (b) of sub-section (2) of section 32

of the said Act in consultation with the Regional Deputy Director of Town and Country Planning, Madurai Region and various Government Organizations and private Association. The Director of Town and Country Planning has requested the Government to accord consent to the draft modified Master Plan of the Dindigul Local Planning Area.

3. Under sub-section (2) of section 24 of the Tamil Nadu Town and Country Planning Act, 1971 (Tamil Nadu Act 35 of 1972), the Governor of Tamil Nadu hereby gives his consent to the Dindigul Local Planning Authority to the publication, of a notice under section 26 of the said Act, for the preparation of the modified Master Plan for the Dindigul Local Planning Area.

4. The draft modified Master Plan for the Dindigul Local Planning Area as consented to by the Government under sub - section (2) of section 24 of the said Act is returned to the Director of Town and Country Planning and its receipt may be acknowledged. The Director of Town and Country Planning is requested to ensure that the various requirements specified in the said Act and in the Master Plan (Preparation, Publication and Sanction) Rules are strictly adhered to by the Dindigul Local Planning Authority before the modified Master Plan is resubmitted to the Government for their approval under section 28 of the said Act.
